ENFORCE POOL ROOM LAW
 Conviction of Cosmopolis Man Will Mean Emphatic Change, Says Prosecutor

That the conviction in the superior court Tuesday afternoon of W. N. McKey of Cosmopolis, charged with allowing minors to frequent and play games in his place, will eventually mean more strict and rigid laws enforced throughout the county, is the opinion of Deputy Prosecutor Attorney A. E. Cross, who was directly responsible for the conviction of McKey.

"The case against McKey which was brought through information furnished the prosecution of Robert Alder, a minor of Cosmopolis, was simple and clear," said Attorney Cross today. "His conviction in superior court means that the law throughout the county will be strictly enforced hereafter. The law specifically provides that minors shall not be allowed to frequent or play pool or billiards, or any other games in pool halls."

The penalty for gross misdemeanor is a fine of not to exceed \$1,000 or imprisonment in the county jail for a period not exceeding 1 year.

HOSPITAL PLANS READY
 Bids for Building Soon to Be Opened—Will Cost About \$30,000

Bids for the erection of the new county hospital have been called for by the board of county commissioners, the bids to be opened October 24. The estimated cost of the structure is \$35,000 and 10 months will be given the contractor to complete it.

According to the plans and specifications of the new hospital which are now in the hands of Architect C. E. Troutman, the building will be of brick with a terra cotta trimming, and will be divided into main section three stories high, and two wings two stories high.

On the first floor will be the women's ward, men's sitting room, superintendent's office and a large dining room. The second floor will be given up entirely to wards and bath-rooms. On the third floor will be the operating rooms.

A service building 44x44 feet, and two stories high, will also be built. This building will have a complete heating and cold storage plant.

WILL TRY LUMBERMAN FOR OFFICER'S DEATH
 John Creech of Raymond to Face Murder Trial as Result of Accident

Next Tuesday, October 1, trial of the state against John Creech, a lumber manufacturer of Raymond, will begin in the superior court of Chehalis county.

Creech several months ago shot and killed Patrolman John Welsh, who had been sent to the home of Mrs. Creech in this city, when she had called up the police department and said that a man had been seen prowling around the premises. When Creech met him in the yard or coming from the house, Welsh ordered him to throw up his hands, and Creech then fired the fatal shots. The shooting is said to have been accidental.

ALL READY FOR BIG GAME
 Football Season on Harbor Will Open at Electric Park Next Saturday

The first football game on Grays Harbor, marking the opening of the fall gridiron season, will be held at Electric park, Saturday afternoon, when the Aberdeen high school team will meet the Hoquiam high.

While the Aberdeen squad outweighs the Hoquiam boys, a good game is expected, as reports from the neighboring city convey the fact that the Hoquiam eleven is fast.

The line-up for Saturday's game will be: Thompson and Cross, half backs; Steel, full back; De Losh, quarterback; Wilkinson, left end; Plinkner, right tackle; Schumacher, left guard; Hallerty, center; Fatik, right guard; Incher, right tackle; Spoon, right end; and Aceky, Cook or Spoon, right end.

OPEN DEPOT NEXT WEEK
 Handsome New Structure Will Soon Be Ready—Without Ceremonies

Tuesday, October 1, is the date set for the formal opening of the new union depot in Aberdeen, and while local representatives of the three great transcontinental roads which will soon have offices in the new building, have been looking forward to the event with great satisfaction, the occasion will undoubtedly pass without particular notice on the part of Aberdeen citizens.

During the latter part of the present week arrangements will be completed for the moving of the various offices from the old to the new building. The interior of the building is now practically completed.

MAKE BIG SALMON CATCH
 Fishermen Find Sport Profitable—Big Season Expected, Yet Present Run Is Light

During the past week some remarkable salmon catches have been made, despite the fact that the run at present is light. Monday, three launches returned from the lower bay with a total catch of 173 salmon, averaging in weight from 10 to 18 pounds.

Reports from Westport are to the effect that with the opening of the season, the village fishermen are preparing for extensive sport fishing.

Scores of boats are being overhauled and the catch outside the bar this year is expected to break all previous records.

LEFT FOR EAST
 George Rhodes, familiarly known in Aberdeen as "Dusty" Rhodes, and who for the past two years was employed by the Elway-Miller Plumbing company, left yesterday for Seattle. Before leaving the city, Mr. Rhodes was presented with a beautiful Elk pin, the gift of several of his friends. Mr. Rhodes will visit Seattle, Spokane, Butte and other cities, completing his journey in Chicago, where he expects to spend the winter with friends and relatives. He will return to Aberdeen in the spring and again assume charge of the crack plumbers' baseball team, which organization he captained to many of victories last season.

ELECTRICITY WINS WASHING RACE

In a clothes washing contest at an electrical show in Chicago, electricity won the race against hand labor.

Five pretty girls, operating electric motor-driven washing machines and wringers, raced against six ladies of pronounced color who used ordinary wash tubs, wash boards and wringers.

By a simple turn of the switches the girls started the electric motors, and while the machines automatically washed the clothes, the girls spent most of their time laughing and chatting with the visitors. The colored women worked their hardest, to win the handred dollars offered if they succeeded in accomplishing one-half as much as electricity and the girls. The colored women certainly worked vigorously, the suds flying fast and furious, but when "time" was called—heralded by a gong—electricity was victorious as many clothes as had their adversaries with the motor-driven machine.

The contest certainly demonstrated the vast difference between antiquated and modern laundry methods.

PROGRESSIVES WILL SUPPORT FISHEL AND LOCKE

The nomination of E. E. Fishel, of Quinalt, probably means that W. E. Campbell, the Progressive nominee, will not make the race for county commissioner, as Mr. Fishel is satisfactory to the Progressives of Chehalis county and they will throw their strength to him.

Phil S. Locke, who also receive the Progressive support, G. W. Powell declining to make the race against him.

The Progressives have shown a broad and far-reaching disposition to support all candidates who are Republican ticket who are right on the question of taxation, and should in return receive liberal support for those candidates who are right on the taxation question.—Montesano Call.

TORNOW BILL CIRCULATED
 Crap, New Five Dollar Note With Owl's Name on It Is Found

A crisp new five dollar bill of late issue and one which had apparently been used little, but containing across the back the words, "John Tornow, Ox Bow, Washington," was received this morning by Gene McGillicuddy in exchange for a check. The letters were evidently done with an indelible pencil for each letter shows plainly.

The work is believed to have been done by someone interested in Tornow. Many scout the idea that, despite the fact that disfiguring the bill is a criminal offense, it was done as a joke.

The bill, says its present owner, will be saved.

WINS JUSTICE COURT CASE

With the value of property in question placed at \$4,000, yet demanding a jury to hear the case, C. M. Goepper, former proprietor of the Pioneer restaurant on Heron street, won his case against James Peterson in justice court Tuesday morning.

According to the complaint filed by Peterson, the former owner of the place included in the bill of sale, three chairs, which he contended, belonged to him. After the sale of the place to its present owner, the question as to the rightful owner of the chairs became involved. While less than \$5.00 was actually involved in the case, the costs are expected to reach \$75.00.

CAR SERVICE IS HAMPERED

Owing to the last work on the tide-fall fill which was begun Monday and finished yesterday, the street car service between Aberdeen and Electric park is being greatly hampered.

On Heron street between Division and Michigan avenue, the track is covered with fill mud, and it will be several days before the track is cleared and left for running traffic. The cars from Aberdeen now run west on Heron street as far as Jefferson and passengers are forced to walk three blocks to Washington street to take the car to the park.

WEDDING BELLS FOR LAST DAY

Announcement has been made through J. M. Bowes, of the Chehalis County Fair association committee that the association will offer household goods to the value of \$500 to the first couple making application to him agreeing to be married in public at the fair grounds Sunday, October 13. The scheme is a most novel one, and according to Mr. Bowes merchants of the city have agreed to donate liberally to the couple possessing the necessary quantity of grit to face the music in public.

ONE CASE DISMISSED

Dismissing the case against Roscoe Jensen, charged with fighting, but holding Sam Druixman and his father-in-law, as witnesses, Police Judge J. K. Drake set the date for the continuance of the trial for tomorrow afternoon. Both Druixman and Jensen were charged with fighting in the Penning clear store last Sunday night. Witnesses for Jensen testified that Druixman was the aggressor in the affair and that his father was implicated.

WORKS FOR CHARITY

The Ladies Aid of the Congregational church, spent yesterday afternoon in making and repairing clothes for the Associated Charities. Three comforts, several pairs of stockings, a lot of children's underwear, was the result of the afternoon's labor.

Mrs. W. W. Walk presented the society with a fine lot of baby clothes that she gathered up from friends.

HOLDS FAITH IN ABERDEEN

Word was received here yesterday from Fred J. When, of Pittsburg, who recently visited friends and relatives in Aberdeen, that he expects to return to this city soon with several prospective investors, who are interested in the possibilities of Grays Harbor.

CONGREGATIONAL CHURCH

Services as usual next Sunday at 11:00 a. m. Sunday school 12:15 p. m. Mrs. W. W. Walk, Superintendent. Y. P. S. C. E. at 7:00 p. m. Miss Inez Nelson, leader. Chas. McDermoth pastor.

The Herald will follow you to the beach if you leave your address at the office.

Woman's World
 Busy Days, These, Among Fair Politicians.

Photos by American Press Association.

An indisputable proof of the general interest women of every class are showing in public affairs is demonstrated in the recent organization of three distinct political campaigns directed by women to aid the causes of three presidential nominees.

Mrs. J. Borden Harriman, a noted New York society and club woman, is president of the Woman's Wilson and Marshall league. Mrs. Harriman when interviewed recently concerning the work of her party said: "I am firmly of the belief that women should inter themselves as much as possible in political affairs. We women of the national Democratic party are out frankly to use our indirect influence to gain votes for Woodrow Wilson. Every woman has a certain amount of influence over one or more voting members of her community. If she can't exert it directly let her make the best of the situation and be as much of an power as possible indirectly."

"We are," Mrs. Harriman continued "at the beginning of a new era of general co-operation, the friendly working together of all classes for the public good. In matters of sanitation, pure food, child labor and kindred topics there is an almost universal response from the women to any appeal that they trust."

The interests of the Woman's Republican National party are in the very efficient hands of Miss Helen Varick Boswell, who is using every means within her power to interest women in the re-election of Mr. Taft. Miss Boswell is not a newcomer in the political field, for as far back as 1888 she was connected with the Republican woman's organization of the state of New York. Besides this political activity Miss Boswell's welfare work is a matter of current history.

To be the first woman who has ever been a member of a committee in a national convention is the experience of Miss Alice Carpenter, who was a delegate from Massachusetts to the recent Progressive party convention in Chicago. Miss Carpenter is now the leading spirit and "whisper in" of votes for Colonel Roosevelt.

Miss Carpenter looks typically Bostonese. She is tall and brown haired and speaks in a measured, impressive way and looks as if she would be most at home conducting a class of girls in a settlement, but would be a torchlight procession in a minute if she saw it to be her duty.

Not So Bad.
 A young lawyer who has recently hung out his shingle here was retained by a criminal with \$5 and a very poor defense.

"Well, you got a case, son?" said his proud father.

"Yes, dad."

"And what advice did you give your client?"

"After listening to his story I collected what money he had and advised him to retain a more experienced lawyer."

—Kansas City Journal.
