The Turks got the lead (6 to 2) early in the game, but the three pitchers used by Lynch all had their off day, and the Indians, by heavy slugging and a few passes, evened up matters, finally winning out.

### BIG DOUBLE CARD AT PHOENIX CLUB TONIGHT

The Phoenix Boxing club's double card, scheduled for Arcade hall tonight, looks on paper to be the fastest glove affair carded in the amateur ranks for some time. Pete Muldoon, the speedy Ballard boxer, will go against Steve Reynolds, of Everett, in the main event, while the semi-windup will bring the peppery little paperweights, Willie Vetro and Willie Parrell, together inside the

Muldoon has not been seen in action for some time, owing to the fact that he disposed of all the local light-heavyweights and middle-weights with such ease that his cafe, 1594 First av.

BEN LOMOND, Cal., June 6.—I felt naked and ashamed to enter the sacred grove of the Bleeps Worshipers at Jeffries' Rowardennan training camp without diamonds.

A young woman laden to the knuckles with sparklers fluttered about. The loud-vested outpost who issued verbal latch keys to the pugilist's character exhibited a big white fellow like an are light on his little fellow like an are light on his little finger.

I was terrified. A domestic pug who was also a solitude eater was to be routed from his lair in the depths of the woods by a person without a single diamond with which to flash a friendly signal.

The pilgrimage led over wire fences and around rustic shelters. Prosperous looking friends of Jeff's stood by the way. There was Walter Kelly, the "Virginia Judge," in the disting room "booking a test onto his water." "hooking a steak onto his system, and Jack Wooley, bosom friends of the "Big Fellow." It was the dingy chrysalis of a bed, Tex Rickard, fight promoter, and Jack Jeffries, in their glad ratment, that convinced one that Jeff would be a butterfly outburst with diamonds, the size of potatoes and checks on his coat like city blocks.

Instead, there stood a great, abashed person leaning against the foot of a bed like a great awkward schoolboy. There was no burst of glory, just a suit of loose-fitting dark clothes and a negligee shirt. He was watching Mrs. Jeffries through his long black lashes while she pinned pink roses, which his heavy hands had pulled from the hedges, in her hair and against her throat.

nor Eddle Marino expects the slight-est difficulty in making the weight for their match here next. Friday night, both boys are putting in a lot of time on the road, and both are already in condition to put up the fastest mill seen in Seattle for a long time. According to the articles, the boys will have to be down to the 132pound notch at 6 o'clock, and with a full ten days of steady training, this should be easy for both. McVeigh has to pay more attention to the weight than Marino, but he is al-

PASSED BALLS

Bob Brown didn't take George Capron with him to Spokane. Wonder if—?

Dode Brinker believes that his official jinks Bill Nichols must have been to the game yesterday, as the big fellow failed to get a hit when everybody else was graphly at the standard one in the seventh, the seventh, the seventh, the exception of Jensen, who cut the Tacoma batters off in their prime as fast as they appeared before him.

Vancouver made four boots, but only one did any damage, a run coming in when Brinker dropped a fly, his nearness to the fence causing him to misjudge the ball.

The Vancouver team left last night for Spokane, where they will take the Indians on for a series.
