FAMILY STRIPS TO WAIT FOR GOD

Farmer, With His Wife and Four Children Naked on Roof—Little One Dies

BELLINGHAM, Jan. 18.—Waiting for a fiery chariot from heaven, George Paschtot, his wife and four children, stripped themselves today at Lynden, Wash., fifteen miles north of Bellingham, and clambered to the roof of their home. The temperature at the time was close to freezing. When discovered and forced to come down, their baby Marta, aged 11 months, was dead from exposure and hunger, and another of their children, 2 years old, was at the point of death. Sunday a "Holy Roller" elder from Seattle, exhorted the members of the sect at Lynden to prepare for the end of the world. Paschtot and wife, Grace, took the instruction literally. They began a fast and ate nothing yesterday. Early today neighbors heard them singing, but paid no attention until some hours later a passer-by discovered the entire family on the roof, without a shred of clothing.

The children were complaining of the cold and the parents were urging them to be brave until the chariot came. When the authorities arrived the family hurled invectives of "devils," "agents of satan," at them and resisted their approach by tearing off the shingles and hurling them at the officers. After a hand-to-hand combat on the roof, in which the frenzied woman stripped an officer almost as completely as herself, they were overpowered. With great difficulty they were induced to don clothing for the drive from Lynden to Bellingham. When they were told the carriage was the chariot they were expecting, they ceased resistance and accompanied the officers to the jail here quietly. At the jail Mrs. Paschtot declared that her baby was not dead, that it lived, only the day having died.

Paschtot wanted to leave his clothing and come to jail naked, insisting only upon retaining his Bible. He is a "healer" and claims to possess supernatural powers.

ATHLETIC CLUB SMOKER

A Large Crowd Sees Some Fast Boxing at Athletic Club Smoker Tuesday Evening

The club rooms of the Aberdeen Athletic Association were filled with an audience from Aberdeen, Hoquiam and Cosmopolis Tuesday, and they saw some pretty work by local boxers.

The first event on the card was between Billy Thompson and Roy Burris, of Aberdeen, two bantamweights, who wore blackened gloves. The second go was between Billy Philbrick of Hoquiam, and Ernest McCalley of Aberdeen. The round opened with furious infighting, frequent clinches, and swift foot work. At the expiration of one and one-half minutes the fight was declared off on account of the swiftness of the pace.

The third contest and the premier card of the evening was between Ted Kindred of the Club and Bernard Lustig of New York. Both boys were cheered as they entered the ring. E. A. Rupert was referee.

The three rounds were fast and both men showed cleverness. The mill was a draw.

Nick Randich and Billy Koski of Cosmopolis had a fast go, it ending in a draw.

MARRIED YESTERDAY

Miss Florence H. Ackroyd and Curtis Mann, both of this city, were united in marriage at their home on Second near Division street, yesterday afternoon by the Rev. Chas. McDermoth.

Only the near friends of the bride and groom were present. Rev. F. P. W. Green of the Episcopal church, being the only outside person there. Following the ceremony an elegant lunch was served after which the newly wed left on the train for Portland on a short wedding trip. The wedding was supposed to be a very quiet one, but the friends got wise and as a surprise to the bride and groom had the coaches of the train strewn with printed dodgers "Beware of the bride and groom on this train," this with the rice poured on them was certainly a surprise.

Both bride and groom are well known in business circles, and have a large circle of friends who wish them well.

SCHOONER IN DISTRESS

Capt. Norberg, of the steamer Newburg, reports seeing a three-masted schooner in distress off this port, but as nothing has been heard of the vessel, it is believed she succeeded in getting out to sea, although at the time she was sighted by the Newburg she was dangerously near shore.
