WHAT'S DOING IN POLITICS

POLITICS Getain shrdiu emfwp etain shrdiu etainun Candidates for mayor have been invited to the Progressive league meeting tonight at the Good Eats cafeteria.

As expected, none of the ten aspirants for the mayoralty withdrew from the race, and all will probably continue to the finish.

Friends of J. Y. C. Kellogg are planning a strong progressive organization to elect the former councilman on the charter revision committee.

"While many citizens refuse to get excited over the mayoralty situation," said Ole Hanson today, "I will take an active interest in the election of the charter commissioners, in an effort to obtain as progressive a commission as possible."

J. V. Helton, candidate for the two-year term for the council, has issued a platform in which he declares against cafes, for a municipal employment agency, municipal lodging house, municipal commission and warehouse, the early completion of the municipal car line, the condemnation of the Leaton Inn, etc.

Ira Luncy boosters will meet tomorrow noon at the Good Eats cafeteria.

The Ministerial Federation will endorse a candidate for the mayoralty Thursday, it is announced.

All of the mayoralty candidates have been invited to address Driftwood camp of the Modern Woodmen of America tonight at Moose hall, Second av. and Seneca st.

J. D. Trenholm is favorable to the suggestion of publishing before the primaries the campaign expenses, although he believes his expenses will run higher than the others, because the rest filed a long time after he did.

"But, let me say now," he adds, "that when my statement is made, it will disappoint those who are responsible for the exaggerated rumors which have reached me."

"What ails Seattle?" asked H. C. Pigott, at the meeting in Dunlap. "The same thing that Tom Johnson had to fight in Cleveland—the unholy alliance of privilege, liquor and vice. The dangerous candidates are not Gill, or Winsor, or Rausch. The dangerous candidates are the 'good business men.'"

ONLY CORPORATIONS GUILTY

JUNEAU, Alaska, Feb. 3.—District Attorney John Rustgaard, explaining the compromise by which the six corporations in the Alaska steamship and railway combine pleaded guilty and were fined, while the individual officers were dismissed, today said the department of justice was compelled to accept that position because it was apparent no conviction of the individuals could be obtained. In the case tried last year, he said 10 jurors favored conviction of the corporations, and only five would convict the individuals.

The conspiracy case, brought upon the complaint of the Humboldt Steamship Co., was started February 15, 1912, and charged the six companies and the individual officers with restraint of trade by monopolizing wharf facilities at Skagway, Alaska, and by making lower through rates over their lines than could be made by those not in the conspiracy. The fines assessed by United States Judge R. W. Jennings yesterday aggregated \$25,000, as follows: Pacific Coast Steamship Co., \$6,250; Alaska Steamship Co., \$5,000; North Pacific Wharves and Trading Co., \$10,000; Pacific & Arctic Railway & Navigation Co., \$2,000; Canadian Pacific Railway Co., \$500; Pacific Coast Co., \$1,250.

NAVAL FIGURES ARE JUGGLED

WASHINGTON, Feb. 3.—Congressmen Witherspoon and Hensley charged that navy department experts had juggled statistics so as to make America appear the world's third sea power, when it ought to be second, next to England and ahead of Germany.

11 INJURED IN TRAIN WRECK

ST. LOUIS, Feb. 3.—At least 11 were injured, some seriously, when a Wabash Chicago-St. Louis passenger train crashed into the rear of an inbound Alton passenger train, in North St. Louis, today.

15-YEAR-OLD GIRL IN RECITAL

At a piano recital to be given tonight at the Press Club theatre in her honor by Seattle society women, Miss Blanche Lillian Kaplan, 15, of San Francisco, will appear as the feature. She is accompanied by her father, Rabbi Bernard M. Kaplan, who will take the child to Berlin for further musical training.

UNION MINERS OF THE WESTERN COAL AND MINING CO., AT COALGATE, OKLA., STRUCK UNTIL A NON-UNIONIST NAMED RODDY WAS DISCHARGED.

Roddy sued the union for \$100,000. Oklahoma supreme court commission decides that the unionists had a right to strike for the reason given, and that Roddy has no case. Says any man has a right to quit when his employment is uncongenial. Sounds right constitutional.

SELL BONDS IN OPEN MARKET

The county commissioners have decided to place on the open market the \$50,000 court house bond issue. The contract let ten months ago with George H. Tilden & Co., for the sale of the 5 per cent bonds at \$112.10 premium, will be disregarded on advice from the prosecuting attorney.

SAY RAILROADS MUST SAVE

WASHINGTON, Feb. 3.—More light was thrown on its attitude in regard to pleas by Eastern railroads for permission to raise freight rates by the interstate commerce commission today. Addressing representatives of the railroads and of the shippers today, Commissioner Harlan specified certain services which he declared the railroads were giving without cost to shippers. He declared the commission soon will set a date for a hearing, when it will consider the question of making a reasonable charge for such services. His intimation was that, in this added revenue, the railroads' plea of insufficient earnings might be met.

ALASKA DEVELOPMENT BOARD

WASHINGTON, Feb. 3.—A bill was introduced yesterday by Senator Chamberlain of Oregon, for the creation of an Alaska development board to take charge of all Alaskan matters that are now distributed among several departments in Washington.

NEW YORK DOCTOR DISCOVERS "THE MENACE OF RADIUM."

Pretty expensive menace, at \$1,500,000 per ounce.

AND WENATCHEE HAS IT, TOO

WENATCHEE, Feb. 3.—Judge Grimshaw will be called upon Thursday to determine whether the recall petitions against Councilmen Wilson, Hines, Pybus and Zener are sufficient as to form. City Clerk Smith refused to prepare a synopsis, on the ground that the charges do not state sufficient grounds for recall.

IT IS DANDY FOR TACOMA

OLYMPIA, Feb. 3.—The supreme court upheld the public service commission in fixing the same shipping rates by rail from Tacoma as from Seattle, although it is a shorter haul from the latter city. Seattle, Spokane and Tacoma were designated as distributive centers, and when the railroads fixed a rate of 99 cents per 100 pounds from Spokane to Seattle and \$1.07 from Spokane to Tacoma, the Tacoma transportation bureau protested.

IS NOT WHAT SHE USED TO BE

SAN FRANCISCO, Feb. 3.—United States Circuit Judge Morrow awarded the Inland Navigation Co. \$25,000 as damages from the Alaska Steamship Co. for the loss of the stern-wheeler Telegraph, which was sunk by the Alameda when the latter vessel crashed into Colman dock, Seattle, April 25, 1912. The Inland company asked for \$45,000, basing damage on the cost of the vessel. The court held stern-wheelers have a lower market value now.

A REALTY CLEARING HOUSE
