

THIEVES TRY ON CLOTHES AND THEN STEAL THEM

Thieves with a fastidious taste selected the place of the Eastern Tailoring Co., at 400 Columbia st., some time between Saturday night and yesterday morning, and evidently tried on nearly every suit of clothes in the premises before they found garments which suited them.

ISABEL IRVING MAKES A HIT

(Star Special Service.) SCRANTON, Pa., Sept. 3.—Isabel Irving made her first appearance in the Clyde Fitch play "The Girl Who Has Everything" at the Metropolitan theater here last night and secured an immediate success. The part is that of a young woman of society who has been left to care for her dead sister's children. The play is brilliant, the situations of extraordinary tenderness and the characters those one might expect to meet in any drawing room. H. A. Roberts, Harry Hilliard, Helen Weatherly and two wonderful stage children all scored immediate hits.

OPPOSE HOME RULE

Governor W. R. Hoggatt of Alaska arrived in Seattle last night en route to Nome on the steamer Northwestern. Gov. Hoggatt declines to be agitated for home government in the north, and asserts that the substantial element is opposed to the change and maintains the new system would burden the people heavily.

SPRAINED ANKLE—DEATH

(Star Special Service.) EVERETT, Sept. 3.—A sprained ankle, received in a scuffle with a friend, resulted in the death of Charles L. Morita yesterday at Providence hospital. The man was hurt about a week ago and the injury eventually developed into blood poisoning. Morita has no relatives in this part of the country, but has a sister living in San Francisco. He was a member of the Eagles and Owls. He was about 34 years old.

SILVANA HAS DRY SUNDAY

(Star Special Service.) EVERETT, Sept. 3.—Silvana closed the saloons of that place about their doors Saturday night and did not reopen again until Monday morning. It came as a result of a complaint made to the prosecuting attorney by Silvana people against the saloons' violation of the state law.

EVERETT, Sept. 3.—Despite intermittent rains and disagreeable weather throughout the day, Everett yesterday had the greatest Labor Day celebration in her history. Hundreds of visitors came from outside points and crowded to the fair grounds, where there was speech-making and athletic sports of all varieties. The Labor Day parade was one of the big features. There were about 2,000 men in line.

PAUPERS ON A STRIKE

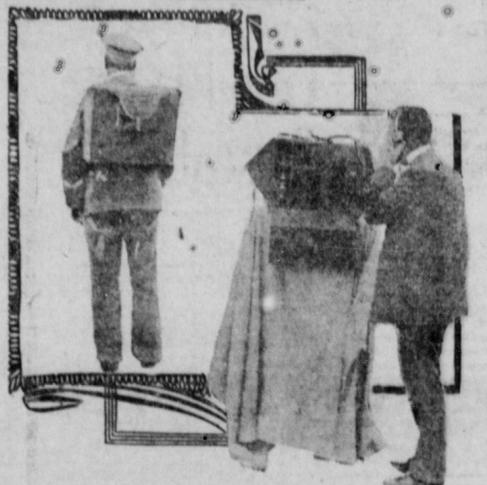

WHIRELING, W. Va., Sept. 3.—The inmates of the Wayne county poorhouse have gone on a strike. They left that institution and under the leadership of Abe Estep marched in a body over to the Cabell county poorhouse, believing, of course, that the superintendent would be glad to see them. They figured on spending the fall and winter in the Cabell county poorhouse, but Sept. William McKeandree kept the paupers only over night and refused to keep them any longer. So they started for Ohio to seek shelter in some poorhouse there.

REMARKABLE NEW "WIRELESS" TELEGRAPH SYSTEM YOU CAN CARRY

The Inventor Working His Wireless Apparatus at the Roadside and Carrying His "System" on His Back.

(Seattle Star's Exclusive Service.) BERLIN, Sept. 3.—A new system of wireless telegraphy has been discovered by a German engineer named Heinicke, the main feature of which is the minute size of the transmitting and receiving apparatus, so that a wireless station as constructed by Heinicke can easily and rapidly be transported from place to place.

The transmitting apparatus and the receiving apparatus are both contained in one small case, which can be carried on a man's back, its total weight being only 19 kilograms.

A complete wireless telegraphy station, consisting of this case, the necessary batteries and a pole (length approximately 50 feet), together with a network of thin wire, can be transported by three men.

Four or five men are able to erect it ready for use in eight minutes. The total cost of a station is \$1,500. The radius of communication of a station of this size is about 25 miles.

The German military authorities are keenly interested in Herr Heinicke's invention. The portable wireless telegraph station now in use in the German army is so much larger and heavier that 12 men are required to carry its complete parts, while its cost exceeds \$4,000.

HOBOS TERRIFY TOWN

HARTFORD CITY, Ind., Sept. 3.—Armed with revolvers, four tramps conducted a systematic holdup on the south side of the city and terrified more than a score of saloon keepers and business men.

The hobos first made their appearance on the streets about 3 o'clock. Each carried an umbrella, a mudding and a pistol. They began their wholesale robbery by entering a saloon.

Entering this saloon, the men went to other liquor houses and similar places where they were looting. They entered a half dozen stores and with revolvers drawn made demands for clothing. They then entered a restaurant and procured a meal in the same way.

Finally the police were notified, and after an exciting chase the hobos were rounded up in a barn. When they were captured they had no pistols. They had also disposed of their plunder.

24 SPOONERS AT LECTURE

ST. LOUIS, Sept. 3.—An inquisitive young man undertook to find out, at the Plaza Chautauqua auditorium, how many persons in the far seats were interested in "Rome, the Eternal City," which was the subject of a lecture by Charles A. Payne, with stereopticon illustrations.

The place was darkened, and the man walked about quietly to discover that at least twenty-eight persons were not caring whether Rome stood or fell. But they were intensely interested in each other.

When the lights were turned on suddenly and unexpectedly there was a great breaking away in two back seats.

CORPSE WOULD NOT STAY DEAD

LOS ANGELES, Sept. 3.—Twice summoned to take charge of the remains of a dead man, a deputy coroner at Santa Monica made two trips to Manhattan Beach, several miles away, to discover in each instance that the supposed corpse was still lacking. Rev. John Hewitt, a retired Episcopal clergyman, attempted suicide by cutting his throat with a razor. His condition upon two different occasions led others to believe that he had breathed his last, and the coroner was summoned.

ACADEMY TO OPEN

The Academy of the Holy Angels, a Catholic school recently built at Ballard, will be opened next Thursday.

BOATS WITH BARS MUST PAY LICENSE

(Star Special Service.) OLYMPIA, Sept. 3.—In an opinion the attorney general's department maintains that the state license laws apply to the sale of liquor on vessels engaged in interstate commerce. A license fee, says the opinion, may be collected from every such vessel entering Washington waters.

The question is raised in a letter from the Pacific Coast Steamship company and the latter says that if a decision is given against them they will fight the validity of the measure.

NEVER FRIVOLOUS, SO LIVES TO 105

WORCESTER, Sept. 3.—Mrs. Johanna Harper Brown celebrated her 105th birthday with a reception. More than 100 descendants were present, representing five generations. Mrs. Brown was born in Monmouth and made the trip to this city eighty-four years ago on her honeymoon by prairie schooner and on horseback. She attributes her long life to the fact that she never indulged in the usual frivolities of women.

WIGGLES TOE—SAVES LIFE

MILWAUKEE, Wis., Sept. 3.—Wm. Martine, whose neck was broken in the Eagle flour mills, is now able to walk. For more than five weeks he was forced to lie still, paralyzed.

He fell backward a distance of five feet. Nerve connections were severed, and the doctors prepared for an operation. It was once chance in ten for his life.

Martine wiggled the great toe of his right foot just as the incision was about to be made. The doctors gasped and stopped.

1st Prize This Magnificent \$400 Kohler & Chase Piano

\$15,000.00 Absolutely Free GEOGRAPHICAL CONTEST

Kohler & Chase offers a magnificent \$400 Kohler & Chase Piano as First Prize, and over \$14,500 in prize certificates in this great contest.

THE REASON
Kohler & Chase make this most remarkable offer to advertise quickly and forcibly the names of the Weber, Kohler & Chase, Wheelock, Stuyvesant, Kohler & Campbell and The Autopiano. We want everyone in Washington and surrounding country to know more about us and the celebrated Pianos we sell.

By special arrangement with four of the largest and wealthiest Piano makers in the world, we are able to give away thousands of dollars for advertising purposes, as stated below, believing that by giving it direct to the people in this manner the most beneficial results are to be obtained.

THE CONTEST IS AS FOLLOWS:

RULES.
Contestants are required to make a list of different cities or towns (either or both) of population of 5,000 or over within the United States (Census of 1900), not including Alaska or our Insular Possessions, using for letters to make names of the cities or towns any of the letters in the reading matter within the heavy black bordered square in the center.

Example: Take any city or town of 5,000 or over—Boston, for example. In the square find a "t" and cross it out; then find an "o," and cross it out; then an "s," and cross it out; then an "t," and cross it out; then another "o," and then an "n." This uses up six of the letters in the square, and you cannot use these letters again. Now take another city or town and proceed as before. As soon as a letter is used in the square, cross it out carefully, as you cannot use this same letter again. Continue thus until you have made as many cities or towns as you can.

Cities or towns of the same name can be used but once. Do not use any abbreviations. Contestants are not allowed to send in a duplicate list, as this would be unfair to others.

THE PRIZES.
1st Prize—A magnificent \$400 Kohler & Chase Piano will be given to the person whose list contains the greatest number of cities or towns in compliance with the rules and conditions.
2nd Prize—Handsome Royal Grand Tapering Arm \$75.00 Talking Machine and \$25 worth of records.
3rd Prize—A credit certificate good for \$125 on the purchase of any new piano in our store.
The remainder of the appropriation will be awarded in certificates ranging from \$100 to \$25, and will be awarded to the best high list in accordance with the number of names sent in until the entire \$15,000 in certificates has been distributed. Those who receive prize certificates may apply them on the purchase of any new piano or player piano in our warehouses at the regular prices, but cannot apply them on any purchase made previous to the date on which this contest closes.

If you already have a piano and secure a prize certificate, you may apply the certificate on the purchase of a new cabinet piano player at one-third value; also one-third value on second-hand piano.

Prize winners will be notified.
