MASONIC GRAND LODGE ADJOURNS

Visitors Are Highly Pleased With Entertainment Afforded by Aberdeen

SUCCESSFUL CONVENTION

Order of Eastern Star Began Three Days' Session Yesterday Morning

With the election of Asa H. Hankerson of Seattle, who has been deputy grand master, to the office of grand master, and other officers Wednesday afternoon, the Grand Lodge of Masons of Washington paved the way for adjournment at noon yesterday when the installation took place. Secret work of the order occupied the entire day. Wednesday night there was a special communication by members of Aberdeen lodge and an exemplification of the third degree. Wednesday afternoon the second convocation of the grand court of the Order of Amaranth was begun in the Masonic temple with 50 delegates attending. Mayor Eugene France, a member of the Masonic order, made an address of welcome which was responded to by Herbert A. Noice.

SECOND ANNUAL SPRING CONCERT

Splendid Program Excellently Rendered Delights Very Large Audience

SOUND QUARTET ASSISTS

Musical Talent of Aberdeen Is Surprise to Masonic Visitors in City

The second annual spring concert, given Tuesday night under the direction of Mrs. W. Y. Croxall, at the auditorium of the J. M. Weatherwax High school, was the musical event of the year, and the solos and chorus numbers delighted the large audience, whose applause showed their warm appreciation of each selection. A quartet from Seattle, whose members were in the city attending the Masonic convention, were kind enough to favor the occasion with a selection and an encore, that came as a most pleasant surprise. It would be impossible to say which number excelled, all were simply grand and the concert as a whole was even better than that of last year. The Slattery orchestra assisted greatly in making the concert the success. The personnel of the orchestra was: J. E. Slattery, violin; William Appleyard, cornet; L. Douglas, clarinet; Clyde Spencer, cello; W. R. Flasket, flute; Frederick Hart, piano.

The following is the program as rendered: 1. "Unfold Ye Portals" (Redemption).....Gounod Chorus. 2. Solo—"Brown Eyes".....Del Riego Killaly Greene. 3. Solo—"Beloved, It is Morn".....Alward Lucille Huff. 4. Solo—"With Verdure Clad".....(Creation).....Haydn Mrs. L. H. Burnett. 5. Duet—"Oh, Lovely Night".....Offenbach Mrs. Lillie, Mrs. Bryan and Chorus. 6. Aria—"I Have Lost My Eurdice".....Gluck Mrs. N. P. Bryan. 7. Aria—"Guiding Star" (Linda di Chamounix).....Donizetti Mrs. N. D. Coons. 8. Duet—"Power Eternal" (Stabat Mater).....Rossini Mrs. Coons and Mrs. Halferty. 9. Solo—"A Banjo Song".....Mrs. T. L. Douglas. 10. "Clang of the Forge".....Rondey Chorus. 11. Aria—"One Fine Day" (Madame Butterfly).....Puccini Mrs. J. W. Barkley. 12. Trio—"O! Mammy Coo".....Jewel Mildred Hogan, Horace Cook Killaly Greene. 13. Solo—"Lo, Hear the Gentle".....Mrs. G. P. Halferty (Flute Obligato by Mr. W. R. Flasket). 14. Quarett—"Annie Laurie".....Buck Mrs. Halferty, Mrs. Coons, Mrs. Barkley, Mrs. Bryan. 15. Solo—"My Noble Knights".....Mrs. S. M. Anderson. 16. "Italian Street Son" (Naughty Marietta).....Herbert Mrs. Halferty and Chorus.

ROSIE MAHONEY TO BE LAUNCHED TONIGHT

HOQUIAM, June 13.—All arrangements for launching the steamer Rosalie Mahoney, which will be a member of the big coasting fleet of Olson & Mahoney of San Francisco, have been complete at the Matthews shipyards, and the handsome vessel will go into the water between 8:30 and 9 o'clock this evening. The "13" and Friday hoodoo do not worry the owners. After receiving her spars and rigging, the vessel will be towed to San Francisco, where the boilers, engines and other machinery will be installed. She is intended for service between San Francisco and Portland and the Sound, and is expected to be ready to go into commission the last of August.

ECONOMY BEGINS WITH THE POLICE

Reorganization of Force Effects Saving of About Two Thousand a Year

WILL SEEK CITY WATER

Koehler Petition for Municipal Electric Plant Presented and Ignored

At the meeting of the city council Wednesday night, the committee on police recommended a reduction of the force to ten men, all told, who will be on duty ten hours a day and receive an increase of \$10 a month in salary. The recommendations were adopted by the council by unanimous vote. The change will effect a saving of nearly \$2,000 a year, and it is said a similar pruning of the fire department is on tapis. Mayor Eugene France again reverted to the high cost of lighting the city, saying that about \$500 a month should be cut off this expense, and he urged an early report from the committee in charge.

Egerer, for the committee, said the subject had been taken up with the electric company, and was asked to indicate what lights the council wished discontinued. The company showed conclusively that a midnight car to Hoquiam would not pay running expenses, and informed the committee the new schedules were being prepared that would put Cosmopolis and Hoquiam on the same schedule. Petition for City Plant A petition containing the names of 194 representative citizens of the city was presented, asking that, as soon as practicable, steps be taken to ascertain the cost and feasibility of the construction and operation of a municipal electric plant, for supplying light and power. No action was taken in the matter, and will probably be permitted to sleep in a pigeon-hole. Mayor France was authorized to engage Engineer E. G. Hunt to make the survey to the Wynoochee river for a water supply.

To Repair Old Bridge Hunley & Henry were awarded the contract to repair the Heron street bridge, according to the modified plans prepared by Engineer Kelsey, for \$2,286.40. The Crane company was awarded the contract for furnishing 8000 feet of water pipe and fittings. Frank Beam intimated in a communication that if his oft-repeated complaint about the district flooded west of Division since the fill was made does not receive immediate attention he will commence legal action against the city. The former council ordered a ditch but the work was never started. The street committee and engineer will investigate. The necessary legal action will be taken to grant the petition of school district No. 5 for vacation of the alley in block 21 of Rice's addition, where a 16-room school house is to be erected. The application of Rev. McDermoth to have the transient officer appointed a member of the police force to facilitate juvenile work, as was done under the former administration, was referred to the committee.

Ordinances and Resolutions Ordinances were passed creating a building committee to be named by the mayor, with authority over all buildings, other than public buildings of the city; providing for the extension of the fire ordinance which relates to corrugated iron and veneered buildings so as to include a lot of Huotari and company; providing for the issuance of bonds on the sidewalk improvement of K street, from Hume to Heron streets; providing for the improvement of West Second street, from K to M streets, and for the improvement of East First street from B street to the North Aberdeen bridge. A resolution was passed providing for the improvement of Lindstrom street between Walter and Clark streets. Favoring a change in the portion of B street which connects with the county road, A. J. Stewart presented a plan which he estimated would greatly reduce the grade. He suggested that the council take up the proposition with the county commissioners and on motion of Pearsall the council made reference of the plan to the city engineer and the street committee.

A protest of property owners on West First street to a change of sidewalks, was referred. The city engineer was instructed to provide an outlet for the property of Mrs. J. M. Walker, on Third avenue.

GOSSIP AT THE COUNTY SEAT

An Unseemly Wrangle Being Made Over Reward for Killing Tornow

BOTH WANT DAMAGES

Milwaukee Freight Now Enters Montesano Daily—Carson Gets 60 Days

MONTESANO, June 12.—The memory of John Tornow is revived by a suit just filed in the superior court by Attorney W. H. Abel, asking the court to stop the payment of any reward to Deputy Sheriff Giles Quimby for the killing of Tornow. Abel is acting for the relatives of Deputies Blair and Lathrop who feel that they should share any reward that is paid. For several days rumors have been circulated to the effect that the wounds in the body of the dead outlaw were made after death, notwithstanding the fact that Coroner Hunter, after an examination of the body, declared that all wounds on the body were inflicted before death. That the suit is an attempt to force payment to the heirs of Blair and Lathrop is well understood, in fact, only a few weeks ago, Attorney Abel, made an argument to assure the county commissioners of their legal authority to pay the reward. He now contends in the opposite direction. It has been suggested that the commissioners might refuse to contest the suit just brought and let the matter stop where it is. Quimby already has been paid one-third of the \$4,000, and it is suggested that the public might make up the balance to him in another way. A crowd of witnesses are in attendance at the case of H. E. Peterson against C. W. Arland, former commissioner. Peterson alleges he was damaged to the extent of \$20,000 by the washing of his farm, caused by the logging operations of Arland. On the other hand, Arland sets up a claim of \$5,000 against Peterson, alleging damages by reason of Peterson having diverted the course of the Wynoochee river. The jury will be taken to the Peterson farm, to make personal inspection. Ed L. Carson, who had a brief but meteoric career in Hoquiam, where he scattered worthless checks with a reckless abandon, plead guilty yesterday to charge of "kiting" checks, and got off with 60 days in the county jail. Howard Clancy, a young man who went the pace that kills for a short time at Hoquiam, was found guilty of stealing \$265 from the room of a woman in that city. The jury recommended leniency, and his sentence was deferred.

NEW MAP OF GETTYSBURG

The Geological Survey Has Prepared a Comprehensive Map of Battlefield

IT HAS HISTORIC VALUE

To Meet Demand Occasioned by the Memorial, Map Will Be Sold Cheap

To meet the demand for an accurate map of Gettysburg and vicinity during the great memorial celebration which will be held at that historic point beginning June 29—50 years after the commencement of the terrific fight which sealed the fate of the hitherto sanguine Confederacy—the United States Geological Survey has combined four of its topographic sheets and printed a large map. The map covers about 925 square miles, including the Gettysburg battlefield and the adjacent portion of Pennsylvania as well as the adjoining portion of Maryland, and is on the ample scale of 1 mile to the inch. It shows accurately the size and shapes of the mountains and ridges, and by means of contour or elevation lines the exact altitudes of every hill, slope, valley and pass. All the roads by which Lee brought his main army in from the West are shown, and the course pursued by the Army of the Potomac under Hooker and later under Meade can be readily traced. Such familiar bloody fighting grounds as Little Round Top, the Wheatfield, and the Peach Orchard are shown in their exact topography almost as clearly as in a bird's-eye photograph, as is also the ground over which Pickett's division of 18,000 men, the flower of the South, made its famous but futile charge—a charge, however, which accomplished its probable purpose of deterring Meade from following up his victory with a pursuit of Lee's shattered columns. Map Will Be Sold at Half Price Such a map would have been worth a thousand times its weight in diamonds to either of the commanding generals at the battle of Gettysburg, where the fate of their great armies and probably of the Union and the Confederacy hung on the issue of a day. The surveys on which the map is based were made in cooperation with the Pennsylvania State Topographic and Geologic Survey Commission and the Geological Survey of Maryland. This map can be obtained from the United States Geological Survey. The regular price is 40 cents a copy, but by special authority granted by the Secretary of the Interior it will be delivered postage free in a mailing tube until July 4, 1913, at 20 cents a copy. Remittances should be made to the Director, United States Geological Survey, Washington, D. C., in cash or money order. The fire alarm Tuesday afternoon was caused by fire in the sawdust in the street in the second fill district, near the American mill. The origin of the fire, which spread over several blocks, is unknown.

MILWAUKEE TRAIN ARRIVES

The Milwaukee and Oregon-Washington have opened for freight business in this city. The first train, a Milwaukee, came in Monday, and now there is one freight train in daily. For the present the Milwaukee train is the only one that comes in but freight is accepted for both lines, and freight received over either line is delivered here by the Milwaukee.

PURSUIT OF PLEASURE.

NEW LAWS ARE NOW IN EFFECT

Lazy Husbands Face Jail, and Deserted Wives May Call for Pensions

ABOLISH DEATH PENALTY

Remedial Moral Laws—Logged-Off Land Act—Ban Placed on Fake Ads

Yesterday all of the laws passed by the 1913 legislature, with the exception of those carrying emergency clauses, deal with appropriations or provide for the submitting of constitutional amendments at the 1914 general election, went into effect. The list of new measures is of wide range and almost every subject has been handled in some form or other. Hereafter "lazy husbands" are doomed to get into serious trouble, for if complaint is made and they are found guilty they will be compelled to labor for the county, while the \$1.50 per day that they earn will be turned over to their families. Thus, while hubby is busily engaged getting board and room for himself he is providing close to \$40 a month for the support of his wife and children. For the woman in destitute circumstances, who has no husband but who has children, the law provides a system of mothers' pensions. Remedial Moral Legislation The last legislature also put through what might be termed remedial moral legislation. Not only was the lowa red light abatement law passed, but the solons provided for a minimum wage commission, and the 1913 session will be noted as one that repealed the famous Bradburn corroborative evidence law passed in 1907. The fake advertiser will have to go out of business. At the same time the trading stamp system will be abolished. The law-makers brought about this change by allowing the assessment of a \$6,000 annual tax for each county in which the system operates. Inasmuch as the automobile is being blamed continually for the tearing up of roads, particularly the heavy trucks, hereafter the tires will have to conform to a certain size. Several other changes wanted in regard to the automobile laws were not put through, however. To meet the trouble occasioned in the elimination of dangerous grade crossings, the last legislature put this work under the jurisdiction of the public service commission. Now all grade crossings of every kind are under its control. Tax for Publicity While the last legislature provided but \$200,000 for the San Francisco and San Diego expositions, a total of \$25,000 was appropriated for publicity work to be done under the direction of Secretary of State I. M. Howell, and in addition second class cities are authorized to levy a tax for publicity purposes. The lawmakers also have authorized hereafter all duly licensed ministers of any denomination to perform marriage ceremonies and an examination of the statute shows that the town of Little Falls, in Lewis county, gets the name of Vader. Among other laws which took effect are the following: Allowing Seattle one extra justice of the peace. Legalizing voting machines. Requiring fishing licenses. Goss anti-hanging law. New port district laws. Minimum wage law for women. Murphine logged-off land act. Juvenile court act, providing for boards of visitors and other new features. Laws making the initiative, referendum and recall operative. Exempting property of the Y. W. C. A. from taxation.

BAPTISTS IN CONVENTION

Forty-Third Annual Convention of Puget Sound Association Meets in City

THREE DAYS' SESSION

Numerous Interesting Discussions Are Had—Meeting Highly Successful

The forty-third annual convention of the Puget Sound Baptist association met in this city, in the First Baptist church, Market and E streets, Wednesday afternoon and continued until noon today. About 40 visiting delegates, besides a number of laymen from the churches of Chehalis county were present, and the meetings were open to the public. The meeting began at 2 o'clock Wednesday afternoon with devotional exercises, after which officers were elected for the ensuing year. Church letters were read and the afternoon was devoted to a business session. In the evening, Rev. I. L. Cloyd preached the annual sermon, and the session closed with a report of the Northern Baptist convention, held in Detroit, Mich. Thursday morning devotional exercises opened the day at 9:30 o'clock. Following was a discussion of the subject, "The Efficient Church: How Shall It Promote Religious Education," by Rev. Henry Van Engelin. Rev. J. M. Haskell then took up the subject, "The Efficient Church: Importance and Qualifications of Its Officers." Discussion of "What Are the Forms of the Ministry of the Efficient Church," was made by Rev. F. Wightman. Rev. H. S. Black discussed "The Efficient Minister and the Efficient Message" and General Secretary Rev. J. H. Beavins closed the morning meeting with a treatise on "How Can We Promote Efficiency in the Association." From 2 until 3 o'clock in the afternoon the Baptist Young People's Union discussed efficiency also. The hour following was devoted to efficiency in the Sunday school, with Rev. W. E. Houghton making the principle address. From 4 till 5 o'clock was women's hour. In the evening following song service papers were read by Professor H. T. J. Selinger on "The Efficient Church and the Social Service" and an address was made by Miss Belle Crawford. Reports of standing committees formed the chief business this morning. Rev. Rial Benjamin spoke on efficiency in the association during the coming year. The convention adjourned at noon.

DE LOSH-BATES

Mrs. C. T. De Losh, a well known pioneer lady of Aberdeen, and Mr. Thomas F. Bates, of Hoquiam, were married yesterday morning, at the home of the bride, on West Fifth street, by Rev. F. F. W. Greene, rector of the Episcopal church. Mr. and Mrs. Bates left on the noon train for a tour of ten days in British Columbia.

GOES BACK TO LOS ANGELES

An officer arrived yesterday from Los Angeles after F. A. Russell, who was found working at the Bay City mill. Russell is wanted in Los Angeles, to answer a charge of embezzling \$300, and he left with the officer today on the steamer Coronado.

ENLARGING MEAT MARKET

The increasing business of Frye & Co., has necessitated the enlargement of their meat market, Wishkah and G streets. An additional store room on the south has been included, giving the store a frontage of 75 feet on G street, and an additional cooler has been installed.
