

OUTLAW LEAGUE AFTER HANS WAGNER

MAJOR LEAGUERS CONSIDERING OFFERS

HERE'S AIRLINE MAP OF NEW FEDERAL LEAGUE'S CIRCUIT; MILEAGE IS LESS THAN THE NATIONAL'S

The War Map of the Federal League. The Heavy Line Shows the Air Lines Between Federal League Cities, and the Light Lines the Air Line Distances Between National League Cities. The Federal League Circuit is 2,095 Miles; the National, 2,125 Miles.

The completed circuit of the Federal Baseball league shows a fairly compact organization for traveling purposes, with one exception—Kansas City.

John R. Foster, business manager of the New York National League club, predicts the long jump from Kansas City to Toronto and vice versa will be the rock upon which the Federal league will be wrecked.

Foster says the Giants lost money on Western trips last season, despite the fact that the club

PITTSBURG, Jan. 8.—Today is a day of activity for the Federal Baseball league, and if deals awaiting the players' decision go through, interest in the outlaw organization will be considerably enlivened before the morrow.

Six major league stars, among them Honus Wagner, the celebrated Pittsburger, have offers from the Federals under consideration. Howard Camnitz, former Pirate pitcher and now with Philadelphia, is considering an offer from the Federals. Camnitz is one of two Philly pitchers approached by the Federals. Al Brennan, his teammate, is thinking over a proposition made him by the invaders. Brennan and Eugene Packard, Cincinnati pitcher, conferred with Joe Tinker, manager of the Chicago Federals yesterday in Chicago in regard to contracts.

Three members of the Cleveland Naps may jump to the Federals. Pitcher William Steen, outfielder Liebold and catcher Steve O'Neill have been asked to consider terms.

It is reported that O'Neill and Liebold have turned down the proposition.

The fifth man considering terms today is Art Kruezer, center fielder for the Los Angeles club in the Coast league.

Kruezer probably will sign with the Kansas City team at a salary of \$3,000 per year for three seasons.

WOULD RATHER WIN PENNANTS

PORTLAND, Or., Jan. 8.—Judge McCredie acknowledged today that he had, after considering the matter for two weeks, turned down an offer to buy a half-interest in the St. Louis American club.

"I prefer a top-notch minor league franchise to a second-class major league club," he said.

CAN IT BE DID?

Providing he can arrange to report late at the spring workout, Bob Brinker, the Vancouver pitcher, will coach the University of Washington baseball team next season. Brinker has taken the matter up with Owner Brown.

RANDOM SHOTS

Managing a baseball team and tooting a horn in the Salvation Army, with anticipation of an advancement in the ranks, do not go well together. Ergo, "Bob" Rogers, who has charge of the Y. M. C. A. team, and who is recognized as one of the best semi-professional coaches in the state, has given up baseball.

Rogers directed the baseball nine last season and finished with a record of only losing ten games in 36. The team was the first ever representing the local association, and, after the season, it was decided to make the national game a permanent sport at the "Y."

But Rogers has now joined the Salvation Army, and given up his baseball activities. And there is much gloom at the association.

Graduate Manager Horr, of the university, today has a proposition under consideration to play the big annual Washington-Whitman football game, scheduled for Denny field, October 24, in the Tacoma stadium. A number of Tacoma business men have offered the university a guarantee of \$1,500 if the game is played in that city. The Tacoma high school, which will play the certain winner, will furnish \$500 of the amount.

The schedule for the varsity season has been completed, and, beside the four regular conference games, Washington will play three practice games, as was done last season. The Bremerton All-Navy eleven has agreed to the first meeting of the year against the Dobleites. Washington's conference schedule so far reads as follows:

Oct. 24—Whitman at Seattle or Tacoma.

Oct. 31—Washington vs. O. A. C.

With the biggest class in the history of the institution on hand, Andy Erickson, who has succeeded Harvey Donaldson, resigned, as wrestling instructor of the Y. M. C. A., promises to turn out a string of grapplers capable of beating anything that comes their way this season. There are 55 aspirants for places on the squad. The best of the talent will be put through its first test when Tacoma comes here January 17. Matches will be held at six weights. Preliminaries will be run first, wading up with the finals.

A letter from Harvey Donaldson, the former Y. M. instructor, who resigned to become director of the Potlatch Lumber Co. Athletic club, says that prospects are very favorable there and that he has a big bunch of material to work with. Donaldson says he's going to put Potlatch, Idaho, on the map as an athletic community.

It is taking the Seattle United, erstwhile leaders in the Northwest soccer league, a long time to get over the walling received at the hands of the Hiscok Diamond goal keepers last Sunday. According to a number of local fans certain members of the Diamond brigade probably have never seen Black Diamond. The only score the United got came when Bobby Gray of Diamond tried a fancy kick over his head, and booted into the opponents' net.

It looks as though Georges Carpentier, the French champion, is going to make the same mistake that a great many other boxers have made. Carpentier, after his defeat of Bombardier Wells, became imbued with the idea that he was invincible, and ready to tackle any heavyweight in the business. Joe Choynski, one of the greatest fighters who ever put on a glove, was of the same frame of mind and went out of his class to tackle heavyweights. Joe, however, really was a wonderful fighter, although he scaled, when at his best, only 160 to 165 pounds, but he demonstrated that, with all his great fighting ability, he could not cope successfully with men much bigger than himself. Carpentier, from all accounts, has proven himself a very formidable fighter, but he weighs only about 168 pounds. It is a question whether he can get 25 pounds or more to take on a veteran fighter like Joe Jeanette.

Ralph Horr, the varsity graduate manager, broke away from the grind of the job Wednesday for the first time since he was elected to that position. Ralph spent the day chasing around with his pals, handing out cigars, and conveying the word, with fatherly pride, that 'twas a girl.

VARSITY HAS THREE DATES

The University of Washington has closed negotiations with three Northwestern league clubs for practice games next season—Seattle, Tacoma and Victoria. Manager Horr has definitely arranged to play no less than three games with the Seattle squad.

A number of intercollegiate games will be staged at Dugdale's Rainier valley lot next season, during the absence of the local club. The campus will not be left entirely without games, as about a half-dozen half schedule is being arranged. The purpose of playing the games downtown is for the gate receipts. In view of the brand of ball put up by the college boys, Horr is confident of a fair gate at each game played on the league lot.

HUERTA WILL MEET WINNER

SAN FRANCISCO, Jan. 8.—Jack Johnson, the colored heavyweight, and Gunboat Smith, now recognized as the world's heavyweight champion, will meet in a 20-round battle in the city of Tia Juana, just across the Mexican border, July 4, if a San Francisco promoter is successful in his plans. Smith has consented and Johnson has the proposition under consideration.

MATCH PARISIAN WITH M'GOORTY

SAN FRANCISCO, Jan. 8.—Advices received here today from Australia declare that Georges Carpentier will be sent against Eddie McGoorty for the light-heavyweight championship, at Sydney, on Easter Monday. It was declared that McGoorty finds it none too easy to make the middleweight limit and has announced he stands ready to meet Carpentier at any time.

ELECTS OFFICERS

Election of officers was held by the Swedish Business Men's association Tuesday night. Those chosen were: J. E. Ostrom, president; C. J. Smith, vice president; H. B. Helien, secretary, and Hugo Carlson, treasurer. The following trustees were elected: V. Hallgren, J. E. Veak, Capt. John Anderson, B. A. Sandstedt and Eric Johanson.

The Manhattan theatre will give a special matinee Sunday afternoon, January 11, from 2:30 till 5:30, free for all children under 12 years of age. Children from the homes are especially invited to come.

TOMMY TO QUIT

SAN FRANCISCO, Jan. 8.—Writing to a San Francisco sport writer from Los Angeles, Harlow Tommy Murphy announced that he will quit the ring if he loses to Ritchie, January 23. "I have been in the game since 1900, which means just 14 years," wrote Murphy. "I sincerely believe that I can beat Ritchie, but if I lose I intend to quit the game."

NOTHING DOING

Charley Fullerton, diminutive Seattle pitcher, has sent a written request to President Dugdale that Dug place him with the Pittsburgh Nationals on a conditional contract. Fullerton is now at his home in Freeport, Pa. A reply is on its way in the mail today, telling Charley that there will be nothing doing.

PLAN TO FORM NEW LEAGUE IN SEATTLE

Lacrosse, the leading sport in Canada, will be introduced in Seattle next summer, with prospects of a number of crack British Columbia teams participating, according to the plan proposed by the Northwestern Soccer league. There is considerable talk of the organization of a league. The games will be played at Dugdale's park, if it can be arranged.

MUCHLY RIVALS

Scotland and England will meet in annual battle next Sunday, when soccer elevens composed of Scots and Brits settle their argument of local soccer supremacy on the Fort Lawton grounds. The two teams will be picked from the clubs in the Northwestern Soccer league.

PARCEL POST MAP FREE

To All New or Old Mail Subscribers With a Six Months' Subscription to The Star

The Seattle Star has had a wonderfully useful map made up, showing all the various parcel post zones, and the shipping rates there in.

This map is beautifully made up in several colors, and shows all the rivers, towns, cities, etc., in the State of Washington, together with giving the population of the various places, and the shipping costs from each postoffice. This map is so valuable that we have supplied the Seattle postoffice with several copies.

In addition to a large map of the State of Washington, a map of the United States is shown, and also a map of the world.

The Star wants everyone of its mail subscribers to be supplied with one of these maps, and is making the following offer: Every subscriber who renews his subscription promptly for six months or more will be mailed one of these maps, absolutely free.
