## STEVIER BLANKS HOPEFUL TURKS

Five scattered hits were all the Turks could get off Eddie Stevier yesterday, while the Cats pounded Miller for fourteen safe clouts and a shut-out game. Tooley Raymond scored the only fouls of the matinee on the very first ball batted. It didn't have any effect on the run-getting though, and for eight innings the fans saw President Dugdale's bunch of prospective pennant winners go down to ignominy in errorless baseball.

## SHERIFFS STOPPED HUDSON-MARINO BOUT

Two sheriffs and a score of deputies were the reasons Eddie Marino, of Calgary, and Chick Hudson, of Seattle, did not mix it at Langley, yesterday afternoon, with the militia.

Both the sheriff of Island county and the sheriff of Snohomish were tipped off, and no matter which side of Hat Island the bout had been pulled off, the officers would have been on the scene.

Outside of Marino, Hudson, preliminary men and corner men, few went up from Seattle yesterday. The main sufferer is C. A. Baker, chief promoter for the Olympic Athletic club at Langley.

## THE GELLAR CHAMPS BEAT THE LEADERS

(By United Press.)  
CHICAGO, Sept. 22.—The high and mighty leaders of the American league were both bumped yesterday, and by the cellar champions of the league, to wit: the humble St. Louis Cardinals and Washington Nationals.

The Tigers did manage to split even with Washington in a double-header, but the Athletics lost to St. Louis without any strings. The strain of the recent series at Philadelphia probably caused the slump. The Tigers are now leading the Phillies by exactly three games, which isn't a very secure foundation for a pennant.

## "ANGEL" SPEAS FROM PORTLAND

PORTLAND, Or., Sept. 22.—Bill "Angel" Speas goes from Portland to the American league next spring as a Nap recruit, and the Coast fans say he will burn 'em up around the big circle, just as he did in Akron, and as he has been doing here.

Baseball scouts who have watched Speas declare he is a better man right now than any of the nap regulars, and being but 22, with a head of normal size, he is willing and able to learn all the tricks supposed to form an essential part of a big league's schooling.

## BROOKLYN IS AFTER KLING FOR MANAGER

(By United Press.)  
KANSAS CITY, Sept. 22.—Brooklyn is to have a new manager next season. Mr. Charles Ebbetts is tired of the near-cellar location, and is looking over the baseball horizon for a Napoleon to lead the Superbas out of the ditch.

He would like to saddle the burden on John G. Kling. Kling has received the following letter from Ebbetts: "Friend John: I expect to make a change in the management of the Brooklyn team next season. I have Mr. Murphy's permission to write you on the subject. Do you think you would prove successful as manager? If I arrange a deal whereby you will be traded to Brooklyn, will you accept the position and play in a majority of the games? I do not want you unless you are perfectly satisfied. Study this matter and let me know your terms."

Kling says the offer will go the way of all the others. "I can make more here," says John.

## SOUTHERN LEAGUE FLAG TO ATLANTA

The Southern League season closed Saturday with Atlanta the pennant winner. Atlanta won the flag two seasons ago and Nashville last year.

Nashville, Montgomery, New Orleans, Mobile, Little Rock, Birmingham and Memphis finished in the order named. Nashville led the race this year until Manager Bill Barnhart, an old-time Cleveland player, was taken sick, and accidents caused several changes in the infield.

CHICAGO, Sept. 22.—The wheat market started with a hesitating tone, with prices a fraction lower to a fraction higher. The closing was 1/8c lower to 1/8c higher.

## FEW BETS ON COMING YOUNG

HOWEVER, ROLLER AND WARNER WILL PUT UP A MIGHTY STRUGGLE.

With the match of Doc Roller and the erstwhile "Unknown" Bert Warner drawing near, little betting is being made on the outcome. Roller's defeat at the hands of Ordean, who threw the local man around like a rag doll, despite the fact that Roller was 10 pounds the heavier, has lost for him the financial backing in a betting way of many who would otherwise have wagered all they had on him to defeat Warner, who is the smaller man by 30 pounds.

Joe Carroll, the man who brought Ordean out here from Minnesota, said that he thought Ordean could turn the trick, but Carroll could say he "thinks" when he is talking about Warner. Joe says there's nothing to it. Warner is one of the greatest wrestlers for 130 pounds in the country and he showed it when he so clearly outclassed Big Youssif at the Arena not so long ago. Warner got out of a sick bed to do it.

On the other hand it must be remembered that Roller is a giant to handle and that no man with the exception of Gotch and Ordean has ever shown that he had the brawn to pin the doctor's shoulders to the floor. If Roller loses to Warner he will be put down as a has-been and he knows it. Furthermore he isn't ready, from all appearances, to quit the game.

Another feature of the match is the well known fact that neither man cares a snap about the other personally. They are bitter, both of them, and they are going to do some fierce wrestling. It is expected that the Arena will be crowded to the doors with fans when the match comes off next Friday night and arrangements to seat the crowd are being made.

Both of the principals are in constant training and consequently are in good condition. The fans should see a mighty good match when these grapplers get together.

## FIRING CY YOUNG COST BOSTON FLAG

Lou Criger says that if he and Cy Young had been retained by the Boston Americans, the Red Sox would have won the pennant. As things are now, Criger cannot see a chance for the Taylorites to get near the flag.

"If John I. Taylor had kept Cy Young and my humble self another season," he said, the other day, "he would have walked away with the American league pennant this season."

"It isn't so much the Criger end of it that would have made the winning of the pennant easy. Cy Young is the man. One more year in Boston would have been enough of the game for Cy, and the old veteran would have been able to celebrate his last year by winning the flag, a most fitting climax to a wonderful career."

"My own part would have been played in the catching of Young. I am not the best catcher in the world, but I am the best man to catch Young."

## SETTLED A VIRGINIA LEAGUE PENNANT TIE

(By United Press.)  
RICHMOND, Va., Sept. 22.—The tie for the pennant of the Virginia league was settled by the board of directors, who gave the flag to Roanoke. Norfolk was tied for first place until the directors threw out a game won by them, because the contest was transferred from Portsmouth to Norfolk without the sanction of the league president.

## FIRST OF THE MARATHONERS ON THE SCENE

Marsh, Holder of World's Record on Track Course, Arrives With McGrath From Vancouver.

John D. Marsh, holder of the world's record over the Marathon course, made at Toronto, Canada, May 1 of this year, arrived in Seattle today, with Tim McGrath from Vancouver, to get ready for the Guggenheim 10,000 Marathon next month.

Marsh's last victory was at Butte, where he copped a \$5,000 Marathon September 12. Marsh is also the winner of the Tacoma Marathon, where he covered the 26 miles, 385 yards in 2:42. He won the \$3,000 Marathon at Vancouver August 20, and the Canadian Marathon Derby at Toronto last May 1, against the biggest cracks in the country. It was there he made the world's record on a track course of 2:39:37.

McGrath, who has been the best man ever seen west of the Alleghenies, brought Alfred Shrubb down today also, but Shrubb runs a two-mile exhibition at Calgary Friday night.

McGrath also has the entries of Art Byrne, a Canadian crack who ran in the Olympic games at London last year, Alex Rowan, who ran second to Marsh at Butte the other day, and Paul Acocose, a well known Indian runner.

Lou Houseman, ex-reporting editor of the Chicago Inter-Ocean, will reach Seattle tonight with the proper dope on Hayes, St. Ives, Longboat, Dorando, Swambrug, and Philbeaux. Lou may bring one or two of the men with him. His wire to McGrath states all the mentioned stars were assured except Dorando, who was a possibility.

Con Connelley and Soldier King, of San Francisco, are the only big men left to be heard from.

## MUCH INTEREST IN THIS MURDER TRIAL

In the presence of a large crowd of spectators the selection of a jury to determine the fate of Jean Fortier began in Judge Gilliam's court this morning. Fortier is accused of murdering his brother and the latter's wife, and much interest centers in the case because of sympathy that was aroused for the murderer's wife and family, who were left destitute after his arrest following the commission of the crime.

A plea of insanity produced by wrongs inflicted on Jean Fortier by his brother and the latter's wife will be made by the defense.

## AGRESS WAS SUMMER GIRL OF KING "ED"

(By United Press.)  
NEW YORK, Sept. 22.—When women get their right to vote Max Elliott, the beautiful California actress, will cast her vote for King Edward VII., according to views which she confided today to an active press agent who is not a whit afraid of publicity.

"King Edward is really charming and he is so nice to Americans," the press agent says that Miss Elliott remarked.

But Miss Elliott was much annoyed when an American newspaper referred to her as "King Edward's summer girl," and her press agent said: "How awful; really the American newspapers terrify me. I am afraid to pick one up. It's dreadful. Now the English papers are so nice and respectful, one is not afraid of them at all."

Throughout the whole interview, according to the press agent, there was not a single "my word" or "don't-cher-know" from the lips of the American actress.

## WOMEN AND CHILDREN TORTURED BY FIENDS

HORRIBLE ATROCITIES BEING COMMITTED BY RUSSIANS ON JEWISH PEOPLE.

BERLIN, Sept. 22.—Not since the great massacre at Kishinev in 1903 has the German press been so aroused over an anti-Jewish outrage as it is today over the reports of the terrible massacre at Kief and its suburb Solomko, coupled with the frantic efforts of the Russian government to suppress the news.

The official news agency of Russia, which is controlled by the government and sends out such matter as is given official sanction today is denying the reports of the massacre, but the special correspondents of the great Berlin newspapers and of the United Press confirm the reports.

The Berlin office of the United Press was the only agency which sent an account of the massacre to the United States yesterday. The Berlin papers today are filled with long accounts of the horrible slaughter and merciless torture and mutilation of bodies.

It is learned that neither women or children were spared and that many were killed outright while hundreds were wounded and tortured. The reports say that the houses of the Jews were sacked and demolished, their property and personal belongings being destroyed.

When the massacre was at its height the murderous mob seemed directed only by frenzied desire for blood and destruction.

None of the perpetrators have been arrested and it is evident that the authorities condoned the outrage.

It was announced today that prominent Jews of Berlin will send a protest direct to the czar.

## U. P. WILL BUILD SOUND EXTENSION

(By United Press.)  
NEW YORK, Sept. 22.—Extensions aggregating two thousand miles are being planned for the Southern and Union Pacific lines,

according to a statement today by Julius Kruttschnitt. The extensions, many of which will be under way shortly, call for an expenditure of approximately \$100,000,000. Foremost among the plans of the Hariman interests is the extension of the North Pacific branch, recently constructed between Centralia and Grays Harbor to Puget Sound, through 100 miles of the finest timberlands in the west. Of the 400 miles of Southern Pacific extension now under way, 173 are being constructed to supplement the present line in Oregon.

## YAKIMA FOLK ARE HAVING A BIG DAY TODAY AT THE FAIR

"Valleys of Yakima" people started the celebration of their day at the A.-Y.-P. exposition this morning at 8:45 when they congregated at Pioneer square and took cars through the business districts of the city shouting the praises of Yakima county. At 10:30 the fair grounds were reached, and a parade led by the Yakima Juvenile band and by Wagner's A.-Y.-P. band traversed the grounds.

Exercises were held at 11 o'clock in the Auditorium, where Senator Wesley L. Jones, C. H. Hanford, I. A. Nadeau and Judge Carroll E. Graves delivered speeches.

Tonight at the foot of the Pay Streak special fireworks, consisting of set pieces of red apples of the Valleys of Yakima, will be displayed. The official badge of the day was much in evidence, and a large crowd of the Eastern Washington people intend to remain in Seattle for several days.

## MRS. A. S. ALLEN DEAD

Mrs. Ann S. Allen, wife of the general secretary of the Seattle Y. M. C. A., died last evening at the Seattle General hospital only a few hours after she was taken there. Mrs. Allen had been sick for some time.

Mrs. Allen is very well known in social circles in Seattle. Her husband has been a member of the executive board of the local Y. M. C. A. for many years. Mrs. Allen lived at 1162 15th av. N.

## CREEPS INTO DINGY JAP LODGING HOUSE TO DIE IN A BUNK

Creeping into a dingy Japanese lodging house at 424 Jefferson st., conducted by S. Nojiri, early this morning, a ragged, emaciated tramp begged for shelter.

Though hardened to the troubles of outcasts the Japanese helped the vagrant to a bunk.

As the ragged inmates of the house were stumbling out in the cold gray of daybreak this morning Nojiri touched the beggar to waken him.

He found the man dead, his pinched, unshaven face still showing a wan smile.

Nothing was found in his clothes to identify him and the body is being held at Butterworth's pending identification.

## BELT LINE WILL BE BENEFIT TO THE CITY

W. A. Mears, manager of the transportation bureau of the Chamber of Commerce, has withdrawn his objection to the granting of a franchise for a belt line half way around Lake Union.

This announcement, made by him at yesterday afternoon's meeting of the council corporations committee, removed the last bit of opposition to the new road proposed by the Northern Pacific.

Mears said he had come to the conclusion that the line would greatly benefit the community through which it would run. The franchise will be further discussed at a committee meeting next Tuesday afternoon.

Some sermons might be more interesting if they were not one-sided arguments.

## TO RETAIN FIFTEEN EXPOSITION BUILDINGS FOR THE UNIVERSITY

The use to which 15 exposition buildings will be put after the fair has been pronounced upon by the board of directors of the state university.

The buildings committee made recommendations yesterday afternoon. It suggested that the new building be occupied as a residence by President Thomas Kane of the university. The structures will be used as follows: Fine Arts building for a residence for the university; Administration building for a building for the Y. M. C. A.; Fine Arts building for a residence for the university; Fine Arts building for a residence for the university; Fine Arts building for a residence for the university.

The legislature voted the university an appropriation of \$100,000 to be used in taking over buildings as may be desirable for its purpose.

When the blind attempt to the blind the result is out of the question.

Excursions on Lake Washington. Steamer Fortuna leaves for park for around Mercer Island times daily. Two hours for the round trip.
