

KAUFMAN BROTHERS

Having purchased the entire stock of N. G. Kaufman at an unusually low figure we will inaugurate

Our First Introductory Sale

On Next Wednesday at 10:00 A. M.

IN TONIGHT'S ISSUE we are only able to state in a few words what tempting inducements will prevail then. Suffice it is to say that the entire force is now busily engaged in marking down the entire stock prior to the sale on Wednesday.

Store Closed Today and Tomorrow

WHEN WE OPEN our doors on next Wednesday at 10 A. M. every article will have been marked down to such a figure as will cause you to wonder and pause, for we intend to sell out the entire stock prior to our removal into the new Kaufman Block, which we expect will occur in a very short time.

New Millinery Department

In a very few days we propose to open a millinery department which will be stocked with the seasons latest and daintiest headgear. The Real "Gage" Tailored and Dress Hats will be much in evidence, in fact everything new and up-to-date will be represented.

Store Opens Next Wednesday

One Price to All
THIS STORE will have one price to all. Rich or poor will be treated alike. If it is part cotton we will not call it "all wool" If it does not fit you we will tell you so, even if we loose the sale through it. No matter what you buy here it must be right and your money will be cheerfully refunded if you desire it.

Store Opens Next Wednesday

Will Close at Six O'clock

Daily, except Saturday, we expect to close our store at six o'clock. We hope the public will mark its stamp of approval upon this new policy of ours by helping us to carry it out to the letter.

Let us become better acquainted with you and prove that we mean just what we say.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by All Drug-gists.

Brights Disease and Diabetes

We desire to place in the hands of those afflicted with Brights Disease and Diabetes a 36-page pamphlet that is saving human lives. It is not an ordinary pamphlet, such as is commonly used to advertise medicines, but is principally made up of reports of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these hitherto incurable diseases. The specifics employed in these tests are known as the Fulton Compounds and the results obtained prove conclusively that these dreaded diseases so long fatal (the deaths from Brights Disease alone are appalling, over 100,000 a year, starting as kidney troubles) have at last yielded to medical science. The pamphlet is free. Write to John J. Fulton Co., 409 Washington street, San Francisco, Cal. When to suspect Brights Disease—Puffy ankles or hands; weakness without apparent cause; kidney trouble after third month; frequent urination, may show sediment or cloudy on standing; failing vision; day drowsiness—two or more of these.
