# CHICKERING

The Piano of the Highest Esteem in the State of Washington

ONE IN THE NEW GOVERNOR'S MANSION, OLYMPIA; in the Tacoma High School; in the Auditorium A. Y. P. E., Seattle; in Washington State college, Pullman; in the new Washington Hotel, Seattle; in Brunot Hall, Spokane; in Annie Wright seminary, Tacoma; in the Tacoma Hotel, Tacoma; in the Temple of Music, Tacoma; in Whitworth college, Tacoma; and in the State Normal school, Cheney. There are only a few of the more prominent institutions of the state of Washington which have expressed their preference among pianos by purchasing and using the world-renowned Chickering Grand. The Chickering piano has received one hundred and twenty-nine first gold medals and competitive awards in as many national and international exhibitions, including the Cross of the Legion of Honor at London, the highest award ever given to any piano in the world.

It is with pardonable pride that we point to the fact that for nearly twenty-five years the Chickering Piano has been handled exclusively in this territory by us. Seventy-two per cent of all the pianos sold on the Pacific Coast last year were from Eilers stores. The best in everything is our aim, whether in Pipe Organ, Orchestrons, Player Pianos, Electric Pianos or Organs, the best agencies are controlled by us. We are in a position, and it is our aim, to deal liberally with each customer.

It is this policy that has placed us in the position we are in today. The nation's largest piano dealers.

It is not our fault that we do not sell all of the pianos, but it is your fault for not investigating our claims.

At the Eilers stores the pianos are better, the prices lower, the terms easier, and the absolute assurance of satisfaction is surely worth while.
