The JOURNAL's ads are worth reading. W. G. Offut was a business visitor at Lind last Saturday.

W. C. Reeder spent Sunday with his family in Spokane.

Mrs. Ed. Klinke spent a few days with friends in Spokane. She returned last Tuesday on No. 15.

Henry S. Griffith, of Griffith corners, was in the city Monday on business with our merchants.

Miss Marion Smith, of Lind, was a Sunday visitor at the home of her aunt, Mrs. J. M. Bennington.

Recent showers have brightened up the fall sown grain and it is looking fine in most localities.

E. T. Copp, Asst. Cashier of the Bank of Lind, spent Sunday with his mother in this city.

David Teagarden, of Chas. Labes & Co., merchants of Lind, was an over-Sunday visitor with friends in this city.

H. A. Phillips, a rancher of the Fairview country south of Lind, was a business visitor to our city last Friday.

J. H. Chandler, janitor for the High School, was in Sprague on Tuesday on business connected with the sale of some property he owns there.

For Sale—A good standing desk (bookkeepers) in good condition, at Eller's Second Hand Store.

R. Q. Teague, formerly a big rancher in the Lind country but now a Spokane suburbanite, visited with W. F. Newland last Sunday.

J. C. Linn, of the Summers Transfer Co., is confined to his home for a few days the result of stepping on a rusty nail.

Among our former Ritzville citizens who are spending the winter in California are W. A. Lee, at Berkeley, and Mr. and Mrs. A. L. Manwell at Long Beach.

Rev. Mr. Taylor, of the Hooper neighborhood, preached both morning and evening at the Christian Church. He is a preacher of the old school and a most interesting talker.

Mrs. Carrie Hurd, of Lind, is spending a couple of weeks in the city, the guest of her sister, Mrs. J. M. Bennington.

Andrew S. Newland and wife are visiting at the old home near St. Louis, Mo. They expect to make quite an extended visit.

Fred Aehziger is home from an all-summer's labor on his brother's ranch west of Lind. He is not in very good health.

O. H. Cochran and wife, of Spokane, visited over Sunday with Mrs. Cochran's parents, Prof. and Mrs. J. H. Perkins. They went from here to the Garden city.

A. H. Smith, for the past three years local manager for the St. Paul & Tacoma Lumber Co., has resigned and has been succeeded by a Mr. Gamble, of North Yakima.

A. C. Leabo, janitor at the Court House, has gone to Salem, Ore., where he owns land that requires his attention. He expects to be absent about two weeks.

Lewis Buckman, formerly with the Gilbert Hunt people, will spend the coming winter near Minneapolis, Minn. When Spring comes he will better appreciate the Washington winters.

A. J. Dawson, of this place, has invented an oil burner that has successfully withstood a severe trial test and he will now secure letters patent covering it. With fuel at prevailing prices anything that will burn oil ought to be popular.

Miss Lenna Wenderoth of Seattle, is visiting with her father, Mr. Chas. Wenderoth, with the S. S. Frantz Jly Co., of this city. This is her first visit to our burg, and she is very much in love with it. She will return home in about a week or ten days.

Read the big advertisement of "Plantations", a Spokane suburb, in this issue. Any of our readers who are looking for an irrigated tract on which to make a permanent home would do well, we think, to investigate this property. Sparks Bros., No. 14 Bernard Street, Spokane, are the agents.

L. E. Paskill, for eight years agent for the Northern Pacific at Ritzville, but now Commercial agent for the Wisconsin Central with headquarters at Spokane, was in the city Saturday shaking hands with friends.

At the regular meeting of the board of directors of the German-American State Bank, of this city, held on Tuesday, November 5th, it was decided to pay up and increase the capital of the bank to \$100,000 fully paid. This makes the bank have the largest paid up capital stock in Adams County. This speaks for the prosperity of Adams County.

On Wednesday evening at the home of Mrs. F. H. Stuart on College Hill, the Misses Mary Carscallen and Louise Buchanan entertained a party of young friends in honor of Mr. John A. Douglas of Cedro-Wooley. Among those present were: Misses McKinstry, Mary Spangler, Mary MacChesney, Lucile McIntyre, Norine Maxwell; Rose Stillman, Myrtle Edwards, Elma Newman, and the Misses Esther and Emma Newland; Messrs Otto Naef, John Truax, Vernon Pierce, Prof. Nanta, Henry Rosenoff, L. D. Emerson, R. C. Halcomb, W. F. Carper, O. DeSpain.

The financial condition in Ritzville and surrounding towns remains about the same as last week. Banks are, so far as we now, taking care of the public in a manner that is satisfactory to all business men, as a rule. It has necessitated a good deal of explanation to those patrons of foreign birth who do not understand the ways and very little of the language of the country. The local wheat market has been closed up simply because the coast market is also closed. While wheat has not been materially lowered in price the dealers are simply not buying for the reason that they have been unable to realize on shipments already made and, therefore, have no funds with which to pay for wheat if they were in the market for it.

STRAYED—To my place, 2 miles southeast of Paha, one bay mare, white on all four feet, white face and branded on right shoulder, weighs about 1,000 pounds. While this locality has been visited with a few nice showers within the past ten days, the weather is now all that could be desired and, notwithstanding the depressed financial situation and the congested condition of the wheat market, the roads are good and wheat hauling still progresses about as usual. Everywhere there is a feeling of confidence that the adverse conditions are but temporary and this very feeling will have much to do with bringing about a speedy return of normal conditions.

The directors of First National Bank declared their usual dividends this week and passed \$10,000.00 surplus account. The past year has been the most prosperous of any in the history of this institution. They report their deposits today as having reached the half million mark, which is a great change from a few years ago. Ritzville is certainly to be congratulated on the strength and good management of its banking institutions of which the First National is the oldest, largest and the most broadly extended and is entitled to much praise.

White vs Chinese Laundry.

Now that the Ritzville Steam Laundry has changed hands and again opened for business there is no reason why any of our citizens—and this means you—should longer patronize a Chinese Laundry. In the first place, the manager, Mr. Swanson, is a first class Laundryman, having been for a number of years foreman of the Hotel Spokane Laundry, and thoroughly understands his business. In the second place, he has established here a business that has a good monthly pay-roll all of which falls to white employees who reside here and who will spend their money here. In the third place, patrons of the Ritzville Steam Laundry need have no fear of contracting any disease brought here from the Orient because no oriental help is employed in or around this Laundry. That these pests have been scattered over the land from Chinese Laundries is a fact that no well informed person will dispute; can you afford to take the chances when you don't have to? Further than this, it is everyone's duty to, so far as practicable, patronize home industry. All money spent with us will, sooner or later, come back to you in one form or another, while the money spent at a Chinese laundry eventually but surely finds its way to China where we see it no more. Which will you patronize? Our 'phone number is 156. Give us a trial. We try to please.
