NUMBER 52

REPUBLICANS IN CONVENTION

Chooses Taft Delegates to the County Convention, in Aberdeen May 15

ROOSEVELT IS STRONG

Ringing Platform Adopted, Which Condemns Advocates of Revolution

The Republican county convention, which met Friday in the Grand theater, selected twenty-one delegates to the state convention, which meets in Aberdeen on May 16. The primaries and caucuses that were held to select the delegates to the county convention were nominated by the adherents of President Taft, while the vote showed a Roosevelt sentiment in Chehalis county of more than 40 per cent of the republican voters.

Following are the delegates, selected by commissioner districts:

First district—Clem Brown, E. L. Minard, E. S. Avey, Henry McCleary, E. K. Bishop, H. A. Wade, T. F. Brown.

Second district—E. B. Benn, E. E. Boner, Neal Cooney, L. H. Burnett, F. W. Loomis, W. J. Patterson, E. France, L. G. Humbargar, W. A. Rupp.

Third district—Albert Johnson, Thayer Lamb, Alex. Polson, Peter Hunley, A. F. Peterson.

The platform adopted was quite lengthy for a county convention, and favored the renomination of Taft and Governor Hay, and endorsed Albert Johnson, of Hoquiam for congressman at large. It favored free passage of American ships through the Panama canal; asked for a more rigorous restriction of immigration; denounced the recall of the judiciary and declared in favor of a minimum wage scale.

Referring to the recent labor trouble on Grays Harbor, the platform gives out no uncertain sound when it declares:

"On account of the landing on our shores of ignorant, malicious and in many cases criminal immigrants who are of anarchistic tendencies, we favor the enactment of a national law restricting immigration to this country from Russia, Greece, Italy, Hungary and countries of southern Europe to the end that all undesirable individuals and persons incapable of appreciating American free institutions be excluded.

"For like reason, we favor an amendment to the naturalization laws of the United States requiring ten years residence after declaration of intention is made, together with the ability to read and write the English language and a proper respect for the American flag and American institutions, as a prerequisite to the admission to citizenship of the United States. We believe that the federal courts alone should be vested with exclusive jurisdiction in the matter of the admission of aliens to citizenship, and that adequate laws should be enacted to facilitate the cancellation of the citizenship papers of persons of foreign birth who have been admitted to citizenship and who later prove themselves unworthy thereof.

"We favor the enactment of laws making it possible to convict, punish or deport persons of foreign birth who teach sedition and revolution against the established government of the United States, or of the states, or who treat the American flag with contempt or disrespect, or who show contempt or disrespect for the established laws and who participate in movements for the overthrow of this government.

"We advocate a thorough investigation by the federal government of organizations of individuals apparently having for their object the overthrow of the government of the United States, and of the several states, as we believe such organizations exist and that adequate laws, both national and state, should be enacted, dealing in a severe way with these seditious and anarchistic organizations, and the members composing them."

The Masonic lodges of Aberdeen, Hoquiam and Montesano will go to Elma next Wednesday evening to attend the evemplification of the third degree by Tacoma Lodge No. 22.

"MERRIE ENGLAND."

ABERDEEN AND HOQUIAM

High School Track Teams at Electric Park Saturday Afternoon

RESULT A TIED SCORE

Teams Are Evenly Matched and Make Scores of 61 Points Each

Aberdeen and Hoquiam track teams tied Saturday afternoon at the track meet held at Electric park, each side having 61 points. The meet was close, first Aberdeen, then Hoquiam, being ahead. Levi was the star man for Hoquiam, winning 17 points, and Davidson 14 points. Wilson was the star for Aberdeen with 18 points. In the quarter mile race, Thompson for Hoquiam was leading by 30 yards when he tripped on a piece of wood and lost Hoquiam a first place. Summary:

1 mile—First, Narrance, Hoquiam; second, Adams, Hoquiam; third, Maurice, Aberdeen.

50 yards—First, Levi, Hoquiam; second, Spoon, Aberdeen; third, Wilson, Aberdeen; time 6 seconds.

Discus—First, Halferty, Aberdeen; second, Wilson, Aberdeen; third, Davidson, Hoquiam; distance, 87 feet 8 inches.

Shot—First, Wilson, Aberdeen; second, Mack, Aberdeen; third, Levi, Hoquiam; distance, 35 feet 11 inches.

100 yards—First, Levi, Hoquiam; second, Rowe, Hoquiam; third, Spoon, Aberdeen; time, 11 seconds.

Hammer—First, Davidson, Hoquiam; second, Halferty, Aberdeen; third, Abel, Hoquiam; 100 feet.

Javelin—First, Halferty, Aberdeen; second, Davidson, Hoquiam; third, Wilson, Aberdeen; 122 feet.

Quarter mile—First, Adams, Aberdeen; second, Garrison, Aberdeen; third, Murchison, Hoquiam.

High jump—First, Davidson, Hoquiam; second and third, tie, Abel, Hoquiam, and Wilson, Aberdeen.

Pole vault—First, Baer, Hoquiam; second and third, tie, Thompson, Hoquiam, and Hills, Aberdeen; 8 feet 6 inches.

Broad jump—First, Levi, Hoquiam; second, Wilson, Aberdeen; third, Spoon, Aberdeen; 17 feet 6 inches.

Half mile—First, Narrance, Hoquiam; second, Maurice, Aberdeen; third, Murchison, Hoquiam.

220—yards—First, Spoon, Aberdeen; second, Wilson, Aberdeen; third, Levi, Hoquiam.

Relay, counting 5 points, won by Hoquiam.

COAST LOGGERS ORGANIZE

Columbia River, Grays Harbor and Puget Sound Loggers United

SEATTLE, April 14.—Loggers operating on the Columbia river, Grays Harbor and on Puget sound, at a meeting held in Seattle yesterday organized the Pacific Coast Loggers' association, which is the first organization of its kind ever perfected on the coast.

H. C. Claire, of Portland was elected president; M. H. Graham, Seattle; first vice president; J. S. O'Gorman, Portland, second vice president; A. J. Morley, Aberdeen, third vice president; R. C. Richardson, Everett, secretary, and E. P. Blake, Seattle, treasurer.

The meeting was held in the offices of the Washington Brokerage company in the Oriental building and was attended by representative loggers from the Columbia river, Grays Harbor and Puget Sound.

It was the second meeting held by the loggers. The first was held at Portland about three weeks ago. Nothing definite was done at that meeting, however.

Mr. Claire, who was elected president of the Coast association, is president of the Columbia River Loggers' association.

The loggers have organized for the purpose of better disseminating information of interest to all the loggers on the coast, and to handle other matters of mutual interest to the logging industry. Heretofore the local associations have tried to handle questions which could have better been handled by one association.

Another meeting of the loggers will be held in Seattle on May 11. Meanwhile details of the organization will be perfected.

SOCIALISTS CONSIDER

I. W. W. UNDESIRABLES

Party in Everett Looks Upon Aggression as Nonproducers and Therefore Inimical

EVERETT, April 13.—The suggestion that that itinerant order, the I. W. W. may invade Everett is not looked upon with pleasure either by Socialists or by members of organized labor. Although the Socialists are strong in Everett, only ten members of the party are reported to look with favor upon the I. W. W. most of them holding that the men who have been making trouble in the Northwest are nonproducers and for that reason "undesirable."

BUTTERMAKING ON THE FARM

Bulletin of State Experiment Station Gives Some Good Advice

GOOD CREAM ESSENTIAL

Butter Made on the Farm Should Be the Best on the Market

A recent Popular Bulletin of the State Experiment Station at Pullman (No. 41) gives the following advice:

Butter made from a single herd of cows in a small dairy located on the farm should command the highest price of any butter on the market. Where one man has control of all the process through which the milk goes from the time it is milked until the time it is printed as butter, the product should be the best obtainable, if this one man understands the principle and the art of buttermaking.

The first essential in making good butter is good cream. To get this simply means to take ordinary precautions regarding clean cows and barn, clean attendants and clean utensils; and then cooling the cream at once after separating, either by running it over a cooler, or by setting in running cold water and stirring. Cream should not be stored with any substance having an aroma.

Sweet cream churns hard and gives a butter having a flat taste. To sour, or ripen the cream, first heat it to about 70 degrees F. (use a thermometer) and let it stand until it has a mild but distinctly acid taste; or, second, add some sour milk or buttermilk (starter) to start the ripening, at the same time holding it at 70 degrees. The best cream for churning is that which tests about thirty per cent fat after the starter has been added.

The temperature at which the cream should be churned depends on size of fat globules, hardness of fat globules, age of cream, amount of cream, percentage of fat in cream, kind of feed the cow is getting, and this can not be determined except by trial. Thirty-five degrees may be proper on one farm and 60 degrees on the one adjoining. A good rule to follow is to have the butter come about the size of wheat kernels in about thirty to forty minutes. If it takes longer the cream is either too sweet or at too low a temperature, or the churn is too full. If it comes

COLONEL WINS IN PENNSYLVANIA

He Has Carried a Majority of the Congressional Districts at Primaries

WILL RULE CONVENTION

Teddy Sweeps Pittsburg and Scranton, and Many Other Cities

PHILADELPHIA, April 13.—The primary election in Pennsylvania today resulted in a decisive victory for the Roosevelt ticket. Of the 64 delegates elected in the 32 precincts fully 50 are pledged to vote for Roosevelt. Added to this is the probability that the republican state convention, which will choose 12 delegates at large to the national convention, which will be controlled by the anti-Taft element, insuring at least 62 delegates for Roosevelt from this state.

The republican organization leaders are stunned by the overwhelming defeat of the Taft candidates and have nothing to say regarding the result. United States Senator Penrose, the recognized leader of the republican organization and the leading Taft boomer in this state, left the city early in the afternoon and boarded his yacht at Atlantic City, where he is safe from the interviewers.

The Roosevelt campaign managers are claiming more than the 62 delegates the returns so far give them.

Wilson Makes Almost Clean Sweep

With the exception of one or two districts in the state, Woodrow Wilson will have a solid delegation from Pennsylvania to the democratic national convention.

J. Butler Woodward and John McGahren will be nominated national delegates on the democratic ticket in the 11th district. They are for Harmon, but are not instructed.

In this city Taft got seven of the 12 national delegates. Reuben O. Moon, who has been a leader on the republican side of congress for several seasons, was defeated decisively for renomination. His successful opponent is George W. Edmonds, republican Keystone candidate.

Congressman Michael Donohue, democrat, accomplished the remarkable feat of winning the republican as well as the democratic and Keystone nominations in the 5th Philadelphia district. This district is largely peopled by workmen.

SAN DIEGO POLICE

UPHELD BY COURT

Judge Sloane Strongly Condemns Action of Industrial Workers in the South

SAN DIEGO, April 12.—In the Superior court today Judge W. A. Sloane strongly condemned the actions of the Industrial Workers of the World and approved the course of the police. The matter before the court was an application for a writ of habeas corpus in behalf of Julius Tum, a tailor, arrested April 4th by the police as an Industrial Worker and that night sent out of the city. The fact that he had been deported and was outside the court's jurisdiction was brought out at the hearing. After denying the writ, Judge Sloane said, addressing Fred W. Moore and M. W. Robbins, counsel for the Industrial Workers:

"The trouble with you people is that you have played too much politics, by attempting, through this hearing, to obtain information leading to the names of certain persons engaged in a certain matter pertaining to the disappearance of these persons, which we all know is a matter of common repute.

"I might as well tell all the people here that I am in sympathy with the police department in enforcing the laws of the city. The situation, we all know, has arisen through you people stepping outside the law. Not satisfied with stepping outside the law yourselves, you have also endeavored to induce others to step outside. I refer to violations of the street speaking ordinance."

REVOLUTION FIZZLES OUT

Industrial Workers Have Reached End of Dupes Capacity to Dig Up

WOMEN AND BABIES

Fail to Arouse Sympathy—All Mills Now Operating and Men Are Plenty

When the American mill resumed operations this morning at seven o'clock, the last mill on Grays Harbor that was affected by the strike inaugurated by the Industrial Workers of the World was busy sawing lumber. No demonstration of any kind occurred at the opening of the American mill, which started up with all the help required to run the plant to its capacity. The Western mill will start up tomorrow after having been silent about two years. This mill has been leased by Cliff M. Weatherwax, president of the Aberdeen Lumber & Shingle company, and will be under the superintendence of City Councilman Chas. R. Sauters. The Bay City mill, successor to the Union mill, is remodeling the mill and will shortly be in position to operate that large plant at a greatly enlarged capacity, when every mill in Aberdeen will be working for the first time in two years.

Revolution Falls Flat

All during the past week it became evident that the revolutionary tactics of the I. W. W. would not be tolerated on Grays Harbor, and the desperation of the imported revolutionists was shown in the plans evolved. A house to house canvas was made in the working districts and the women appealed to. They were asked to picket the mills, morning noon and night and to bring their babies if they had them, and the agitators were not above furnishing baby buggies and imitation babies to the childless. The women, egged on by the revolutionists, proved at first rather irksome to the American workers, but later in the week were regarded as a joke, especially when it became known that they were using borrowed and bogus babies to enlist sympathy. A feature of the "women picket" at the Slade mill Friday was a young man who jumped on the rail of the Heron street bridge and told the women a few things very pertinent to the occasion and that they should have known, had they not been drafted into the quarrel by their duped husbands.

Police Acts Impartial

Under the trying conditions existing in Aberdeen for the past month, too much praise cannot be bestowed on the police department and Chief Templeman. It was a time for discretion, and it was used admirably. Mistakes may have been made—the wonder would be if they were not—but, so far as the Herald can learn, the officers were determined upon but one point—to preserve the peace. In doing so, measures were perforce adopted that in ordinary times would not be wise, but the citizenship generally recognized the situation, and bowed to police orders, even when not quite understanding them. For instance, the order of Mayor Parks against congregating on the streets, was enforced with the most beneficial results, albeit, it was somewhat embarrassing when the Republican County convention was in session as the out of town members did not understand the order to "move on," but moved without a murmur when the circumstances were explained to them.

Would Now Worship Flag

The action taken by the Grand Army men and the Spanish war veterans regarding the insults hurled at the Stars and Stripes by the revolutionists, has resulted in an alleged worship of the derided flag by the leaders within the past few days. With what sincerity may be judged by one of their tenets of faith, in which the question of "right or wrong" is not considered. When this bunch of agitators in the pay of Vincent St. John, of Chicago, began operations on Grays Harbor, their chief attack was on the flag, and the United States government. Talking as they were to a
