GAS SCHOONER BURNS OFF OREGON COAST

Crew Abandons Craft and Makes Shore in Safety Following Narrow Escape

The arrival of Captain Henry Hansen, Engineer Hans Pederson and Seaman Harry Halverson from Tillamook Tuesday brought the first news of the loss of the gasoline fishing schooner Sunshine off Haystack rock, on the coast of Oregon.

The vessel caught fire Saturday, afternoon from backfire and the flames communicating to the gasoline tank, caused an explosion which sent Capt. Hansen overboard and threw the engineer and sailor to the deck, bruising them severely. Regaining their equilibrium, Pederson and Halverson hurried to get the yawl into the sea, and when they rescued the captain the craft was enveloped in flames and soon disappeared.

The three men then made for the shore, about four miles distant, and came here by rail. The Sunshine was built last year by the three men in the woods back of this city. After hauling the hull to tidewater she was launched and then fitted out for fishing. There was a large quantity of fish on board when the accident occurred. The three men had an interest in the Sunshine, which was valued at \$5,000. Insurance on the vessel amounted to \$3,000.

Scene from the wonderful "Quo Vadis" pictures, which come to the Grand Theater, for two nights, Friday and Saturday, Sept. 5 and 6.

FINED FOR SLANDER

Simon Bunk, a Wishkah Rancher, is Fined by Judge Phillips for Defaming a Young Girl

Simon Bunk, a Polish rancher in the Wishkah valley, was fined \$75 and costs yesterday, by Judge Phillips, for defaming the character of Miss Anna Spisak, the daughter of a neighbor.

It developed at the trial that Miss Spisak had been working as domestic in the family of I. Callison for the past seven months, and recently quit to go home. Her brother came to town for her in a buggy, and tied and fed his horse in an alley between Hume and River streets. Bunk happened along as the girl came from where the buggy was, on her way up town to do some shopping, and at once jumped at the conclusion that she was coming from a house of ill fame. Going home he told this story, and as it passed along in the Polish neighborhood, it grew worse as it went, until the alleged shame of the girl became a subject of common gossip. In sentencing Bunk, Judge Phillips took occasion to warn him, that any more evil reports about the girl would result in a jail sentence.

THE DOINGS OF THE CITY DADS

Mayor France Demands Economy in Making Up This Year's Tax Budget

BAN REMAINS ON HORNS

City to Buy Concrete Mixer -- Waiting Sheds for H Street Bridge

That Mayor France is determined to live up to his ante election promises if the council will assist him, was evidenced at the council meeting Wednesday night when he recommended that the city council resolve itself into a committee of the whole to investigate each and every department with an eye toward economy. Councilman E. A. Morck also called the attention of the council to the 1914 budget, which must be presented at the next meeting.

Improvements of Wishkah from Fairfield to Kansas, Kansas from Wishkah to Heron, and Heron from Benn to Kansas streets by construction of concrete sidewalks was ordered. Market street from M to Jefferson will have a 60-foot pavement, with 12-foot concrete sidewalks.

The pavement of the Hoquiam highway on Fourth, from Jefferson to Simpson, was again laid over for a week, as the reports of the street committee so far have not been favorable to the property owners on account of the grade.

Petitions were read representing two-thirds of the property on M street between Heron and Market, asking that the paving of that street be indefinitely postponed, and it was done.

A difference between Garbage Commissioner C. F. Jensen and Garbage Collector J. P. Carlson, relative to the contract of the latter covering the burning of dead animals, was referred to the health committee.

An attempt was made to repeal the ordinance prohibiting band practice in the residence district, but failed after a prolonged discussion, Wetland and Millette alone voting to repeal.

Mayor France returned the ordinance requiring notice to be given the garbage commissioner of the death of animals, with his veto, saying it would be as well to notify the police, and unnecessary to cumber the laws of the city with another ordinance.

The council decided to purchase a Beebe concrete mixer for \$1,975.

Attorney Cross was directed to notify the Oregon-Washington Railway & Navigation Co. to erect waiting sheds for foot passengers at each end of the Chehalis river bridge, as was agreed upon last year.

John A. Nordgren was awarded the contract for planking the alley in block 8, Hoquiam addition, and Ash street.

The engineer reported a balance of \$6,300 due the Barber Asphalt Co. for paving Heron street between K and M.

The Clerk was directed to advertise for bids for a water main tapping machine.

MOTORCYCLE RACE TO CENTRALIA LABOR DAY

The Aberdeen Motorcycle club and the Grays Harbor Trades council have begun arrangements for the second annual motorcycle run between Aberdeen and Centralia, a distance of 119 miles, on Labor Day. A prize for the winner this year has been ordered by the Trades council. Racers will leave Broadway and Heron at 11 o'clock, and their progress will be told by a bulletin board erected at some convenient corner.

Last year's winner was Everett Lobdell, who made the trip in three hours and 11 minutes. Better roads this year are expected to reduce the record a great deal. Among those who have signified their intentions of entering are Lobdell, Aubrey Archer, Edward French and Leon McNeil, all point winners of last year, and Carl Bruce, William McKean, Vern Bennett, Axel Smith, George French and L. J. Larsen.

FIND THAT FORWARD COMMITTED SUICIDE

County Officers Decide Women is Not To Blame, After Investigating Mysterious Shooting

Coroner Hunter and Assisting County Prosecuting Attorney Cross, after an investigation of the case of Ernest Forward, who was shot and killed at Moelips early Monday morning, decided that the case is one of suicide and exonerated Mrs. Susie Pemberton, in whose house the shooting occurred, from suspicion. On account of the peculiar conditions it was thought Forward had been murdered, but examination of the facts leading up to the tragedy convinced the authorities that Forward killed himself, after brooding over domestic troubles.

TAKE OPTION ON OIL LAND

As indicating the interest being taken in the Hoh oil fields it is reported that E. G. McGlauffin and associates of Hoquiam have secured an option on Joseph Stockhamer's homestead, which occupies a strategic location between the two big seepages, and if oil is discovered at any place in the district it is quite likely to be found on the Stockhamer homestead.

It is said the parties secured the option to purchase the property in question within two years at a price of \$35,000. A cash payment of \$600 was made and \$300 is to be paid next year. These sums are to be deducted from the total of \$35,000.

BENHAM WINS LAND CASE

Jesse F. Murphy, of Seattle, is in the city on business. Mr. Murphy returned last Saturday from Washington, D. C., where he hobnobbed with the president, W. J. Bryan and other high brow democrats.

Mr. Murphy's mission to Washington was to try to secure the land claim of Capt. H. A. Benham, in Cowitz county, and he was entirely successful. The Benham claim had been cancelled by the former secretary of the interior, and Mr. Murphy, by an oral argument before Assistant Secretary Jones had the decision reversed and Capt. Benham will get the land, upon which he spent much time and money.

HUNT CAPTAINS NAMED

The Rod and Gun club has named Scott Stevens and Frank Ladley captains of the opposing sides for the first annual wild game hunt, which will start October 1, and end on the evening of the 4th.

Seventeen kinds of game have been selected for the competition, and points fixed for each kind. The side scoring the most points will furnish the club with a game banquet on the evening after the hunt closes.

ALLIANCE ELECTS OFFICERS

The following officers have been elected by the Aberdeen Non-Partisan Alliance: President, Willis R. Lobo; vice president, Chester Griffin; secretary, Fred E. Smith; assistant secretary, Walter Huttula; treasurer, Carl Springer.

The Alliance has arranged to have W. G. Beach, professor of economics at the University of Washington, address the meeting next Tuesday evening, in the city council room, and a general invitation is extended to the public to attend this meeting.

ART RUG WEAVING

Rugs made from old carpets of all kinds; rag rugs, silk portieres, etc., etc. Art Rug Weavers, 119 North G street.

CASCARA BARK

WANTED—The season will soon open for peeling Cascara bark. See me or write me for prices and general information in regard to contracts for coming season. I will assist you in securing your stumpage and pay you the highest market price when delivered. Arthur W. Isaacs, 216 South H St., Aberdeen.

RACE HORSES SECURED FOR THE COUNTY FAIR

Geo. Simpson, of Elma, president of the Chehalis County Fair Association, and Alonzo Spahr, of Aberdeen, who is in charge of the horse division at the coming fair, attended the Southwest Washington fair at Centralia, Wednesday, and while there secured 19 race horses for the fair at Elma. Some of the horses secured made a mile in 2:15 and 2:20 at Centralia.

MOOSE INITIATION

Another large class of new members were initiated into the Moose lodge last night, making about 65 new members taken in since Organizer Cox came on the harbor. The next initiation will be held September 11.

THE KING OF ALL LAXATIVES

For constipation headaches, indigestion and dyspepsia, use Dr. King's New Life Pills. Paul Mathulka, of Buffalo, N. Y., says they are the "King of all laxatives. They are a blessing to all my family and I always keep a box at home." Get a box and get well. Price 25c. Recommended by all druggists. (2)
