LARGEST ELECTRIC ROAD.

A Contract Closed for a Line from Spokane to Moscow, Wash.
A contract has just been closed for the construction and equipment of the Spokane & Inland Railway, extending from Spokane to Moscow, Wash., a distance of 146 miles.

The organization is controlled by a number of Spokane capitalists, of whom J. P. Graves is the president, says the New York Times. The system for electrifying the line is Westinghouse single phase alternating current system, the same as the New York, New Haven & Hartford Railroad is going to adopt as part of its system, and for which purpose it recently contracted with the Westinghouse Company for twenty-five locomotives.

Power for operating the road will be obtained from the Washington Water Power Company, which has harnessed the waters of the Spokane River, and the electric current will be transmitted at a pressure of 4,000 volts to the power station of the railroad company. From this station electric current will be transmitted along the line of the track at the enormous pressure of 50,000 volts to fifteen transformer substations located along the line. In these stations the current will be reduced for the operation of the motors on the cars.

The road will be equipped for passenger, freight, mail and express service. Each passenger car will be provided with four 100-horse-power motors, capable of maintaining a schedule speed of thirty-five to forty miles an hour. In the freight service four 150-horse-power motors will be used on each car.

For the heavy freight service double locomotives, weighing approximately seventy to eighty tons, will be used, each consisting of two parts and each part a complete thirty-five to forty ton locomotive. Two or more of these locomotives may be coupled together and operated from the front cab as a single unit.

The motor cars and locomotives will all be operated by the Westinghouse multiple unit control system. The electrical apparatus for the equipment of the road approximates almost \$1,000,000.

When placed in operation the road will constitute the longest electric railway in this country.

It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes, and heals. Sold for 60 years.

"Ayer's Cherry Pectoral has been a regular life preserver to me. It brought me through a severe attack of pneumonia, and I feel that I owe my life to its wonderful curative properties."—WILLIAM H. TRUITT, Wawa, Pa.

Restoration recovery by keeping the bowels regular with Ayer's Pills

Close Figuring.
"Doctor," said the shrewd looking man, "how many feet of gas does it take to kill a man?"

"That's a queer question," replied the doctor. "Why do you wish to know?"

"One of the guests at my hotel used enough of it to kill himself, and I want to send in a proper bill to his executors."—Philadelphia Press.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

More Cautious.

Hogan (wealthy builder)—Phwat would be a good name for th' new flats, Mike?

Grogan (his superintendent)—How would "The Marguerite" do?

Hogan—Not wid my wife! I named th' lasit wan "The Josephine," and I had t' change it in a hurry or difind an action for divorce.—Puck.

Monitor with Gun.

One of our public school teachers relates a very amusing incident that occurred recently in one of our well-known schools in the center of the city. It seems that for several days the pupils had been unusually prompt in returning after recess. No boy was late or tardy, and, in fact, the boys were as good as though Christmas were only a few days off. The principal was congratulating herself upon having the best school in the city, when one day the mother of one of the scholars complained to the principal that the monitor of the class was terrorizing the pupils with a pistol and frightening them nearly to death.

The principal thereupon investigated the matter and found that the monitor had gained possession of his father's revolver, and, in true Western style, "held up" the boys and compelled them to fall in line and do as he commanded. While he did it with good intent and with a sincere desire to help his teacher, yet she was sorrowfully compelled to censure the boy and discipline him for his conduct.—Chicago Inter Ocean.

FREE TO OUR FRIENDS!

We want to send to our friends a beautiful French-designed, GOLD-PLATED BUBBON BOX, hand-embossed in color, it is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Castorets, with which this dainty trinket is loaded. 712 Send to-day, mentioning this paper, Address Sterling Remedy Company, Chicago or New York.

AS THE CHINESE SEE IT.

Circular Issued in Shanghai Urging Boycott of American Goods.

This is a translation of a circular issued in connection with the Chinese Boycott on American goods:

The first month of the year is fragrant with the fragrance of the plum tree flower.

On the western side of this world there is a great calmness.

In that sea there is set the country of the flowery banner.

The affairs of that country are controlled by men of labor unions.

The second month is beautiful with the beauty of the flower of the red apricot.

We men of China who went forth to labor suffered many hardships.

We successfully opened many mines of silver and gold.

For the American people we built and completed all the roads where rails are of iron.

The third month opens with opening of the flower of the peach tree.

The men of the labor unions, forgetting the work we had done in the past, devised other and newer ways.

They consumed with fire the streets of Dong Sung Ka.

They burnt us natives of China until the weeping of both men and women was pitiful to hear.

The fourth month is the month of all the flowers and plants and herbs.

As for us, we men of China, we thought upon the bitterness of our lot.

We too have been sent into the world by Heaven; why should the treatment accorded to dead pigs be meted out to us?

The fifth month is the month in which the flower of pomegranates flourishes.

As for the men of the labor unions of America they carried out the scheme of injustice they had planned, on their consents they built prisons of wood.

In them they confined us, the natives of China.

The sixth is the month in which the flower of the lily takes on its line of red.

After taking us into the prisons of wood which they had built, they searched us in fires of sulphur.

Officials of all grades and students of all ages received the same measure of abuse; they treated without mercy.

In the seventh month the hyacinth begins to bloom.

Hardships such as these have been suffered for more than twenty years.

It is a great pity that we men of China, whose numbers are ten thousand times ten thousand four times over are not equal in value to the half of the smallest copper cash.

The eighth month is the month when the cinnamon sheds its sweetness.

Among the members of the Native Chamber of Commerce is one who bears the name Tseng Seu Ching. This man planned a most civilized method, he spent money on it and advanced the righteous cause, and his fame has gone forth.

The ninth month is the month of the yellow chrysanthemum.

Let us all assemble together and discuss its details.

It is best not to use American goods. To oppose America is our safest course.

The tenth month is the month when beautiful flowers become green.

We advise you, men, women and children of China, if you want to eat your rice in the future in peace, to attend to realize the importance of this movement.

In the eleventh month the flower of the reed is blown about by the wind.

We, all of us, must remember and not forget too soon the Pin Head Cigarettes and the scented soap of the American Trading Company.

Furthermore, let us remember not to again use the American piece goods.

In the twelfth month the flower of the blinds are many.

All you gentlemen who have listened to my song be civilized and reformed.

Do not learn to imitate the barbarous way of the Boxers of Peking.

If we do any act which is wrong or mischievous we shall eat our bitterness.—New York Sun.

Seeing Boston with Howells.

Almost every visitor to Boston seeks out the city's far-famed Public Garden, and not a few are able to identify the numerous places therein that are mentioned by Mr. Howells. One of his earliest pictures of the place is to be found in "An Undiscovered Country."

"Several mornings after the seances at Mrs. Leroy's" the story states, "Ford sat on one of the many benches in the Public Garden. It was yet too early for the nursemaids, their charges and their suitors; the marble Venus of the fountain was surprised without her shower on; Mr. Ball's equestrian Washington drew his sword in a solitude unbroken by a policeman upon Dr. Rimmer's Hamilton on Commonwealth avenue; the whole precinct rested in patriarchal insensibility to the pibelian hour of 7."—From "In Howells' Boston," in Four-Track News.

Not a Joke.

"Telephone for a plumber at once."
"Great Scott! What's the matter?"
"The water pipes have burst and my beautiful Persian rug will be ruined."
"Let the plumber go. It'll be cheaper to get a new rug."—Cleveland Leader.

When the neighbors hear a boy howl when he is getting whipped, none of them are cold blooded enough to exclaim: "Well, they are bringing him up right."

Beautiful Poems with Long Hair.
The following remarks on Tennyson were recently handed in on an examination paper by a schoolboy in an English literary class: "Lord Alfred Tennyson was a celebrated poet, and he wrote a lot of beautiful poems with long hair. His greatest poem is called 'The Idle King.' He was made a lord, but he was a good man and wrote many oads."—Harper's Weekly.

Plum Soy.
Allow four quarts of plums; scald and rub through a colander; add one pint of vinegar, a teaspoonful of black pepper, one of mustard, one of cloves and one of salt, four tablespoonfuls of brown sugar; boil slowly one hour and bottle for use.

Least Fearing There.
Dabley—When I die I am going to leave my pictures to some public institution.
De Brush—Do you want me to suggest the right institution?
Dabley—Yes.
De Brush—Leave 'em to the blind asylum.—Cleveland Leader.

A Government Clerk.
"Aren't you proud to be a servant of the republic?" asked the patriot.
"Yes," answered the government official who has to economize. "I'm proud, although I must confess I have a boss that is rather slow about lifting salaries."—Washington Star.

The Russian government has approved plans for a railroad under Bering straits. This is foreign news that will awaken real interest the nearer the great bore approaches our continent.

To Mark Twain, whose own life is his greatest work. The longer it lasts the better it becomes.

RHEUMATISM CAN NOT BE RUBBED AWAY

When the joints are sore and swollen, and the muscles throbbing with the pain of Rheumatism, relief must be had at once, and it is natural to rub the affected parts with liniments, oils, etc. This treatment does good in a way, by temporarily relieving the pain and reducing the inflammation, but has no effect on the disease itself, because Rheumatism is more than skin deep; it is in the blood and cannot be rubbed away. Rheumatism is brought on by indigestion, weak kidneys, poor bowel action, stomach troubles and a general sluggish condition of the system. The refuse and waste matters, which should be carried off through the natural avenues of bodily work, are left to sour and form uric acid and other irritating poisons which are absorbed by the blood, making it thin, weak and acid. Then instead of nourishing the different nerves, muscles, joints and tissues it fills them with poison to produce the aches, pains and other disagreeable symptoms of the disease. Rheumatism is usually worse in Winter for the reason that cold and dampness are exciting causes. The nerves become excited and sting with pain, the muscles are sore and drawn, the joints swollen and stiff and the sufferer lives in intense agony; and if the disease is not checked it often leaves its victims helpless cripples for life. Rheumatism cannot be rubbed away but it can be driven from the blood by S. S. S. Being a perfect blood purifier this great remedy soon produces a complete change in the entire circulation; the thin, acid blood is made pure and rich, and as it goes through the body nourishes and soothes the irritated nerves, eases the throbbing muscles, and dissolves and carries out of the system the irritating particles in the joints which are keeping up the pain and inflammation. S. S. S. cures Rheumatism permanently, and in addition tones up the digestion and stimulates the different members of the body to their full duty so there is no cause for another attack. Do not waste time trying to rub Rheumatism away, but get it out of the blood with S. S. S. so that the cold and dampness of Winter will not keep you in continual pain and agony. Special book on Rheumatism and any medical advice will be given free.

While at work for the F. C. & P. E. R. in the swampy region, I contracted Rheumatism and was completely helpless for about four months and spent over \$150.00 with doctors, but got worse every day, and finally quit them and began S. S. S. I took a few bottles and was cured sound and well. My health is now splendid, and I weigh 175 pounds. There is a lady living near me who is now taking S. S. S. for acute Rheumatism. For two months she could not turn herself in bed, but since beginning your medicine about three weeks ago has improved rapidly, and is now able to sit up. I can recommend S. S. S. to all suffering from Rheumatism. Uiah, N. C. S. C. LASSITER.

I was severely troubled with Rheumatism. I had it in my knees, legs and ankles, and any one who has ever had Rheumatism knows how excruciating the pain is and how it interferes with one at work. I was truly in bad shape—having been bothered with it for ten years, off and on. A local physician advised me to use S. S. S. After taking two bottles I noticed the soreness and pain were greatly reduced. I continued the medicine and was thoroughly cured; all pain, soreness and inflammation gone. I recommend S. S. S. to all suffering from Rheumatism. J. L. AGNEW, 803 E. Greenbrier St. Mt. Vernon, O.

How to Exercise the Bowels

Your Intestines are lined inside with millions of little suckers, that draw the Nutrition out of food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it. You see, the food is Nourishment or Poison, just according to how long it stays in transit.

They do not waste any precious fluid of the Bowels, as Cathartics do. They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine. They simply stimulate the Bowel Muscles to do their work naturally, comfortably, and nutritiously. And, the Exercise these Bowel Muscles are thus forced to take, makes them stronger for the future, just as Exercise makes your arm stronger.

MY CASCARET POCKET MY WATCH POCKET

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil. This merely makes slippery the passage for unloading the current cargo. It does not help the Cause of delay a trifle. It does slacken the Bowel-Muscles more than ever, and thus weakens them for their next task. Another remedy is to take a strong Cathartic, like Salts, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed. What does the Cathartic do? It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

Cascarets are as safe to use constantly as they are pleasant to take. They are purposely put up like candy, so you must eat them slowly and let them go down gradually with the saliva, which is in itself, a fine, natural Digestive.

They are put up purposely in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble. Price 10c a box at all druggists.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

But, the Digestive Juice we waste in doing this today is needed for tomorrow's natural Digestion. We cannot afford to lose it. That's why Cascarets are the only safe medicine for the bowels.

FREE TO OUR FRIENDS! We want to send to our friends a beautiful French-designed, GOLD-PLATED BUBBON BOX, hand-embossed in color, it is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded. 712 Send to-day, mentioning this paper, Address Sterling Remedy Company, Chicago or New York.
