

NEWS OF THE FEDERAL COURT

Libel and Bankruptcy Cases Disposed of.

In the federal court yesterday Judge Hanford heard the libel suit brought by Heckman and Hanson against the Bark Hunter. The libelants made a contract to repair the ship, and for the purpose rented a strip of property and constructed a cradle. The ship owners refused to pay the cost of this, and the libelants filed a libel. After hearing the evidence, the court held that the real property rental was not chargeable to the ship, as it would be considered the libelants' place of business. The court further held that a cradle, as used by shipbuilders, should be considered a fixture, and the cost of convenient carrying on of their craft while the ship was on the ways. On these grounds the libel was dismissed.

Jon. C. Dieringer, who has been doing business at Dieringer, Pierce county, was adjudged a bankrupt, and Hon. Jas. P. Hoyt has been appointed referee.

J. C. Pfaff has been adjudged a bankrupt and Deputy Marshall H. Tyler was appointed to take charge of the property.

The libel filed by the Stetson-Pull Mill company against the steamer Progresso was dismissed, and the costs ordered to be charged to the milling company.

The Puget Sound Reduction company made application to the court for a rehearing of evidence brought through the custom house for the district of Puget sound, alleging that the appraisement was excessive. After hearing the evidence, and upon the petitioners filing a bond for \$500, the court ordered a rehearing and directed the appraisers at New York to return the papers.

Ferguson and Taylor, who have been conducting a shingle business at Blaine, and who became bankrupts some time ago, were dismissed by Judge Hanford today, having complied with the provisions of the bankruptcy laws.

PLANNING FOR EXTRA SESSION

PITTSBURG, Pa., July 28.—W. E. McElhaney, one of Senator Flinn's followers, started political circles today by the announcement that arrangements are being made to reconvene the legislature and elect a senator. "I think," he said, "that the legislature, if convened, will re-elect Quay. Plans are quietly worked so as not to stir up the subject and make it an issue in the fall campaign. There are grounds for believing that a part of the Philadelphia delegation, which declined to support Quay in the last session, will now do so. Mayor Ashbridge has worked material changes in the factional lines of the Quaker City."

EIGHT WARSHIPS FOR CHINA'S NAVY

BERLIN, July 28.—The Chinese minister here has been instructed to contract with the Vulcan works at Stettin for the construction of two armoured cruisers of 4,000 tons and six protected fast cruisers of 3,500 tons, to be completed within 30 months, for about \$5,000,000. An order for 50 quick-firing light guns will also be placed in Germany.

WILL SPEAK AT THE STATE FAIR

CHICAGO, July 28.—Gov. John R. Tanner is expected to announce his intention to capture a renominating or to declare he is not a candidate for governor during the "state fair" week in Springfield. This will be the last week in September, and a quiet trip has been sent out to the Tanner men to attend the fair. Half a dozen of Gov. Tanner's friends in Chicago yesterday were waiting patiently for the last week in September, because they want to go to Springfield to see the fat cattle, the Clay county apple exhibit and the polychrome bed quilts which will be displayed at the state fair.

A number of Republican leaders in the state who are not counted Tanner men also are making arrangements to attend the state fair, and in Republican circles it is believed the "Springfield situation" as it is called, will be straightened out at that time. Gov. Tanner's political enemies candidly admit that if he did not want the nomination himself he could name the nominee. But in the same breath they declare that he could not be elected.

COURT WORK IN ALASKA

The United States revenue cutter McCulloch, which has been on the Sound for the past two weeks, left for Herring Sea last evening. She is to be at St. Michael by September 1, for the purpose of conveying the members of the United States court of Sitka, which are now making a tour of the Yukon country, back to the Alaska capital. The judicial party were taken from Sitka to Skagway recently on the steamer City of Topeka, and left for the Yukon country by the Hite Pass & Yukon railway. They will visit Dawson, Rampart City, Circle City, and the principal towns along the Yukon, where in all cases both of a civil and criminal nature will be tried. The members of the party are Judge C. E. Johnson, Albert D. Elliott, clerk, A. J. Daly, assistant United States attorney, and J. M. Sharp, United States marshal.

Gov. Brady expects to join the party at one of the places, and will accompany it to St. Michael. The party will return to Sitka about the middle of September.

RIOJUN MARU ARRIVES

The big Japanese liner Riojun Maru, Capt. J. W. Ekstrand, arrived in port last evening from the Orient, via Victoria and Port Townsend. She had as passengers Dr. W. D. Eastlake, B. M. Overton, Mrs. Chu Moy-yen and child, and a large number of stevedores. The Riojun brought over a large cargo of 610 tons of rice, and other goods. She left Yokohama July 13, and came to Seattle direct.

Mrs. C. J. Johnson, manager of the millinery business at 1,000 Second avenue, corner of Madison, left yesterday for Chicago and New York. She will return about September 1 with an entirely new stock of goods and an elegant line of pattern hats.

Bears are getting plentiful about Ferndale and Mountain View. Several have been seen in the last few days. Henry Slater came across one chasing his sheep and got several shots at it, but it finally made its escape.

Hon. W. H. Brewster, while driving in the garrison a few days ago was gruffly halted by a sentinel and commanded to leave the barracks because his companion, Mr. Higgins, was in his shirt sleeves. This is militarism on a petty plane. How do the civilians like it?—Vancouver Register.

TREACHERY OF THE JAPANESE

Reported That They Supplied Filipinos Lead and Saltpetre

MANILA, July 28.—It is reported that the insurgents recently received consignments of saltpetre and lead from Japan. The two firms recently arrested here on suspicion of being bearers of messages to Aguinaldo from the Filipino junta at Hongkong, were liberated for want of evidence upon which to prosecute them. As soon as the authorization can be received from Madrid to incur the necessary expenditures, the Spanish general, Jaramillo, will send a commission to carry food, money, medicine and clothes to Spanish prisoners at Tarlac. The commission will also reopen negotiations for the release of the captured. It is also reported that \$500,000 dollars in Mexican money will be offered to the insurgents for the release of all Spaniards. Jaramillo declines to confirm the report.

The Fourth of July celebration committee met last evening in the Argus office to hear the reports of various committees. Secretary H. A. Chadwick was authorized to have the bunting removed from Pioneer square at once. The Post-Intelligencer, Times and Star were tendered a vote of thanks for advertising the celebration; the Telephone company for use of telephone; and to Bradley & Gay for free rooms; and to Alexander & Co. for use of type-writers.

After the bills are paid, \$500 or \$600 will be left on hand, which will be made an interest-bearing deposit until it is turned over to the committee's successor next year.

A PROTEST BY THE CHINESE CONSUL

HAVANA, July 28.—The Chinese consul general has filed a strong objection to the decision of Gen. Brooke that commercial restrictions, under the old regime Chinese were admitted and immigration encouraged, and they are now to be found in all parts of the island, employed principally as house servants, though a great many work on plantations and in the sugar mills, here they have proved excellent help.

THE CAT CAME BACK

A large Maltese cat, the property of Judge Osbourne, who lives on Howard avenue, near Howell street, has stirred the entire neighborhood to a high state of excitement by making nightly raids on chicken coops. One man, Mr. Luther, is mourning the killing by the cat of 26 valuable hens, while other neighbors have reported smaller losses. Mr. Osbourne will not kill the cat or pay for the chickens. The men who have had their poultry killed have decided to form a vigilance committee and catch the cat, and then another mysterious disappearance will be reported.

NEW LEAGUE OF BASEBALL

CHICAGO, Ill., July 28.—The Inter Ocean says this morning: The new baseball league now being organized will begin business in the spring. The new organization will consist of clubs in Chicago, St. Louis, Detroit and Milwaukee in the West, and New York, Philadelphia, Boston and Pittsburgh in the East.

Many of the men interested in the Western league have practically agreed to enter into the new organization. This means that the Western people have decided to cut away from the national agreement, ignore the national league magnates and affiliate themselves with the rival league. President Johnson, of the Western league, practically verifies this assertion.

Lange, Griffith, Callahan, Donahue and McCormick and Mertes will in all probability cast their fortunes in with the new team here. Amos Rube, Herman Long and Collins may also be members of the new local aggregation.

At St. Louis the chances are more than even that Comiskey will be at the head of affairs. Freedman will be in control at New York.

Drain pipes should be cleaned regularly at least once a week with lime water, carbolic acid or chloride of lime. Pickles or vinegar will not keep in

WHAT TO DO WITH DREYFUS

PARIS, July 28.—The Anti-Dreyfusites are redoubting their inaction since the dismissal of Negrier, which they regarded as an excellent weapon in their hands. The government is now worrying over what shall be done with Dreyfus as he is acquitted, as it is believed it would be unsafe for him to remain in France.

SECURED THE NEW ELEVATORS

Adams & Co. Lease New Great Northern Buildings. One of the largest shipping firms of the middle states, J. Q. Adams & Co., has extended its business. The new Great Northern elevators at Smith Cove have been leased by the company and will hereafter be operated by it. The formal transfer of the property will take place August 1. E. Cardin, northwestern representative of the firm, confirms the report of the lease. Adams and company handles two million bushels of wheat of this state annually, and besides brings in much corn and oats when there is a shortage here. The elevators leased have a capacity of 750,000 bushels. All the season's wheat-crop will, it is expected, be passed through them.

TO PURCHASE SUPPLIES

Major Allison, of the Commissary department, whose mission to Seattle was expected to bear on the purchase of supplies for the troops and animals to be sent here for transportation to the Philippines, has arrived at the office of Assistant Quartermaster Capt. W. W. Robinson. Major Allison states that the only orders he has received so far from the department are to purchase supplies for troops in Alaska. It is thought at the quartermaster's office that Major Allison will be retained here to superintend the purchase of supplies for the Philippines.
