TESTING THE NEW AUTO FIRE ENGINE

Trial Will Be Given New Machine for Several Days to Test Its Efficiency

Some severe tests have been given the new auto fire fighting apparatus, which has arrived and for several hours each day, thousands of citizens have watched the pumping demonstrations. The tests have taken place at the foot of Wishkah street and some large streams of water have been thrown across the river onto the docks. That the engine is of sufficient size to do work for this city for several years to come, there is little doubt. That the machine is satisfactory seems certain and the tests will continue until Wednesday evening when the council will probably accept the machine.
