TRY IT! SAYS SAGE TEA DARKENS AND BEAUTIFIES FADED, GRAY HAIR

Mixed With Sulphur, Makes Hair Soft and Luxuriant and Removes Dandruff

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming to vogue again, says a well-known downtown druggist. It was our grandmother's treatment, and hundreds of women and men, too, are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears, and after another application it is restored to its natural color.

Freckle-Face

February and March Bring Out Un-sightly Spots—How to Remove Easily.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of othine, double strength, from the Barrell Drug Co., and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds in February and March have a strong tendency to bring out freckles, and as a result, more othine is sold in these months. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles.
