

VACCINATES THE INDIANS

Dr. Mary McKee's Brave Work Among the Moquis.

The Indians, Who Are Fatalists, Objected Strongly, But They Had to Submit.

WASHINGTON, D. C., May 30.—The smallpox is so common among the Moqui Indians in Arizona and is spreading so fast that there is fear that the whole tribe may be exterminated.

WASHINGTON, D. C., May 30.—The Indians made a stubborn resistance. They are fatalists. Their religion teaches them that a sick person is under the ban of the evil spirit, who can only be driven away by incantations and the use of the magic arts.

The Indians did not take the vaccination seriously. They are accustomed to a great deal of torture, and a little scraping of the skin and a soreness of the arm was not a matter of much consequence to them.
