

TO DRIVE OUT FAKE MEDIUMS

Those Having the True Power in Session in Indiana.

ANDERSON, Ind., April 28.—Pursuant to a call alleged to have been issued from the spirit world by spirit messages to different leaders, warning them against damage done to spiritualism by impostors, the managers of the Indiana, Illinois, Ohio, Kentucky, Michigan, Wisconsin, Missouri and Pennsylvania associations are in session in this city. The first steps to be taken by this meeting are to drive out the mediums around the camps and associations so that fraud will be reduced to a minimum. Almost all spiritualists will agree that the alleged messages of warning from the spirit world that more than half of the mediums practicing in the United States are frauds; that many of those remaining should be barred from practice for various reasons; that really the true mediums are in the minority. The plan to operate against these frauds is to compel satisfactory examinations and to enforce a license system. Even this system, it is feared, will prove inadequate. Many mediums will be thrown out solely on the question of morality. The best associations in the country are the states named and it is thought that such a start can be made in this section as to commend the plan to the national association, which is to convene in Chicago on October 19, and at which the plan may be made national in its scope.

They Get No Rest.

BERLIN, April 28.—Emperor William this week indulged in his favorite pastime of alarming the Berlin garrison, a process compelling every man and officer, no matter how engaged, to hurry in full file equipment to the Temple Hotel, where the usual maneuvers are held in the presence of his majesty. With remarkable speed and exactness, the whole corps was divided into a west and east corps for the purpose of a sham battle. In his majesty's suite were a number of French officers, who were stopping in Berlin, to whom he showed much courtesy, inviting them to lunch.

MARRIAGE LICENSES.

Licenses to wed were issued yesterday for James M. Hishop, 61, and Mary Johnson, 38, both of Seattle; Joseph and Eva Werstfield, 24, both of Seattle; Charles F. Bernard, 33, of Seattle, and Maude E. Swinehart, 20, of Nooksack; John Nelson, 36, of Maple Valley, and Matilda Nelson, age 25, of Kent.

SAYS HIS WIFE POISONED HIM

Physician Attributes His Illness to Poison.

TERRE HAUTE, Ind., April 28.—Dr. B. E. Patten, who is thought to be dying last night sent for a coroner and had tried to obtain her property. At the time of the separation he was sick and had been for some days. He now says she had given him an unknown medicine and that he is dying from mits effects.

Bossburg Sawmill Burned

BOSSBURG, Wash., April 28.—H. J. Huffman's sawmill, engine and planer, together with \$300 worth of lumber, was totally destroyed by fire last night. The fire was first seen about 2 o'clock in the morning. The origin of the fire is unknown, but it is supposed to have been from sparks from a burning brush pile, which had been set on fire the day before.

INCORPORATIONS.

Articles of incorporation of the Merchants' association have been filed in the county auditor's office. The names of the trustees are M. Mason, F. W. Baker, J. W. Weber, F. W. Mitchell and J. S. Goldsmith. The capital stock is \$1000.

A TRUST IN FARM TOOLS

Big Combination in Process of Formation.

CHICAGO, April 28.—Another gigantic trust, to include all the large farm machinery factories of the United States, is in process of formation. Articles of incorporation under the laws of New Jersey are expected to be filed within a few days. The capital is to be \$50,000,000, of which \$15,000,000 has already been subscribed. Negotiations have been in progress for some weeks between the promoters of the trust and the companies involved. The preliminary terms have been arranged, and all that remains to complete the big consolidation is the final meeting of the representatives of the interests involved and the incorporation of the new enterprise. It is the purpose of the promoters to consolidate under one management all of the factories for the production of reapers, mowers, threshers, traction engines and other important machines. The most important agricultural industry in the world is behind the deal. The plan has been especially the middle plateau and Wisconsin, are

THE SALESMEN WILL ORGANIZE

In Order to Maintain a Better Scale of Wages.

CHICAGO, April 28.—Traveling and resident salesmen of the United States will be called upon to join an organization for preventing their salaries from being reduced and to secure an increase over present salaries to the sums paid before the hard times of the last five years began. Twenty Chicago salesmen took the initial action at the Palmer house yesterday, declaring that increased business on the part of manufacturers warranted the salesmen in asking for more pay. The following was adopted: "The time has arrived when men should act for their own protection against having their salaries cut and themselves forced to alter their vocations in life when such change means hardships to them and menace to their families, and all on account of the system inaugurated in the commercial and mercantile world and called monopoly and trusts. We appeal to all salesmen to organize clubs all over the country, with a view of demanding such legislation by the government and by each state as will destroy the illegal concentration of capital and the control of the industries, which eliminate competition and destroy our usefulness." C. M. Moore, the chairman, suggested that in each state a bill be drafted to prevent the dealing in the stocks as collateral, and the investment in the bonds of any trust or monopolistic combination by national, state and private banks, and the holding of such stocks as security; that in each city an organization of salesmen enter into police and support any candidate on an anti-trust platform. Within a few days a chapter will be asked for by the salesmen for a club to be named the "George Dewey club."

Tube Trust Assured.

BOSTON, April 28.—The matters in connection with the National Tube consolidation are progressing satisfactorily. It looks as though the new corporation would soon be in motion. The large interests are now acting in entire harmony. The capital of the new combination will probably be \$75,000,000. The name of the new combination will be the National Tube company.

TREES KILLED BY ITS STING

A Kentucky Snake the Most Poisonous Known.

CADIZ, Ky., April 28.—J. S. Boren, of this vicinity, exhibited in this town today a most remarkable horned snake, which he plowed up in a field on his place on April 1. The snake has, near the end of its tail, a long, keen horn, which comes to a point as sharp as a needle. This is the first serpent of this variety ever seen in Kentucky. The snake, when angered, takes the end of its tail in its mouth and rolls like a hoop toward the object of its wrath, but, just before reaching it, the serpent stands almost on its head and thrusts its prong into whatever it would strike down. Mr. Boren declares that the horn of the snake is filled with poison, and that a blow from it is deadly. It is said that even a tree stung by this variety of reptile will, in the sap is up, die in a few hours.

Held for Contempt.

MOSCOW, Idaho, April 28.—Thos. Eaves, a farmer who lives about 20 miles east of this city, is in the jail for contempt of court. Two years ago Balfour, Baillie Guthrie & Co. foreclosed a mortgage on his farm. He refused to surrender possession, was arrested and failing to give bail was sentenced to 25 days' imprisonment for contempt of court. An injunction was issued from the district court to restrain him from attempting to hold possession of the place, but he paid no attention to the order. His case has been in the courts for about two years, and at different times has been handled by almost every attorney in the city.

Oregon Goats and Poultry

DALLAS, Ore., April 28.—The hills lands of Polk county are fast developing two important industries—goats and poultry. The grub lands are especially adapted to Angora goats and poultry. The poultry shipments from Dallas have more than doubled within the past 12 months, with prospects of a further increase soon.

INSTALLING THE PASTOR

New Minister for Cheney Congregational Church.

CHENEY, Wash., April 28.—Today Rev. B. F. Doane is being formally installed permanent pastor of the Congregational church at Cheney. The ecclesiastical council, composed of pastors and delegates from the Congregational churches of the vicinity convened at 2:30 o'clock. The candidate will be examined as to his theological belief and Christian experience. In case the examination is found satisfactory the following programme will be rendered at 7:30: Sermon, by President S. B. L. Penrose, of Whitman college; installation prayer, by Rev. William Davies of Spokane; anthem, by the choir; address of the pastor, by Rev. F. V. Stevens, of Spokane; address to the people, by Rev. T. W. Walter, of Colfax; the right hand of fellowship, Rev. J. D. Jones of Medical lake. Rev. Doane graduated from Whitman college in 1896, and from Date divinity school in 1898, and was ordained in Bridgeport, Conn., June 14, the same year. He spent an extra year in post graduate work. He was stationed at Dayton, this state, and came to this city two years ago, where he has given eminent satisfaction to the people both in and out of the church.

Charged With Forgery.

COVILLE, Wash., April 28.—W. H. Walters, jr., alias W. H. Caruthers, who has been wanted here since 1896 has been at last lodged in the county jail, charged with passing worthless checks on the Roushburg Bros. and P. Fitzgerald at Bossburg. Walters was recognized by Deputy Sheriff Griswold at Republic, who telegraphed to Sheriff Denny, and warrants were immediately sworn out by Rutherford. The charge put in against the prisoner is obtaining money under false pretences. It is also stated that a charge of forgery will be brought against Walters.

PEETED TO CAUSE QUOTE A BOOM IN THAT PART OF THE CAMP.

A fine vein of galena and sulphur ore, which is identical with that on the Cariboo mine itself, is being opened up on the Rosey claim in Camp McKinney, B. C., within a short distance of the Cariboo itself.

The Little Cariboo, at Camp McKinney, B. C., is making an exceptionally fine showing. The vein has been crossed at a depth of 50 feet and so far as can be ascertained it is 14 feet wide. The ore body shows good values and some samples show free gold.

A mill site is being excavated on the Granite at Camp McKinney, B. C., and a large amount of development work is being done, with most encouraging results.

News from Atlin states that the trails are breaking up and the travel will soon be brisk. From the summit to Log Cabin the lakes shows signs of an early break up, and the horses frequently break through now. From Log Cabin to Bennett the slush on the trail is from one to two feet deep, and as many as eight horses are used on one load. It will be but a few days before overland travel will have to be suspended until the opening of the lakes.

Farming at Garfield.

GARFIELD, Wash., April 28.—Garfield, like all towns in the Palouse country, is exceedingly quiet at present, because of the farmers being busy with their farm work. The weather is ideal for the sowing of grain and all kinds of farm work. Seeding will be well advanced by May 1.

MURDERED AND ROBBED WOMEN

Frightful Crime Committed Near Murphysboro.

MURPHYSBORO, Ill., April 28.—The bodies of two women, Mrs. M. E. Davis and Miss May Milstead, who were murdered while they slept and their bodies frightfully mutilated, were found here this morning by two men who were working near the house in which Francis M. Davis, his wife and one boarder lived. The house is situated in a lonely plot of ground, densely wooded, and is about a mile from the Mount Cariboo road. It is a two-story affair. Mrs. Davis and Miss Milstead accompanied him to the depot. That was the last time they were seen alive. The crime was evidently committed some time during the night while they were asleep, for both were discovered in their night clothing, and the condition of the room indicated that it had been plundered. Two trunks were found open and the contents were scattered about the floor. The woman's head was cut and gashed as from some heavy dull instrument. Mrs. Davis's skull was crushed in a horrible manner. It was the opinion of the doctor who was called to the scene that the women had been dead about 24 hours.

REAL ESTATE TRANSFERS

Real estate transfers filed yesterday were: William M. Coffman and wife to Peter Hillman, \$100, lot 9 blk 5, W. N. Hill's sixth add.; J. P. Swedberg and wife to W. C. Meydenbauer and wife to Mary E. Campbell, \$400, lot 5 blk 1, Nob Hill add.; R. C. Douglass and wife to the Plymouth Woolen company, \$1, lot 1 blk 2, Mercer's second add. to N. Seattle; D. T. Denny, guardian of the estate of J. H. Nagle, except the east 55 1/2 feet; R. H. Denny, executor of the estate of A. A. Denny, et al., to John W.
