

THE LEAVENWORTH ECHO

IN THE WENATCHEE VALLEY—HOME OF THE BIG RED APPLE—WHERE DOLLARS GROW ON TREES

VOLUME 21—NO. 25.

LEAVENWORTH, CHELAN COUNTY, WASHINGTON, FRIDAY, JUNE 9, 1922.

\$2.50 PER YEAR

CAMPERS MUST HAVE FIRE PERMIT

The annual forest fire menace is upon us once more. During the summer of 1921 it is believed that much good was accomplished by requiring all campers to camp at certain designated camp grounds or else secure a state camp fire permit. This worked something of a hardship on the camping public, but generally the people saw the wisdom of the new law and cheerfully complied with it.

During the coming season the same general plan will be followed but in a somewhat modified form. More districts will be closed to camping except at certain designated camp grounds, but it is expected that more camp grounds will be prepared and designated. While it is realized that many people like to seek a more secluded place to camp it is believed that in the public interest they will be willing to forego some of their own pleasure.

Further, the State camp fire permits will not be issued this year by Federal forest officers, but they will issue the Federal permits instead. These, however, are applicable only to Government land within the National forests. State permits may still be secured under certain conditions from County Fire Warden A. E. Schaller for private or state lands within or without the National Forests. The state and federal forest services will however, work in close cooperation in the preparation and designation of camp grounds, and in the handling of the various phases of the fire problem.

To let you into a secret, the new state law which made necessary camp fire permits inadvertently leaves a loophole for the escape from punishment of one who should leave his campfire burning if he has secured a permit. The Forest Service wishes to be entirely free to prosecute in case a fire is left. For this reason its officers will issue federal permits only.

Campfires along the Entiat Valley from Silver Creek down will be restricted to the designated camps. Above Silver Creek Federal permits will be necessary.

In the Chiwawa Valley camp fires will be restricted to the following camps until additional ones can be prepared: Alder Creek, Chickamin Creek, Rock Creek, Maple Creek and Buck Creek Pass. No permits will be issued for this district unless the permittee knows exactly where he is going and the officer knows that the place is safe.

In the Icicle Valley Federal permits will be necessary. If possible camps will be established here also.

At the Ingalls Creek camp grounds fires may be built without permit, but elsewhere along the Blewett Pass Road Federal permits will be necessary until additional grounds can be provided. The Ingalls Creek Valley above the bridge will be closed to camp fires.

A camp ground will be established at the foot of Lake Wenatchee. Nearly all the rest of the land in that vicinity and along Nason Creek from its mouth to one mile above Merritt is privately owned. The owners generally object to camping.

State officers will not issue camp fire permits on private lands without the consent of the owners, nor may the owners allow camp fires on his land unless the camper has a permit, or unless by agreement with the state Forester the area where the camping is to be has been designated as a camp ground. An owner himself would have no legal right to build a camp fire on his own land near forest material without a permit except on a designated area.

Present indications point to an extremely dangerous season ahead of us.

"Let those care now who never cared before,
And those who've always cared,
Now care the more."
A. H. SYLVESTER,
Forest Supervisor.

MILES-LYTS.

The marriage of Walter Lyts to Miss Susan Miles daughter of Mr. and Mrs. Green Miles of Leavenworth, was solemnized by Judge John E. Porter at Wenatchee on Monday, June 5. Edward and Joseph Miles, brothers of the bride, were witnesses to the ceremony.

The 3% Victory Liberty Loan notes have been called and interest ceases on June 15. If you have any of this issue, turn them in

BARKEE-MERCER.

A very pretty wedding was solemnized at the F. L. Barkee ranch home Wednesday morning, June 7, at 11 o'clock, when Miss Genevieve Barkee became the bride of Leslie Mercer. Rev. Edwin Burling, army chaplain at Fort Lawton, Wash., an old friend of the Barkee family, read the service.

The bridal couple unattended were preceded by little Marguerite Hylton, who carried the ring in an Ophelia rosebud. The vows were taken in a nook of the living-room, which had been prettily arranged with a lattice work of pink and white, wild roses and greens forming the background. Pink and white was the color scheme throughout. Mrs. Geo. Hylton played the wedding march and also sang "I Love You Truly" and "Because," accompanied by Mrs. Barkee, mother of the bride. Rev. Hoskins offered prayer at the close of the nuptial service, after which the happy couple were showered with congratulations and best wishes.

The bride was beautifully gowned in white georgette trimmed in loops of peot ribbon and carried a bouquet of bridal-wreath and fern. The groom wore the usual black.

The wedding dinner was served at a table tastily arranged, at which were seated the bride and groom, the immediate family, near relatives and Rev. and Mrs. Hoskins. Pink and white streamers were entwined over the table, terminating in bows at each corner. The centerpiece was a large bowl of roses and place-cards were in wild rose design. A pink candlestick in crystal holder ornamented each table corner. The dinner was in two courses, Mrs. W. G. Schannach and Miss Mary Elizabeth Conrad assisting in serving. Other guests were served buffet style.

Those present at the wedding were Mr. and Mrs. G. R. VanValkenburgh, son and daughter, Two Harbors, Minn.; Mr. and Mrs. I. A. VanValkenburgh, Mr. and Mrs. Merton Mercer and Mr. and Mrs. B. F. Yancey, Wenatchee; Chaplain and Mrs. Edwin Burling, Fort Lawton, Wash.; Mr. and Mrs. Geo. Hylton and daughter Marguerite, Mr. and Mrs. E. L. Barkee, Rev. and Mrs. Hoskins, Mrs. W. G. Schannach, Miss Mary Elizabeth Conrad.

Bride and groom are both well known to Leavenworth people, the former, the only daughter of Mr. and Mrs. Barkee having been for several years a teacher in the local public schools. Active also in church and Sunday school work, she has earned the highest respect and esteem of all who have made her acquaintance. The groom, an industrious young orchardist, has rented the Barkee ranch on Chumstick, where the newlyweds will reside.

They left by auto for Blaine, Wash., where they will spend a few days' honeymoon with Mr. Mercer's sister. Returning, they will be at home to their numerous friends after July 15.

BARR-WOLDENBERG.

The marriage of Harold Woldenberg to Miss Winifred Barr, which was solemnized by The Rev. P. Gross, pastor of the Lutheran church at Wenatchee last Saturday evening at 8 o'clock, was a great surprise to their many friends in this city, most of them having no inkling of their approaching nuptials. However, congratulations are showered upon them from all sides. Mr. Woldenberg is strictly a Leavenworth man, this having been the home of his family for a long term of years. He is an electrician, employed by the Great Northern Railway Co. at the big power plant in the canyon above the city. The bride has been supervisor of music in our schools the past two years. Her parental home is at Bowling Green, Ohio.

K. P. SEMI-ANNUAL ELECTION.

The semiannual election of the K. P. Lodge was held June 1 and the following chosen to hold office the last half of the year:
Chancellor Commander—G. W. Wicklander.
Vice Chancellor—Herman Howe.
Prelate—Scott Williams.
Master of Works—W. E. Hansen.
Master at Arms—Elmer Johnson.
Inner Guard—H. A. Gartner.
Outer Guard—J. G. Corbett.

The installation will take place at the first meeting in July.

FOOD SALE.

Come and get your picnic eats at the Catholic Ladies' food sale at the Co-Operative store Saturday afternoon at 1 o'clock.

BLEWETT ROAD SIGN ERECTED

World: Secretary V. H. Clearman of the Wenatchee Commercial Club, took a trip over Blewett Pass Sunday to look at the new sign just erected along the Snoqualmie Pass or Central Highway just west of the junction with the Blewett Pass route. This is a big sign 8 feet high and 120 feet long giving directions and distances to all the principal points on the Blewett Pass Road. This was put up by the National Parks Highway Association, and is to be paid for by subscriptions taken up along the Sunset Highway.

The old sign at the junction will be repainted and made to look like new. Mr. Clearman heard from many drivers that the people of Ellensburg persist in telling every one who inquires, that Blewett Pass is closed for the season, despite the official announcement of the U. S. Forest service that the contract for work to be done this season provides that the road is to be kept open at all times.

ADVERTISED LETTERS FOR JUNE 6, 1922.

Walker, Mrs. F. A.
Wilson, Kenneth.
When calling for above letters, please mention advertising.
GUY A. HAMILTON, P. M.

COMMERCIAL CLUB LUNCHEON.

Owing to the hot weather it was voted to discontinue the Friday luncheons until September first at the meeting last week. The luncheons have proven popular with the men of the club and when resumed again will no doubt draw the full membership. The women have enough work during the hot weather without the extra effort required in getting up the luncheons and it was more out of consideration for them than for any other reason that the decision was made.

Those serving Friday were Mrs. A. J. O'Leary, Mrs. S. C. Taylor, Mrs. W. A. Tegetmeier, Mrs. J. R. Roth, Mrs. R. J. Smith and Mrs. Ray Overhulse, with Mrs. Elmer as cashier.

On motion it was decided that the secretary attend the state convention and school of commercial club secretaries to be held at Pullman Oct. 5th, 6th and 7th.

SIGNAL MEN IN ACCIDENT.

Cashmere Record: Charles Sargent and Clyde Snyder, local signal men on the railroad, narrowly escaped serious injury last Monday morning when the speeder on which they were riding jumped the track near the United Orchards Co., west of town. It is thought that a timber from a cattle guard had become loosened and had fallen across the rails in such a way as to throw the speeder from them. The machine was only going at a speed of 20 miles per hour, but the force was sufficient to throw the boys quite a distance, bruising and cutting them on the ties and rails.

They were immediately brought to town by Park Long, who was working in the nearby orchard. Mr. Sargent suffered several minor cuts and bruises besides a very bad gash just below the left knee, while Mr. Snyder received a bad cut on the top of his head.

G. N. LBR. CO. WRITTEN UP IN TIMBERMAN

The May issue of the Timberman contained the following writup of the G. N. Lumber Co. at Leavenworth:

Great Northern Lumber Co., Leavenworth, started the season's operations March 22. Daily average cut for April 107,000 feet, with two single bands. About 80 per cent of the cut is pine, balance fir. W. J. Fields, sales manager, says outlook for business is good. Mill will cut about 20,000,000 feet this season. General Manager O. F. Gardner; C. R. Carson, auditor, is from Pittsburgh. The company is establishing two new logging camps on the logging road, and a third camp on the Wenatchee River. The caterpillars were successfully operated in four feet of snow this winter, hauling 2 1/2 miles. The box factory has four cut-offs and it is planned to cut about 1,600,000 boxes this season. A circular or single hand resaw will be installed and a cranston wire binder. The company is resawing some of its first stock and shipping it to Chicago for sash crating.

R. A. Holmes, who is in charge of the kilns, took the Forestry Laboratory course in drying lumber at Gibbs. The class scored an average of 90 per cent, while Mr. Holmes had a batting average of 98 per cent. Brick standard kilns are employed. Operating staff of the mill: Superintendent, Pete Lucier; dry kilns, R. A. Holmes; shipping, A. E. Heitman; yard foreman, W. L. West; filer, Albert Anderson; sawmill engineer, Dan Kietch; sawyers, L. DeRosia, Emery Ford; trimmer, Jeff Ross; edgerman, J. Nelson, Mr. Horseman; master mechanic, H. D. Richey; planing mill engineer George Zachow; planing mill and box factory, J. E. Wunder; logging superintendent, Z. B. Hoyt.

CHELAN FALLS POWER CO. OUT OF RECEIVER'S HANDS.

The management and control of the Chelan Falls Power Co., has now been restored to its stockholders and N. W. Brockett, who was appointed as receiver about one year ago, has been discharged, according to an announcement made to the Daily World by President George D. Brown. Mr. Brown is again in complete control of the company's property.

The Chelan Falls Power Company's plant was installed in 1918 and 1919. It was designated to generate, 1,000 horse power by taking water from the Chelan River near its mouth. A series of misfortunes and accidents prevented the plant from delivering the power for which it was designed, and this was one of the causes which led to the power shortage in 1919 and 1920.

Finally the state road building work almost wrecked the flume of the company and practically put it out of commission. This led to the appointment of a receiver, who has just now been discharged. The state has settled the damage suits commenced by the company and the damage to the flume has been completely repaired. The plant is now delivering between 700 and 750 kilowatts to the Washington Coast Utilities, which is practically 1,000 horsepower or the total capacity.

"We have made some improvements to the plant," said President Brown at the Elman Hotel Saturday, "including a new spillway which enables us to keep the proper amount of water running over our wheels. We have the plant in first class running order, having cleared up all our difficulties. That this has been done is largely through the assistance of the officials of the Washington Coast Utilities.

"We have also completed the installation of the new pipe line for the Chelan Falls Irrigation District so that we believe we have the best irrigation water supply in the state, furnishing ample water for 400 acres of land about 325 of which is in bearing orchard owned by 16 different people. Present indications are that we will have a full crop of all varieties of apples. Our tunnel at the intake has not been finished, but this work can be done next winter and will not interfere with our water supply this season."

Mrs. J. B. Roberts recently returned from her old home in Nebraska, where she had been called by the death of her mother. Her father, F. M. Nelson, returned with her. They visited Wenatchee together yesterday, returning here on No. 39.

LEAVENWORTH TRIMS DRYDEN IN FANCY STYLE—SCORE 21-4.

Bill Walton's Leavenworth ball team took the bit in their teeth here last Sunday and ran away with Dryden, the league leaders, by a score of 21 to 4. Leavenworth gathered 17 hits off Kuelbs and Newsman, while the visitors were only able to collect 7 scattered hits.

It was a sad day for Pitcher Kuelbs. In fact the whole Dryden team was badly off color. Malloy fanned 17 batters.

Score by innings:
L'worth 3 0 0 3 5 2 4 4 0-21
Dryden 0 0 1 0 2 0 0 1 0-4

Summary: Struck out—by Kuelbs 2, by Newsman 0, by Malloy 17. Hit by pitcher—Kuelbs 2, Newsman 1. Walked—by Kuelbs 2, Malloy 1. Three-base hits—Briggs. Two-base hits—Lake. Umpire, Schmoker.

Malaga 10, Peshastin 7.

Malaga don't seem to care anything about being in second place in the League; at least that is the way the down valley boys acted last Sunday at Peshastin, when they downed Bill Towne's boys by a score of 10-7.

Peshastin had three stars from Cashmere in their line-up, but Pitcher Hill refused to let them shine. He let Pete Peterson the home-run king from Cashmere down with one hit out of 5 times up. Then to rub it in, Hill knocked out a homer for himself in the 3rd.

Peshastin played nice ball. Catcher Lee Young's wing was not in the usual form but Firstbaseman Day's batting eye was working wonders. He came away with 3 singles and a double out of 5 times up.

Score by innings:
Peshastin 0 0 2 0 0 0 1 4 0-7
Malaga 1 0 2 0 4 1 1 0 1-10

Where They Play Sunday:
Leavenworth at Dryden.
Peshastin at Malaga.

C. C. Barton, a foreman for Guthrie & Co., on the yard improvements at Wenatchee, was hit by a flying rock from a blast on Tuesday and his skull fractured. One eye was removed and it is said he may recover.

BLEWETT TO BE OPEN ALL SEASON

Word comes direct from the Forestry office at Portland that Blewett Pass will be kept open throughout the whole season of 1922.

A great amount of work is getting under way, but provision has been made with contractors or in the specifications that the road must be kept open for traffic at all times. The pass is now in better condition than ever before and the work which is to be done this year is mostly on low ground on each side of the mountains, as the road at the summit and well down each side is fully completed.

THE REPUBLICAN COUNTY CONVENTION.

The biennial county convention of the republican party was held at Wenatchee last Saturday and was attended by a large number of enthusiastic workers from all parts of the county. Among those present from this section were R. B. Field, B. C. Rutherford, Ray Simons, J. C. Davis and J. T. Lindley.

Fred Kemp, county chairman, made the principal address. He thought it a tribute to good citizenship when so many busy people would drop their work and gather at the county seat in the interest of their party and the government under which we live, and deplored the propensity of some people to belittle the caucus and the convention, calling attention to the benefits of these meetings and urging that they be continued and pledge anew our faith in the Grand Old Party and in its success. He felt pleased with the success of the party in this county during his two terms at the head of the organization and felicitated his co-workers on the amiable spirit and co-operation of his associates. Then called attention to the fact that another campaign is at hand and called upon all to play the game with harmony and loyalty.

The resolutions adopted endorse the Harding administration, congress, our national representatives, the state and county administrations; urge enactment of a state law providing heavy penalties for peddling narcotics and also urging the speedy enactment of the Smith-McNary bill into law so that irrigation may be pushed rapidly forward and recommending that the action of the convention be made known to both the president and congress.

Thirty delegates to the state convention to be held tomorrow at Chelan, were elected. They will have but fifteen votes, but it was desired to have a large number at the convention, presumably to imbibe freely at the fountain of enthusiasm when it is turned on with full force.

Those elected were:
From Wenatchee—Ed. S. Russell, J. E. Ferguson, J. A. Gellatly, Carl Christensen, Rufus Woods, Dr. H. A. Saunders, I. P. Ferrin, W. M. Anderson, F. O. French, C. E. Chase, Fred Kemp, O. W. Mintzer, Jr., C. S. Snodgrass, Miss Ila Green, I. A. Van Valkenburg, L. Finch.

Cashmere—A. H. Mohler, J. D. Corseilus, J. E. Sullivan, O. W. Mintzer, Sr.

Chelan—Geo. W. Beidler.
Monitor—R. H. Clark.
Leavenworth—Arthur J. O'Leary.
Rock Island—E. M. Gillett.
Lakeside—Stewart Johnson.
Entiat—T. H. Atkinson.
Sunnyslope—A. E. Monson.
Winesap—C. C. Cole, J. W. Chatfield.

NOTICE TO CONTRACTORS.

The Directors of School District No. 22, Chelan County, Washington, have extended the time for receiving bids on installation of water piping. Specifications can be obtained from W. W. Durham, architect. Bids should be addressed to the architect or clerk of the board and should be in their hands or in the Leavenworth Post Office not later than 12 noon June 14.

S. E. CROMWELL,
Clerk.

METHODIST CHURCH SERVICES.

Sunday School, 9:45.
Epworth League, 6:45. Topic, "The Christian Adventure."
Preaching services, 11 a. m., and 8 p. m.
Rev. Roper of Vancouver, B. C., will have charge of both services.
WM. HOSKINS, Pastor.
