TACOMA ELKS ARE COMING

Tacoma Elks Lodge to Make Excursion to Moclips Next Sunday

One of the biggest excursions of the year and undoubtedly the largest of the season to the north beach will be conducted Sunday by the Elks of Tacoma. It will run from that city to Moclips and reports from Tacoma, based on sales of tickets thus far indicate about 2500 people will spend the day at the beach.

The excursion will be over the Northern Pacific railway, and it is stated 40 coaches, making four special trains, have been reserved for the Moclips trip. Tickets are being sold at \$2.50 for the round trip, or less than half a one-way fare. The Elks of Tacoma are working hard on the excursion and expect to make it the biggest thing of the kind of the year.

Plans were set on foot yesterday afternoon by Aberdeen and Hoquiam lodges to turn out in force Sunday as a reception committee for the visitors. It is declared at least 100 Aberdeen Elks and their families can be induced to go to Moclips to greet the visitors. The trip can be made either by auto or the special train. It is probable the plan will be taken up further today. With good weather Sunday, the Tacoma specials, the regular Sunday excursion, which runs from Chehalis, and autos will together take the largest crowd to the beach yet assembled there.

MRS. A. C. ROBINSON DEAD

Funeral Will Be Held Today From the Aberdeen Christian Church

Mrs. Nellie Robinson, wife of A. C. Robinson, 216 East First street, died Wednesday after a long illness due to a complication of diseases. Mrs. Robinson was a native of Maine and was 54 years of age. She was a member of the Christian church of Hoquiam and the funeral will be from the Christian church in Aberdeen this afternoon at 2 o'clock. Mrs. Robinson is survived by her husband and six children, Mrs. H. E. Leash and Mrs. Stanley Purvis of New Westminster, B. C.; Mrs. V. C. Jones and Mrs. H. C. Peabody, Miss Hazel Robinson and Merle Robinson, all of this city.

FINALLY ACCEPT PLANS

At a meeting of the vestry of St. Andrew's Episcopal church Wednesday, the plans for the proposed new church prepared by a Tacoma architect were accepted, having previously had the sanction of the bishop. The plans were taken to Tacoma by Rev. F. W. Greene, with the endorsement of the vestry and the specifications will be prepared so that actual work may be started within two weeks. The plans are said to be of a very pleasing style of architecture and the building will be a fine improvement at East First and G streets, the site of the present building, which is to be moved.

MAYOR STILL SICK

Reports from the bedside of Mayor France are that he is not so well as he was a day or two ago. The attending physician has denied callers access to his room at the Grays Harbor hospital on account of the exciting effect it has on the patient. Absolute quiet is needed and the mayor will not be allowed to discuss city affairs with anyone until general improvement of his condition is assured.

FORMER ABERDEEN MAN HAS MOTORCYCLE FIRM

A. L. McLeod, Once Manager of the Aberdeen Brewing Co., Builds Machine in Portland

A. L. McLeod, formerly manager of the Aberdeen Brewery, recently purchased a patent right for a newly invented motorcycle and is now engaged in the manufacture of the machine in Portland. The company is called the McLeod Manufacturing company. The concern is located on Johnson and Thirteenth streets. Robert Bailey was the inventor of the machine and is now the chief mechanic in the factory. The new machine is called the Bailey Flyer.

The motorcycle has been given a thorough trial, having covered 23,000 miles. Immediately after this long endurance test the Bailey Flyer was taken apart and every part of its machinery carefully surveyed. Nothing was found to have suffered undue wear. Already the output of the factory has been found insufficient to meet the demands for machines. The Bailey Flyer is constructed so that its parts may easily be taken apart and quickly substituted, should any accident occur on the road. In this respect the machine is said to be the best on the market.

PICNIC WILL DRAW LARGE ATTENDANCE

Grocers and Butchers' Sixth Annual Outing at Moclips Thursday July 24

Excursion tickets for the annual Butchers and Grocers picnic to Moclips, July 24, have been placed on sale at all butcher and grocery establishments in Aberdeen, Hoquiam and Cosmopolis at \$1.15 apiece, by R. C. Hungate, chairman of the executive committee. With good weather in sight it is expected that the attendance at this year's outing will be record breaking. The excellent races and free feed afforded by the barbecue will be strong drawing cards for many pleasure seekers.

Final arrangements for every feature of the day's program will be complete last night when members of all committees met at the F. G. Foster company's store in Hoquiam.

It is expected that some store, other than those of butcher's and grocers, will be closed on the date of the picnic. It is reported that every store in Hoquiam with a single exception will be closed. Many Aberdeen clothing and furniture men have expressed their willingness to close provided all similar establishments will do likewise. Just how far reaching the closing of stores on this day will be not yet known.

HOUTARI BUILDING IS NEARING COMPLETION

Upper Story Will Be Occupied By the Sailors' Union of the Pacific

The brickwork of the Houtari building on South F street has now been completed by the Shaw Brothers of this city. Finishing of the woodwork of this building is now being rushed to completion. The upper part of the newly finished structure will be occupied by the Sailors' Union. The lower part will serve as increased floor space for the present firm of Houtari & company. The Shaw Brothers are now engaged in erecting the Hodgdon building in Hoquiam. This building will be the first to use enamel brick on the Harbor.

Shipping and Coal.

It gives an impressive idea of the immensity of the international trade carried on in vessels to read that 55,000,000 tons of coal are consumed in a year in the furnaces of ships employed in international commerce.

Walla Walla Man Tests Plant Juice

Mr. Taylor of that City Says He is Glad to Speak a Good Word for It to Everyone

Mr. Andy Taylor, whose address is Box 44, Pleasant street, Walla Walla, an old time resident of that city, says:

"I have been troubled the past three months with stomach trouble. I have had a pretty bad case of indigestion and have been trying to find something to cure it. I thought I would give your Plant Juice a trial, and am pleased to tell you I am feeling very much better, so much so that I am going to continue taking it, for I feel sure it will entirely cure me. I will be glad to speak a good word for Plant Juice to anyone with stomach troubles."

Plant Juice relieves indigestion, gas and bloating, almost from the first day you begin taking it. Those who have a feeling of weight or heaviness, sour stomach, belching or nausea after eating, will find relief in Plant Juice. It tones up the digestive organs and puts the stomach into first class condition, corrects constipation by stimulating the liver into proper action, thus producing a natural action of the bowels, which leaves the stomach and bowels in a healthy condition. If you have no appetite or do not assimilate your food, sleep badly and wake up tired and dragged out with sore muscles and coated tongue, try a bottle of Plant Juice; it will put you right. The Eaton & Swaney drug store sells it. (2)

ALL BUT TWO CAMPS ARE WORKING FULL TIME NOW

With the selling price of logs at a normal level almost every camp on the Harbor is in operation. The only exceptions are the camps of the Greenwood Timber and Slade Lumber companies. These concerns are carrying on extensive improvements which they will be unable to complete before the end of the present week. New donkeys have been placed in their camps, skid roads built and bunk houses overhauled. They will resume operations early in the coming week.

CASCARA BARK

WANTED—The season will soon open for peeling Cascara bark. See me or write me for prices and general information in regard to contracts for coming season. I will assist you in securing your stumpage and pay you the highest market price, when delivered. Arthur W. Isaacs, 216 South H St., Aberdeen. If
