The Victoria *Colonist* says British Columbia will be largely represented at the Centennial.

The yarn about the Pierce county spooks, published in the different papers around the Sound, turns out to have been a sell.

It is estimated that there will be six hundred thousand pounds of hops raised in the Puyallup valley the coming summer.

Fifty tons of potatoes will constitute part of the cargo of the *Dakota* on her next trip to California, shipped from White river.—*Olympian*.

It is rumored and generally believed that Mr. Sam. Coulter, the large cattle dealer of Olympia, intends moving his business to Seattle.

The bark *Forest Queen* arrived at Port Townsend from San Francisco, the early part of last week, beating the *Dashing Wave*, which left at the same time. These two ships are rivals as to sailing qualities.

A special term of the third District Court was held at Snohomish City, beginning on the 21st ulto. The grand jury recommended the purchase of a safe, for the valuable papers of the county also that a county jail should be built.

Olympia Notes.

Geo. A. Barnes has been appointed by Gov. Struve to be a Regent of the Territorial University.

A company has been organized to gather and ship fresh oysters from Oyster Bay, a few miles below this place.

Governor Struve has appointed Hon. Elwood Evans to be the Centennial Orator for Washington Territory, at Philadelphia.

A large flock of quails was seen in the vicinity of the Capitol, yesterday. These birds were let loose last year, and, it seems, are doing well. Hunters should be careful and not molest them.

Col. Wheat, Territorial Auditor, left for San Francisco, yesterday, intending to be absent about two weeks. J. T. Brown, Esq., will attend to the duties of the office during his absence.—*Daily Olympian*.

Mrs. Struve is expected to arrive on board the *Dakota*, from San Francisco, which will arrive here this evening, or to-morrow, if nothing prevents her from making the through trip.—*Echo*, 30th ulto.

The *Echo* has a new devil. He was reared east of the mountains; is long-winded, handsome and saucy. He has been in active training for the past few days to assume the striking duties of the fighting editor.—*Echo*.

Progress on the West side road has been so marked that the Indian houses which stand in the way of the work will have to be removed. Little shanties which have been in

service there by Siwashes, and which have been dirty landmarks on the west shore of the bay for past years, now tumble down before the direct results of our last special tax.—*Echo*.

The O. S. N. Co's steamer *Yakima*, which was sunk upon the Upper Columbia some time since, was launched on the 23d ulto. Mr. Holland, the superintending shipwright, assures the Company that the *Yakima* is stancher than ever, and it is to be hoped that she will be exempted from further accident.

Gleanings.

The *Danbury News* says: "The revival feeling is spreading, but it hasn't yet got down deep enough to affect arrearages on country newspaper books."

A Salem, Massachusetts, man has canceled \$30,000 worth of notes and mortgages against several persons whose means are small, because the times are so hard.

If the various Road Supervisors would order receipts printed and nicely bound at this office, it would look more like business than writing road tax receipts on the fly leaf of the Family Bible, or on some greasy old leaf of an old memorandum book.—*East Oregonian*.

A Daily Christian Advocate is to be published in Baltimore during the sitting of the M. E. General Conference. It will be of great interest to the members of that denomination, as well as all others interested in ecclesiastical matters. The price for the paper during the session is \$1 25.

A child who had been educated on the moral suasion plan refused to get out of bed and be washed one cold morning. Her aunt argued the matter with her, but she finally succumbed, when the infant logician said: "Aunt Mary, you do as you like, and let me do as I like. You like to be clean and cold; I like to be warm and dirty.—*Olympian*.

Red Cloud says: "Many moons have gone since the pale-face promised food and blankets to the red men. The prairie rose has bloomed and faded, the snow has whitened the lofty pine tops, the violet almost buds again, and still the white men tell us to hunt the infrequent buffalo or arouse from his lair the vicious chipmunk. Brothers, the red man has suffered much, and I'll be hanged if it aint time to raise a few scapls."

DR. SPINNEY & CO'S
DISPENSARY,
NO. 11 Kearney St. San Francisco
DR. SPINNEY, well-known as founder of the Montreal (C. E.) Medical Institute and late Proprietor of the SPINNEYVILLE INFIRMARY, would most respectfully inform his patients and the afflicted generally that he still continues to treat chronic and private disease with unparalleled success.
LADIES AND GENTLEMEN,
Remember that prostration is the chief of tims, so
COME AND BE HEALED!
It matters not what your troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.
YOUNG MEN!
Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who may read this notice, that you are treading on dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grief death hurries you to a premature grave.
MIDDLE-AGED MEN!
There are many of the age of thirty to sixty who are troubled with a too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital-urinary organs.
All letters, or communications, strictly confidential. No declines, packed so as not to excite curiosity, sent by Express, if full description of case is given.
Office Hours—10 to 4 and 7 to 8, Sundays excepted. Consultation free.
