

# IRISH LACE MAKERS DEMONSTRATE ART

MISS MARY O'FLANNAGAN, MARY KATE DAVORON, AND ROSE EGAN, WHO WILL DEMONSTRATE ART OF LACEMAKING.

Three young girls from the Emerald Isle will next week demonstrate to the people of Seattle the making of Irish lace as it is now taught in the schools of industry in Ireland. The young ladies, Miss Mary O'Flanagan, Miss Mary Kate Davoron and Miss Rose Egan, were chosen from among 200 pupils of a new school of industry at Loughlin, County Roscommon, Ireland, for their proficiency in lace making. The school at Loughlin is taught by Miss Mary O'Flanagan, a young priestess from Loughlin, sent here by Bishop Clancy, of Elphin, who is deeply interested in the Irish industrial movement.

# MINERS STRIKE

### SEVENTY-FIVE HUNDRED OF THE COAL MINERS IN COLORADO WALK OUT FOR HIGHER WAGES.

(By United Press.) DENVER, Colo., June 20.—Disregarding the conditions under which they were working 2,500 miners employed in the Northern Colorado coal fields have quit their employers and are on strike. The strike leaders declared today that a sufficient number of men to operate the mines cannot be secured and that in all probability they would remain idle for some time. They say the men will not return to work until they are promised an increase in wages.

# POLICE OFFICER INHERITS MONEY

Gustave Tischler, a patrolman of the Seattle police department, is richer by \$20,000 today than he was yesterday. That is, he knows today that his share of an estate in Germany will be his as soon as a transfer can be made. Tischler did not know anything about the legacy yesterday, but this morning he received an important document through the mail. Tischler has been absent from the old country for so many years that he was unable to deliver the letter. A recent arrival from Germany aided him, however, and announced to Tischler that an uncle had died recently, leaving a

# TO SPEND LIFE IN JAIL

large estate, \$20,000 of which was his share. Tischler announced this morning that he would remain on the police force. He is married and lives at Bay and Elliott sts.

(By United Press.) HEPPNER, Ore., June 20.—Webb McCaslin will spend the remaining days of his life in the penitentiary for killing E. F. Zaspell in Morrow county last September. The jury which heard the evidence has returned a verdict finding the defendant guilty of murder in the second degree and sentencing him for life. McCaslin's case was hopeless from the start, for he had confessed the crime. It is thought the jury would have voted to hang him had it not been for the eloquent plea of his attorney. Robbery was the murderer's motive.

# WOMAN DIES OF OLD AGE

Mrs. Elizabeth S. Putnam, 71 years old, wife of John H. Putnam, died at the family home, 4527 11th av. N. E., last night of general debility aggravated by old age. Mrs. Putnam is survived by eight children, five sons and three daughters. They are: Guy A. William H., Charles A., Ray V. and George A. and Mrs. E. D. Stevens, Mrs. M. A. Gardner and Mrs. Mae I. Gau. Ray V. Putnam is a patrolman of the Seattle police force, and Mrs. Mae I. Gau is the wife of George Gau, a bailiff at the court house. Funeral arrangements will be announced later.

# YUCATAN REPORTS FROM NOME

The belated Nome fleet continues to arrive there, the last report being the Yucatan of the Alaska Steamship company, having arrived on the night of June 15. The Yucatan sailed from San Francisco on June 1. No report of the arrival of the Ohio, which was with the Yucatan in the ice, has been received, but the local agents expect a cable any time. The Yucatan arrived in good condition. The Transit, Hydades and Stanley Dollar of the Schuchach & Hamilton line, and the Umatilla of the Pacific Coast fleet, have not yet been reported. The Olympia and Northwestern yesterday left Nome for St. Michael to discharge cargo consigned there.

# LUMBERMEN CLAIMING VICTORY

### Say Freight Rate Decision Is Largely in Their Favor.

Seattle lumbermen are well pleased with the decision of the Interstate Commerce Commission regarding the lumber rates. They think the decision favors their interests more than it does the railroads. Robert B. Allen, manager of the Pacific Lumber Trade Journal, gave out the following interview today: "The decision seems to be more in favor of the lumbermen the closer it is analyzed. Old rates are restored into Kansas, Nebraska and the Dakotas, which in the past have been the best and most profitable markets for Pacific coast products. Can Avoid Advance. "There is an advance of 5 cents to the Minnesota Transfer, it is true, but this is not as bad as it looks on the face of it, for the simple reason that shipments now necessarily routed through the Transfer will, when the Milwaukee road is completed, be shipped direct into Southern Minnesota, Wisconsin, Iowa and Northern Illinois, thus cutting the Minnesota Transfer shipments practically in two. "The Milwaukee is now making a rate of 47 cents into this territory by means of its extension to Terry, Mont., while the routing around by Minneapolis into the same territory runs as high as 65 and 72 cents. "In opening the Portland gateway the commission makes it possible for mills of Western Washington, from Seattle south, to ship on a through rate of 40 cents on fir and spruce and 50 cents on cedar, as against a local of 12 cents to Portland, plus transfer charges and the regular 35-cent rate from Portland into Colorado. Open New Territory. "This ruling opens up a fine territory to Washington mills, which will more than compensate for trade lost through the advance of 5 cents authorized in the East. "The readjusted schedule will become effective in about 30 days, which means that mills now shipping will have to continue under the group bond arrangement until that time. "If the railroads appeal to the United States supreme court from the decision of the Interstate Commerce Commission, the mills can continue shipping on the rate established by the commission without putting up any more bonds or being liable in any way from a financial standpoint. "The sentiment now is that all mills, both shingle and lumber, doing business in the affected territory, should be closed down until after July 20, when the rates fixed by the commission will take effect."

# RIVERS RISING

(By United Press.) KANSAS CITY, Mo., June 20.—Recent heavy rains have threatened a repetition of the damaging floods in this vicinity. The Kaw and Missouri rivers are again rising slowly, and the people living farther up are greatly excited. A fresh rise of one foot between here and Topeka has been caused by rains in Eastern Kansas. It is not thought, however, that the rise, unless it increases, will affect Kansas City, which is slowly recovering from the effects of the flood of last week.

# TO ISSUE SUTHERLAND SALOON LICENSE

Acting on the advice of Corporation Counsel Calhoun, City Comptroller Carroll announced today that he would immediately deliver a liquor license to William Sutherland, permitting the operation of a bar in the Alaska building. A petition asking for a referendum vote on this license was recently filed with the city comptroller, but when the names were checked off with the poll books it was found that the list was short of the required number. The corporation counsel holds that Carroll can issue the license without waiting for the official returns to be presented to the council, and Sutherland can proceed immediately to install his bar unless the protesters should take some other steps to hold the license up.

# SCARLET FEVER

### NINE CASES OF MALIGNANT DISEASE DISCOVERED NEAR THE UNIVERSITY.

Officials of the health department yesterday unearthed a nest of scarlet fever in the university district. Nine cases which had not been reported to the department were discovered in the vicinity of Meridian and Bagley avs. and 45th st. Six other cases had already been reported from this neighborhood. Chief Medical Officer Bourns was investigating the facts today and announced that if criminal negligence was shown, arrests and prosecution would follow. Dr. Bourns says he believes the disease has been so generously distributed in this one section by the use of diseased milk. He is trying to find if there is any source of contagion at the dairy which serves milk to the people in that vicinity. The officials say that the cases numbering 15 in all, need not be considered alarming.

# GREEK CHARGED WITH SWINDLING

Charged with swindling a number of his countrymen out of a sum of money estimated at \$500, John Kachulis, alias "Kachulis" Greek, was arrested this morning by City Detectives James Byrne and Chas. H. Phillips and Sheriff Jud W. Boyd, of Red Bluffs, Cal. Kachulis will be held in the city jail until next Monday, when Sheriff Boyd will take him to Red Bluffs to face a charge of obtaining money under false pretenses. Sheriff Boyd arrived in Seattle yesterday from California, and at once enlisted the services of City Detectives Byrne and Phillips. The two officers spent several hours yesterday afternoon hunting for the fugitive, and located him this morning in the lower part of the city with a young woman who accompanied him here from the scene of his alleged swindling operations. Kachulis was held in high regard by the Greeks of Red Bluffs, and they readily advanced money to him on the representation that he would secure lucrative employment for them.

# TO GIVE CANTATA.

Following a line of work which has proven popular and instructive, at the First Christian church, the pastor, Rev. Joseph L. Garvin, will give "The Romance of Ruth," a dramatized bible story, tomorrow evening, with the assistance of the church quartette. The minister will tell the story, the quartette rendering selections from Gault's cantata, Ruth, at appropriate intervals.

POLICEMAN GARRETT. TERRE HAUTE, Ind., June 20.—Pianissimo! Staecatto! Let Charles H. Harris beware! Twice and again! This city has a copper that seems to be a second Franz Labar. His name is P. Garrett (P. for Percy), and he has just completed two song hits that have been accepted with favor by the musical public and the fellow that whistles. Percy is a natural born poet. He is the author of some jingles and more sober stuff that have merit. Garrett has also a fine police record. When he two-steps after a burglar, the stuff's off, as they say in the Berlin conservatory, and his tremolo allegro with the rosewood

# COLONEL RIDPATH OPENS CAMPAIGN

(By United Press.) SAN FRANCISCO, June 20.—That he will retire from public life and resume the practice of law after the present administration has been finished, is the statement made today by Secretary of the Navy Metcalf, who returned from Washington last night. "I am going to return to the coast and resume the practice of law," said the secretary today, "and do not intend to be a candidate for United States senator."

# RIOT

(By United Press.) SAN FRANCISCO, June 20.—Three men were seriously and perhaps fatally injured in a riot at Market and Sixth sts. this afternoon, between the crew of a street car and a crowd of passengers. A thousand people collected to witness the fight, which was engaged in by the crews of several other cars that stopped to help out the crew of the first car. The trouble started over an argument between the conductor and a workman on the car over a transfer. A general fight followed this action, the passengers in the car all taking the side of the fellow passenger. The motorman joined in the fight using his controller bar as a club, and this drove the crowd to a frenzy. Three riot calls were sent to the police station in rapid succession and a squad of police was sent to the scene of the trouble.

# OUR EDUCATIONAL SYSTEM IS FAULTY, DECLARES PRESIDENT HADLEY OF YALE

(Star Special Service.) NEW HAVEN, Conn., June 20.—That the general educational system in use in the United States is faulty is the belief of President Arthur T. Hadley of Yale University. His position is that the idea of giving all students the same kind of instruction is altogether wrong. "Different men need different methods of instruction," says President Hadley. "I would like to see courses of study divided into three groups. I would make a scientific, a literary and a practice group and assign pupils to them as their talents suggest."

# RACING, ROBBERY AND RUIN

Tomorrow evening Rev. Francis J. Van Horn, pastor of the Plymouth Congregational church, will discuss the races which opened this afternoon at The Meadows. The pastor's subject will be "73 Days of Racing, Robbing and Ruin."

# SUES FOR DIVORCE.

May McGregor started suit in the superior court today to get a divorce from Robert McGregor, alleging desertion and cruel treatment. They were married at Ord, Neb., June 27, 1908. She says that he is a blacksmith and has a shop at Sergeant, Neb., worth \$1,000.

# WILL REPEAT PLAY.

Owing to the numerous requests for repetition of Shakespeare's "Twelfth Night," which was given by the senior class of the Ballard high school last Friday, June 12, at

# DIFFERENT MEN NEED DIFFERENT METHODS OF INSTRUCTION.—PRESIDENT HADLEY OF YALE.

# PROHIBITS SALE OF RACE TIPS

Any person who sells tips on the races, handicap sheets or other information to beat the races will be arrested and prosecuted according to an order issued by Chief of Police Irving Ward today. The maximum penalty for conviction is \$100 fine and 30 days in jail, or both, according to City Attorney Ellis De Bruler. Tip sellers who are arrested will be prosecuted under section 24 of city ordinance 16,046, which defines tip selling as a misdemeanor. Last year tips were sold in a score of cigar stands on First and Second avs., but their existence will not be tolerated this year. According to the order issued by the chief, it makes no difference whether tips are sold on the streets

# CONSIDER FIRE BOAT PLANS

Plans for the new city fireboat were considered by the board of public works today. Fire Chief Bringham was present and suggested a number of changes from the details which had been outlined by the architect. The new fireboat will be a two-stacker. The boat will cost \$125,000, will have two large monitors, one fore and one aft, and six fixed nozzles. The vessel is expected to be much superior to the Squonah, which has been in service for many years.

# POOLROOMS MUST NOW CLOSE

(By United Press.) NEW YORK, June 20.—Police Commissioner Bingham announced this afternoon that none of the court's action yet taken would deter the police from stopping betting at the race tracks until he receives a decision from the city corporation council. Governor Hughes instructed Acting District Attorney Elder, of Kings county, today that a verbal bet is a plain violation of the law, and instructed him "to go to any extreme to perform the duties of his office."

# PROHIBITS SALE OF RACE TIPS

Any person who sells tips on the races, handicap sheets or other information to beat the races will be arrested and prosecuted according to an order issued by Chief of Police Irving Ward today. The maximum penalty for conviction is \$100 fine and 30 days in jail, or both, according to City Attorney Ellis De Bruler. Tip sellers who are arrested will be prosecuted under section 24 of city ordinance 16,046, which defines tip selling as a misdemeanor. Last year tips were sold in a score of cigar stands on First and Second avs., but their existence will not be tolerated this year.
