GRAND OPERA

New York Grand Opera Company Will Present "Faust" at the Grand Tomorrow Night

Judging from the healthy demand for seats at the Grand theatre tomorrow night, to hear Gounod's "Faust" by the New York Grand Opera Company, the argument is conclusive that our local entertainment seekers are most especially interested in the higher class of musical offerings, of which Gounod's stand pre-eminently at the head as an operatic selection, best fitted to satisfy even those who lay no claims to being up in Grand Opera, for Gounod's score is certainly light enough in general spots to meet the approval of the average music lover.

In offering "Faust," the New York Grand Opera Company makes no claim in the direction of a big chorus, as all the chorus numbers are relegated to the principals rather than take chances with a Grand Opera chorus which is not only hard to segregate, but is not always to be relied upon for harmonious results. This honest admission is made so that no one will be disappointed on not hearing a big chorus.

The cast, however, should prove one of exceptional ability, as it comprises singers of world-wide note, among them the handsome tenor, Chevalier Salvatore Giordano, known to the musical world as Caruso's protegee, and who has been identified with a number of the most prominent Grand Opera organizers; Richard E. Parks, the basso-baritone, who has been heard with the Savage Grand Opera Company only recently; Romero Malpica, one of the greatest baritones; Marguerite Hobert, who is regarded as an ideal Margarita; Madame Josephine Rondero, and Ethyl M. Peters. In conjunction with this array of vocal talent, the Metropolitan Symphony Trio lend instrumental assistance, so that from a musical point of view a genuine treat may be anticipated Wednesday, May 27.

ABERDEEN IS HONORED.

Three Aberdonians Are Honored With Grand Lodge Offices by Pythian Sisters and Knights.

Mr. and Mrs. George J. Wolff returned Sunday afternoon from Spokane where Mr. Wolff attended the Knights of Pythias grand lodge. Mr. Wolff has been an enthusiastic member of this order for 23 years, and he feels proud of the honors conferred on Aberdeen at the meeting of the grand lodge last week.

D. M. Bowes was re-elected Grand Trustee by acclamation without opposition, and F. W. Loomis was advanced from Grand Sergeant-at-Arms to Grand Prelate. In addition to this double honor coming to this city from the Knights, Mrs. S. K. Bowes was elected Grand Chief of the Pythian Sisters grand lodge, the highest office in the jurisdiction of the state.

Mr. Wolff was especially pleased with a resolution that was introduced, which will provide for a salute to the American flag at the opening of every lodge meeting. Speaking to a representative of the Herald yesterday, Mr. Wolff said, in part: "The reason I like the order of Knights of Pythias is that it teaches patriotism, love of country and the country's institutions. For that reason it is a useful organization for young men."

The grand lodge paid a glowing tribute to the late Eugene Foster, who died last year in Oregon, and who was a past Grand Chancellor of the order.

CHAMBER OF COMMERCE

Losing Membership Committee will Furnish Entertainment for Meeting Tomorrow Night

A good time is in store for those who attend the meeting of the Chamber of Commerce, tomorrow evening, at Hotel Washington. The entertainment, aside from the dinner, will be furnished by Captain Bricker, and his committee on membership, they having been beaten by Captain H. P. Potter's team. Mr. Potter's team turned in 31 paid in advance new members, while the Bricker aggregation secured 20. Captain Bricker has eight more to turn in, but they were not available under the terms of the contest.

W. B. Mack, of the Slade Lumber Co., will tell of the hearing of the Jetty committee before the Board of Engineers at the National Capital, and inform the chamber of the status of Grays Harbor with the powers that control appropriations. Just the nature of entertainment to be furnished by the losing team is not given out, but it is said that several unique stunts will be pulled off.

SUCCESS OF WAGE LAW UP TO PUBLIC

ployes with the industry that employs them? That is the entire question, and I am convinced that unless the men and women who require the products of the labor of women, or of other persons employed in competition with women, make it their special business to learn which particular articles are the product of the well-paid women and purchase those articles in preference to even the same grade articles produced by the woman or other person receiving less adequate wages, the minimum wage law of Washington will fail to effect the desired end."

TO A BOBOLINK.

Bobolink, dear bobolink, 'Tis your merry note, I think! Filled with sunshine, wild and free,

How each tone appeals to me, With murmurings of a babbling brook

By some cool and shady nook! And I feel my heart keep time To your mad and merry rime.

Bobolink, dear bobolink, Can you tell me, do you think, Why my life is touched with care—

Shadows stealing here and there? Why I cannot feel like thee— Wild and rollicking and free?

Can you tell me, do you think, Bobolink, dear bobolink?

—Douglas Arundel.

No Incentive to Work Without Profit TAX SYSTEM NEEDS REVISION MUCH PROPERTY IS IMMUNE

By Former Congressman SAMUEL L. POWERS of Boston. (Continued from Page One.)

There are other questions than rates and efficiency to be considered in public utilities. Is it wise to extend the functions of our government from its present limitation? Can the government give as good a service as a private corporation? We have a government fitted to preserve law and order and allow liberty to the individual. THE INDIVIDUAL IS THE CHIEF CONSIDERATION. This country has gone ahead by leaps and bounds under our old system of government. It was an American that developed the telephone and the telegraph, and hundreds of millions of capital of our citizens are invested in the business.

IT IS TRUE THAT THE MOTIVE IS SELFISH WHEN A MAN INVESTS HIS MONEY. HE WANTS A PROFIT. BUT TAKE AWAY THE PROFIT AND WHERE IS THE INCENTIVE TO INVEST OR WORK? PROGRESS THEN CEASES. WE HAVE TRIED THE OLD SYSTEM OF GOVERNMENT AND PROSPERED UNDER IT. SHALL WE TRY THE NEW ONE WHEN NO ONE CAN FORETELL THE OUTCOME?
