DEMANDS \$40,000,000 FROM AUSTRIA

(By United Press.)
VIENNA, Dec. 11.—Just what amount the Ottoman Porte will accept from Austria in compensation

for the annexation of Bosnia and Herzegovina, and to prevent war, is the question that is worrying Franz Joseph's diplomats here. The Turkish sultan intimated that \$1,000,000 would be acceptable. This was contemptuously refused and since that time Abdul Hamid has raised the demand to \$40,000,000.

HOW IT MIGHT HAPPEN. IV.

The motorman knows that this is the saddest accident in the whole list. A little child comes out suddenly from behind a tree or wagon and runs quickly across the track—after a ball perhaps. The child is busy—intent upon its play. The motorman is straining every muscle in his body to stop the car! But it simply CANNOT be done in time. Not with the best car ever built or the best motorman who ever handled a brake. The wheels go over and —. Suppose it was YOUR little boy or girl.

Keep the children from playing in the streets. Tell them EVERY day to look out for wagons and street cars.
