

# Red Cross Shoe

## No burning—no smarting

The wonderful comfort of the Red Cross Shoe is specially delightful during the hot weather when the heat keeps your feet so sensitive.

Its sole is of regular thickness, yet you can bend it double when new. There is no extra inside sole, no cushion of felt to make your feet perspire.

Come in and try on the Red Cross Shoe.

Walk in it. Learn how it moves with your foot. This is what gives the feeling of ease, of comfort you can not imagine until you have worn it. Oxfords \$3.50 and \$4. High Shoes \$4, \$4.50 and \$5.

The sole is tanned by the special Red Cross Process. This process preserves all the leather's NATURAL life and elasticity, makes the Red Cross Shoe move with your foot just like a glove moves with your hand.

A dress shoe that allows you to forget your feet.

## "Shall the Democratic Party be Aldrichized?"

The fight is on! Shall the democratic convention of 1912 be controlled by an Aldrich democracy or shall it represent real democratic sentiment?

Although the democratic party has not controlled administrations in recent years its democratic platforms have given it a power possessed by no other party in history—the power to compel opposing parties to recognize the righteousness of its platforms.

This advantage has been won by the party's persistent fight for the people during the past 16 years.

Today the American people are looking to the democratic party as the leader in real reforms.

Can the democratic party be trusted? The democratic national convention for 1912 will provide the answer.

The special interests that have wrecked the republican party are seeking to gain control of the democratic party.

If they find that the progressive sentiment is too strong to be entirely ignored they will take someone who has been progressive enough to furnish them something to talk about but not progressive enough to fight the interests.

After a long fight the progressive policies which aroused the opposition of all the predatory interests in 1896 are becoming the accepted policies of the country, but the interests will do their best to nominate a candidate who is not in sympathy with them and who tried to retard their progress.

The work of a democratic president will be no easy work. It will require strength of body, strength of mind and unflinching moral purpose. The times require a stalwart, fearless, progressive leader.

Congress will largely shape the issues and may develop the man, but whether he comes from the senate or from private life, he must measure up to the requirements of the occasion and be able to summon the progressive hosts to his banner. He must be positive and progressive if he is to win the confidence of those who are seeking remedial legislation.

If you believe the democratic party should be true to its name you may help win the fight to protect its national convention from the invading forces of those who would make the party the laughing stock of real democrats.

Mr. Bryan will do his part in the effort to protect the democratic party from "Aldrichism." On the stump and through his paper, The Commoner, he will insist that the progress made by the party during the past sixteen years shall not be thrown away; that the special interests shall not control the convention; that its platform shall be honest and unequivocal and its candidates devoted to genuine democratic doctrine.

Mr. Bryan needs your help in this great fight. It is the people's fight to control their own government.

Write us regarding the situation in your community and offer suggestions for promoting the democratic cause. New subscribers to The Commoner this month will have their names entered for a two-year subscription at the one year rate—\$1.00. This carries you beyond the next presidential election and enables Mr. Bryan to keep in touch with you and to have your co-operation in this important struggle. If you are not a subscriber to The Commoner, send \$1.00 for a two-year subscription and become identified with the fight Mr. Bryan is making to prevent the "Aldrichization" of the democratic party. Address, The Commoner, Lincoln, Neb.

### FORESTERS ELECT OFFICERS

James M. Bowes was unanimously elected Grand Chief Ranger of the Foresters of America at the meeting of the grand court last week, he being the second of the Bowes brothers to fill the head office of the order in the state, S. ### SHAKESPERIAN RECITAL

George B. Williams will give a Shakesperian recital in the High School auditorium next Wednesday evening, giving the famous historical drama "King Henry the Fourth," with humorous concepts of "Sir John Falstaff." Tickets may be had at Bassett's drug store or at the door.

### SECOND STREET PROTESTS

Property owners of East Second street are circulating a protest against the improvement of that street, as proposed by the resolution adopted at the last meeting of the city council, on the ground that the value of the property will not justify the cost. The resolution, for removing the sawdust filling and filling with earth only, is estimated at \$32,000 which, with the cost of paving to follow, says the protest, would amount to confiscation.

Should the protest be generally signed, the question of the location of the North Aberdeen bridge may be reopened despite the referendum vote.

## New Hotel Being Built at Green River Hot Springs, Wash., Will Be Finished This Fall

The accompanying illustration shows the new Green River Hot Springs Hotel, upon which construction started this month. It is expected to have it completed by September 1st and ready for the occupancy of guests. A number of cottages will also be built, adjoining the hotel, and the grounds will be parked and laid out with tennis courts, etc. The main hotel will have 100

rooms, with hot and cold water, electric lighting plant and modern equipment of every kind, including bath houses. The water supply will be piped from the mountains. This hotel is located upon the site of the former one, which burned last year. It is 60 miles east of Seattle and Tacoma, in Green River Canyon, in the heart of the Cascades, on the Northern Pacific Railway.

### A Mosquito Proof Steamer.

The first ocean going mosquito proof vessel built for the African trade, the Jonathan Holt, will shortly commence its regular service in the Liverpool West African trade. Fittings are provided against the intrusion of mosquitoes in the quarters of both passengers and crew. All doorways, side port openings, windows, skylights, ventilators and passages have been provided with mosquito proof close mesh gauze coverings, which, while allowing the necessary ventilation, prevent the admission of the disease bearing mosquito. Great care has been given to the convenient placing of these fittings to make them readily adjustable. The vessel is 262 feet long, has a thirty-eight foot beam and is eighteen feet three inches in depth.

### Testing Hardness of Brass.

The use of hardness testing devices on rolled brass is referred to by the Brass World. Brass is rolled in many different "temperatures." Usually, when a sample of sheet brass is sent in so that an order to be filled may match it, bending or scratching is resorted to determine its temper, the result often being only a guess. The hardness testing methods used with steel are beginning to be employed for brass, but the ability to determine the "temper" of a sample of brass is not yet well recognized.

### CONGRESSMAN FORDNEY

Congressman and Mrs. J. W. Fordney accompanied by their son, Joseph Jr., and Mrs. Symons, sister of Mrs. Fordney, are visitors from Saginaw, Michigan, guests of Mrs. J. B. Egerer, son Warren and Mr. and Mrs. W. L. Stout. They will remain in the city thirty days. Mr. Fordney, in the mean while, investigating his many timber interests in this part of the country. Joseph, Jr., will probably remain upon the Harbor and assist in caring for the Fordney party to Aberdeen are Mr. C. C. Vaughan, proprietor of the Clinton Republican of St. John, Mich., accompanied by Mrs. Vaughan. Mr. and Mrs. Hicks, and Wm. Smith of St. Johns, all associate members of Coast-Fordney logging company. They will likewise remain in the city thirty days.

### D. A. R. EXPLAIN

The local chapter of the Daughters of the American Revolution wishes to disclaim published statements that the monument they recently erected to Capt. Robert Gray is intended to mark his landing place. Their statement is that "tradition links" the lone tree under which the tablet was erected "with his name."

### ROCK FOR THE JETTY

The Grays Harbor Construction Co. has secured the contract for the transportation of the rock for the north side jetty from South Aberdeen to the jetty. The rock will be delivered at South Aberdeen, where the company will load it upon barges furnished by themselves. Government tugs will tow the barges to the jetty where it will be loaded on trains and carried to the front. The work will continue all summer and will necessitate the use of at least three barges.

### CRUELTY TO ANIMALS

C. H. Hart, driver of a Frye-Bruhn meat wagon, was arrested this morning by Officer McAlpine, for fast driving on Heron street. The team came off the Heron street bridge on a run, and one of the horses slipped and fell when near G street, where the officer arrested Hart. The horses showed signs of severe whipping, and Hart will be tried this afternoon for fast driving and cruelty to animals, before Judge Tucker.

### ELMA TEAM WINS FROM HOQUIAM BY 2 TO 1 SCORE

ELMA, May 21.—The Hoquiam high school baseball team was defeated yesterday afternoon at Elma by the school team of that city by a score of 2 to 1. The game was fast, considering the condition of the grounds.
