**Of Interest
to the Sick
Read It**

No matter how long you have been a sufferer, or how much you have doctored with medicine, and no matter how little relief you may have received, do not despair. There is a better way, a surer way, a way that goes right to the seat of the trouble, removes it and allows nature to restore you to health. I use no medicine in any form. I trace the nerves controlling the organs affected from their origin to their termination, locate that which is causing the trouble, remove it, and by means of life-giving energy that has been cut off to the organ affected. The cause being removed, you are soon on the road to recovery. I do not accept a case unless I have good reason to believe I will cure it. I make no charge for consultation or examination, and I court honest investigation. If you are interested come to my office. I will explain my method to you so plainly and so simply that you will be convinced beyond the hope of being convinced, you will see that this method of healing the sick is common sense, pure and simple, and a god-send to suffering humanity. You see it is your duty to investigate.

**Vitality of Youth
For Men Who Have Lost It**

Wouldn't you like to be the man you were a few years ago; to have the same ambitious spirit, the strength and vitality that you used to possess? Would you like to be free from pains and aches and to feel that you are the equal in strength of any man of your age? You can be if you will obey the appeal here made to you.

All that you lack is vitality—new life. You are like an engine without steam—you haven't the motive power to keep the machinery of your body working properly. Anything that will restore your "steam" will make a new man of you. Drugs have been tried and they can be cured and the "Electricity" is life. That is what you require, and the proper use of Electro-Vita will give you health and happiness.

Electro-Vita is a scientific device for saturating the human body with powerful but soothing current of electric life, for hours at a time, without the least shock or unpleasant sensation. It sends a constant, unbroken stream of electricity, which it sends through every nerve and tissue of the body, restoring vitality and strength, and giving every organ the power to do its work as intended. When your body has sufficient electric energy to satisfy the demands of nature, disorders cannot exist.

Electro-Vita is a self-charged body battery for home use. It is like electric bells, faradic batteries and other contrivances you may have seen or used.

Men who are nervous, run down, and unambitious will find that electricity as supplied by Electro-Vita will quickly put them in good condition.

The man does not live who cannot be made a better man by the application of Electro-Vita. Those who have used it say that it is the grandest invigorator of the age.

Because you have experimented with faradic batteries or taken electric treatment from physicians without being cured is no reason why our method should prove a failure. The doctor's battery can be applied for a few minutes at a time, and that is not enough to cure. Besides, that method is inconvenient and expensive. Electro-Vita can be used all day or night without interfering with your work or rest.

Just put your name and address on this coupon and mail it to us. We will send you a full particulars regarding Electro-Vita, together with our free 90-page book, which explains many things you ought to know about the disorders of men and women. This book tells you in simple language how you can be cured and the privacy of your home, without the use of drugs. It tells how various disorders are brought on through overwork and how they are easily cured by electric treatment. It is beautifully illustrated with pictures of well-developed men and women showing just how Electro-Vita is applied. Don't let this book go. VARSITY TO HAVE LIGHTEST TEAM IN CONFERENCE

**40 CANDIDATES
ARE ON HAND AT
FIRST PRACTICE**

That the University of Washington will have one of the lightest eleven in the conference the coming season, appeared evident Monday when 40 aspirants for positions on the squad responded to Coach Doble's first call.

A task of building up a championship eleven out of a majority of green men, confronts the ingenious coach.

There are seven "W" men back, but all of these were not regular members of the first squad.

The workout Monday afternoon consisted largely of picking and fielding the ball. The coach spent a great deal of his time instructing the candidates.

Of the veterans who turned out Monday were Capt. Anderson, Bud Young, Hunter, Shiel, Leader and Norman. It is expected that Jacquot and Miller will return to school shortly and that they will try for a place on the regulars.

There is a scarcity of material from the local high schools out for positions on the squad. Riddle, Queen Anne and Sharp, Lincoln, two of the best high school football men in the Northwest, were out. Fred Madigan, fullback, and Bud McDermott, quarter, of Broadway, also aspire to wear the colors of the varsity.

The varsity's first game is against the Everett High on September 21. Everett played the first practice game against the U. of W. last year and was defeated 50 to 0.

SURE OF IT NOW

PHILADELPHIA, Sept. 16.—"There is nothing to the American League race now but the Athletics. The Naps cannot outstrip us now."

This was the prediction today of Connie Mack, leader of the Philadelphia club.

"The Athletics now are going to prepare for the world's series," he said. "And I believe the Giants will be our opponents. When the Naps were beaten yesterday their last hope melted."

**JONES OVERRULES
BROWN'S PROTEST**

PORTLAND, Sept. 16.—Holding that Bobby Davis had been purchased from Walla Walla prior to August 26, and was a legal member of the Portland team, President Fleider Jones of the Northwestern League has overruled a protest of last Friday's game, filed by Manager Brown of the Vancouver team. It was Davis' two-bagger that started the rally that resulted in defeat for the Vancouver team.

**Only Survivor of America's Crew
Tells of Great Race 62 Years Ago**

Capt. Thomas Lashmar, Who Tells of the Great Race He Sailed in 1851 by William G. Shepherd Special Correspondent.

COWES, Isle of Wight, Sept. 16.—The America cup for which Sir Thomas Lipton intends to make another race in 1914, is 62 years old, and during its existence it has spent every minute in America.

"There's a man alive today, and I've found him, who was a member of the crew that won that America cup. He is the only known survivor of that race and, strange to say, he is an Englishman. His name is Capt. Thomas Lashmar and his age is 83.

"Don't I remember that race?" he said. "And what a ship that first America was!

All Europe was excited. "I was 21 years old and I lived on the Isle of Wight. I had heard that Bobby Davis had been purchased from Walla Walla prior to August 26, and was a legal member of the Portland team, President Fleider Jones of the Northwestern League has overruled a protest of last Friday's game, filed by Manager Brown of the Vancouver team. It was Davis' two-bagger that started the rally that resulted in defeat for the Vancouver team."

"My, but I was a happy lad when Colonel Shenley, or whose schooner I was employed, told me that he had lent me to the America and that I was to be a member of the racing crew."

"It was a queer day, as far as the wind was concerned. At 10 o'clock in the morning all fifteen ships started at the sound of the gun. Some of them immediately got a There was no wind at all and no time was set for completing the race. The yacht started eastward, under a wind from the west.

Overhauled its Rivals

"From the very start the American began to pass other boats, and ahead of her, the Beatrice, the Aurora, the Volante and the Arrow."

"Dick Brown, sailing master of the America, had put in a jibboom, but it was in his way. His boat, too, was so long that he was afraid to hug the shore, as the other boats did. He was a wonderful sailor, however. It wasn't very long before he had overhauled the other four boats and was leading them all by several miles.

"We had one scare in the afternoon, though, when the wind died down. There was a tide against us, and we were so far out that it affected us more than the other boats. The Aurora and the Arrow, keeping in shore, almost caught up with us.

"The Arrow, however, went aground and was out of the race. The Aurora was doing some wonderful work, but the wind

JERRY IS LUCKY

Jerry Leary, who is said by the police to have admitted the theft of \$48 from a fellow passenger on board the Princess Victoria from Vancouver last Sunday, may not be tried.

Because the vessel is Canadian, neither Prosecutor Murphy nor U. S. Attorney Bidell would issue a complaint, declaring they had no jurisdiction.

**MEIKLE, BROWN
AND GIPE GO UP
BY DRAFT ROUTE**

The Northwestern league will lose nine players by the draft route at the end of the present season. This was made known late Monday afternoon when the national baseball commission at Cincinnati announced the draftings.

Six of the nine players drafted from this league have been secured by the Cincinnati Nationals, of which Joe Tinker is manager. In Seattle, two players by the draft, in Pitchers Alvin Gipe and Willard Melke.

Roy Brown, released less than a week ago by Spokane, which cuts Seattle out of the drafting price, \$1250. Brown and Gipe were obtained by Cincinnati and Melke by the Boston Nationals.

Cincinnati has also secured Douglas, Spokane; Barham, Victoria; Kippert, Vancouver, and Narveson, Victoria. Fitzsimmons, Spokane, has been drafted by the New York Americans and Helman, Portland, by Detroit.

RANDOM SHOTS

Jackson ought to begin taking a batting brace now, upon learning that his services are not sought by several major league clubs. The announcement of the drafts, in which he is not, must have eased up Jackson's mind, noting that he obtained three hits Monday.

Some fellows never can let a glint rest. Here's this poor old crippled cogder, Melke, drafted by the Boston Nationals.

For one day, now, Art Pelkey has made no admittance of being sore, doped or drunk.

Doble had his squad out for practice Monday. Of course we can expect the same line of talk from the coach as heretofore. "A dinky turnout, all green men, a weak line, a rotten backfield, and not a chance in the world." Outside of that, the coach probably thinks highly of his squad.

This is not intended as an advertisement, but they say Studebaker and Ford, Washington aspirants, work like machines.

Oh, whatever has San Francisco done that a ship should be thrust upon their fair city? Clabby and Petrokes have been matched to box 20 rounds in Frisco October 3.

Imagine the sorrow of the Varsity boys over Japan at the thought that school has begun.

V
Clothes Show

The week of September 15th in the Veith-Cammack Co. store will be devoted to a Clothes Show—an exposition of styles for men and young men from the house of achievement—Adler-Rochester, tailors of America's finest ready-for-service clothes.

This will be the first time in the history of fine clothes displays in Seattle that men and young men have had the opportunity of becoming posted on the correct styles of the season that have been provided for them nationally. Thus permitting men and young men of Seattle, who we know demand the very newest and very best, to choose their styles from models that are derived from every authoritative style source of the world.

Here will be shown models that are reproductions and adaptations of the most popular styles from English and Continental centers, from New York's Fifth Avenue master tailors, and from every other authoritative American style source.

Furthermore, all the exclusive Adler-Rochester creations are here, and—most important of all—here are also especially designed models for Seattle's most critical dressers—who always look to this store for individuality and style in their clothes.

The displays will include more than twenty-five distinctive and advanced style models of Overcoats and Suits—the widest range of styles from any one maker ever shown on the Pacific Coast.

Models for Business, Dress, College, Motor, Travel and Storm service will be included. The displays we are sure will be most interesting as well as instructive.

This is a cordial invitation for you to come in and look around—you will not be asked to buy—we want you to know the correct styles—we want you to want the splendid Adler-Rochester Clothes. After you once have seen these excellent garments we are sure Adler-Rochester Clothes will be your natural choice for your Fall or Winter suit or overcoat.

**Suits and Overcoats Specially Tailored
\$22.50 TO \$50.00**

The Busyman service is a new feature here which permits you (if you prefer) to select these garments at your home, your office or your place of business. Phone or write for an appointment—and an experienced representative will bring samples and models and be of all possible assistance to you.

Come in and see the new London Full Dress Clothes—English Motor Coats and Overcoats—the new English, College and Fifth Avenue models—the exclusive new English, Scotch and Irish fabrics—as well as the finest American products.

Come in and look around—get posted on the new styles—if you have decided not to purchase now it will be a big help when you are ready. You are most welcome and you will not be asked to buy.
