

# HERE'S STORY OF A CHAMPION FIGHTER WHO IS A REAL MAN; SENSATIONAL RISE OF JOHNNY KILBANE FROM POVERTY TO PROSPERITY

**CHAPTER I.**  
In the realm of Flatland there are boxers and boxers. This story is about a boxer who is different—different from the average make-up of jolts and jabs as Broadway from the slowery.

It is a story about a champion who prefers his home to the cafes and his own babies to the squad and babes usually found in the entourage of a champion.

One of the best-known and most popular figures in Cleveland, O., is natty Johnny Kilbane, champion featherweight boxer.

## NEW Y. M. LEAGUE

Through the efforts of R. J. Rogers, the association's enterprising baseball manager, the Y. M. C. A. promises to cut a big figure in local baseball next year. Rogers has drawn Everett, Bremerton and Tacoma into a scheme for a big Y. M. C. A. league, which will make its debut for the 1914 season.

There is a strong probability that the winner of the four-club league will be matched with teams of the Portland and San Francisco associations for the championship of the Pacific coast.

The Y. M. C. A. season starts in May. Turnouts will be held beginning with the first of March.

## ANDERSON WINS

LOS ANGELES, Dec. 10.—The incessant use of the kidney punch by Bud Anderson won by the knockout route for the Medford boy in his scheduled 20-round bout with Frank Barribeau, the Canadian, here Tuesday night. Anderson put Barribeau away in the tenth round. A volley of blows on the back of the neck put the weakened Barribeau down for the count.

## FIXING SCHEDULE

That the majority of the Northwest league magnates will agree to the schedule for the 1914 season as it is now being arranged by Judge W. W. McCredie, owner of the two Portland clubs, appears probable. McCredie will submit the latest to the directors at the big annual meeting scheduled for Portland, on December 21.

## MURPH'S CHANCE

SAN FRANCISCO, Dec. 10.—The champion, Willie Ritchie, will defend his title against Harlem Tommy Murphy in a scheduled 20-round bout here tonight. The odds are 10 to 4, favoring the title holder.

## BAKER RETURNS

Jess Baker, the former Spokane pitcher, and later sold to the Chicago White Sox, will again tread on the Northwest diamonds. President Farr of the Spokane club has bought Baker's release outright from the San Francisco club, in the Coast league.

## BOWLING

The Mohawks trounced the Chippewas in the Seattle Athletic club tournament Tuesday night. Grinnell rolled a high score of 234, and 192 for high average.

Mohawks ... 688 714 629—2,031  
Chippewas ... 650 649 691—1,990

## CLARK vs. GOOD

Tommy Clark will meet Sammy Good in the headliner at a smoker to be given in Snohomish tonight, under the auspices of the Garden City A. C.

## TENER SIGNED

NEW YORK, Dec. 10.—Gov. John K. Tener of Pennsylvania, was Tuesday elected to succeed T. J. Lynch as head of the National League. It is said Tener will receive \$25,000 a year during his four-year term.

## FRANKLIN PLAYS

Franklin's first basketball team will meet the faculty team in a game in the school gym Thursday afternoon, at 3 o'clock.

## JIM FLYNN LOSES

NEW YORK, Dec. 10.—Battling Levinsky outpointed Jim Flynn in a ten-round bout here Tuesday night.

Approximately \$60 was added to the fund being raised by the Red Cross and committee through Monday's performance at the Third Avenue moving picture house. The entire proceeds were given over to the committee.

one of his big touring cars can recall a comical sight, a few years ago, when Johnny Kilbane was an A. D. T. boy.

Then a spindle-legged tad of 12, Johnny used to plod along on a rickety old bicycle, pushing the pedals only when they reached their highest point, for the reason that he could reach them at no other time.

For Johnny Kilbane, now enjoying the wealth that has come to him since he climbed to the championship over the head of Abe Attell, was as poor as Job's turkey in the days when he was hustling messages about the streets of Ohio's first city.

Johnny's mother died when he was a little fellow, and his father lost his sight while employed in a foundry. The boy lived with his grandmother, over "under the hill," a section of Cleveland's west side, inhabited chiefly by folk who came to the New World from the land of the sunnrock and the snow.

When Kilbane had to get out and hustle to help drive back the wolf, his first employment was as messenger. His business instinct, developing early, he purchased an old bicycle for \$3, when he saw boys who owned wheels making more money than those who had to hustle their messages on foot.

Graduating as a messenger boy, Johnny went to work as a press feeder in a job printing office.

Kilbane's next job was as a dock hand. The foreman of a crew employed near Kilbane's home, looked over the slender little chap and growled that he didn't need children for men's work, but Johnny blarneyed him into putting him to work, and it was while juggling crates and barrels that the boy built up the physique which has since carried him through many a hard-fought battle.

Leaving the wharf gang, Kilbane went to work as a switchman, working steadily until a full business resulted in a lay-off and led to his career as a boxer.

Jimmy Dunn, a boxer, was training outside of the city for a match with Phil Brock. Dunn spent one night alone in his camp, and then telephoned a friend in the city to send some one to camp with him.

The friend turned away from the telephone, and the first boy he saw was Kilbane, to whom he put the proposition of going out to Dunn's camp. Kilbane accepted, and there opened the career in which he has been so successful.

## THREE NEW PENNANTS OUT THIS WEEK

A new shipment of pennants has just reached the office, and this week three new pennants can be secured. The new pennants are Montana, Wyoming and Kentucky. They are all in different color felt and make a very attractive collection by themselves. Pennants can be secured for one cent, clipped from the front page of The Star and 15 cents for each pennant, when presented at the main office of The Star, or any of the branch offices. If ordered by mail, enclose 5 cents additional for each pennant.

# QUINCY VALLEY FARM LANDS

# TODAY

MORNING, AFTERNOON AND EVENING AT 114 JAMES STREET, SEATTLE

## SEATS RESERVED FOR LADIES

At 10 o'clock this morning I started my auction sale of QUINCY VALLEY FARM LANDS in blocks of 40 acres, to be sold to the highest bidder and on such terms as no other property has been sold for in this state.

For 10 days I have told you more about QUINCY VALLEY than you ever knew, and should I talk for 10 days more or even 50 days longer—I could not tell you one-half the news about this country and what a 40-acre farm means to you.

My platform is QUINCY VALLEY. Every plank in it IS a forty-acre tract. Every spike is a twenty-dollar gold piece. I will drive them home today and give you something better than you ever had to stand on with me—farm life and wealth—the greatest thing in the world.

## IT IS SQUARELY UP TO YOU

You are too intelligent to make it necessary for me to argue this point with you. You know, as all the world knows—that good farm land will never again be purchased for so little money as it will be sold for at my LAND AUCTION—today. With the influx from abroad on the opening of the Panama Canal—land values will jump 25 to 50 per cent higher than they now are. WHAT ARE YOU GOING TO DO ABOUT IT?

## AS TO MY AUCTIONEER

I HAVE PROCURED A MAN OF INTERNATIONAL REPUTATION—MR. FRED PHILLIPS, KNOWN FROM THE ATLANTIC TO THE PACIFIC.

He is a man of integrity, who long ago passed out of the auctioneering business and whom I had to pry loose from his own business to make this sale for me.

He is a member of the Long Island (N. Y.) Real Estate Exchange, the Brooklyn (N. Y.) Real Estate Exchange, the Queens County (N. Y.) Real Estate Exchange, and was one of the organizers of the Berkeley (Cal.) Real Estate Exchange, as well as having formerly been a member of the United States Realty Association.

Before he would consent in any wise to make this sale—he made a thorough inspection and investigation of my property and methods. He is the kind of a man who would not lend even one word to anything but the cleanest cut kind of a proposition, all the way from the ground to the cupola.

Unqualifiedly—he indorses every aspect of the offer I am TODAY placing before you. In an interview yesterday he stated that: "I have examined 25,000 acres of land in Pasco valley, Washington; know every foot of the Okanogan country on both sides of the boundary line, and have for a long time had a thorough acquaintance with all of the Wenatchee country, but I have never seen BETTER SOIL for the growth of products than in QUINCY VALLEY. To test the soil, I took a shovel with me and dug down in it. At ten feet below the surface I found the soil the same as at the top. Water shows everywhere in QUINCY VALLEY at a depth of 50 to 100 feet."

## THIS IS THE DAY—NOT TOMORROW

This has been a rapid fire campaign and I have told the story just as it occurred to me—perhaps roughly, but sincerely and truthfully. In respect to QUINCY VALLEY, I have nothing further to add, unless it be—ne plus ultra.
