

HEAVY REDUCTIONS GO SWEEPING THROUGH THE BON MARCHÉ'S MUSLINWEAR SECTION

—During the Second Week of the June Sale of White—

And all the lines that have become rather depleted, and their name is legion, have been still further reduced.

Small chance to tell you of the beauty and economy of each of the bargains when there is about 50 of them—a single sentence—or a single line, will have to suffice.

THE BON MARCHE

Union Street, Second Avenue, Pike Street. Telephone Main 6825.

HOLD HOME-MADE SHOW

A second Manufacturers' and Merchants' Industrial fair will be held during the week of August 17 to 22, at the Armory, under the auspices of the Manufacturers' association of Seattle, to create interest in and stimulate the greater use of Washington-made goods. The display this year will be larger and better than last.

The industrial committee, which is to have supervision of the fair, consists of C. M. Williams, chairman; O. D. Fisher, H. J. Gilie, Chas. W. Loomis, Forrest E. Smith, Wm. Anderson, Harry F. Conly, Chester E. Roberts and Thomas J. Thorsen. Forrest E. Smith, the secretary, has established offices at 926 Henry building. D. B. Duncombe, last year's manager, is acting in that capacity this year.

THEN LOOK FOR JOBS

With the University of Washington seniors developing gray hairs over examinations, the plans for commencement week are worrying them, as well.

It begins Sunday, with the baccalaureate exercises in Meall hall, and closes with the graduating ceremonies the following Wednesday. Class day exercises, June 15, and president's reception to seniors, faculty and alumni, will be followed by Alumni day Tuesday, when will be held Phi Beta Kappa initiation, alumni-faculty baseball game, alumni dinner, etc.

And after that they'll be around looking for jobs.

TO HOLD RESCUE CONTEST

The first of what is hoped will become annual contests between mine rescue teams from coal mines of the state will be held on the University of Washington campus, July 22 and 23, under the supervision of J. J. Corey, in charge of the University mines rescue station.

Fifteen teams will contest. By next year it is believed interest will be so stimulated that perhaps fifty teams will be in the field.

A tunnel and smoke house will be constructed on the campus, and teams will be required to "rescue" bodies from the smoke-filled rooms and apply first-aid methods.

STARVING MOB GIVES UP

U. S. S. CALIFORNIA, Mazatlan, June 7.—(By Wireless to San Diego, June 8.)—A mob of starving women today followed Gov. Rodriguez through the streets and implored him to surrender the city to the rebels and end the famine, which is becoming more serious daily.

The crowd, which included many emaciated children, followed the governor to his residence and begged for food. He finally arranged to distribute small supplies of corn each day to keep the people alive.

THAW MAY BE FREED

WASHINGTON, June 8.—Harry Thaw's legal representative, ex-Gov. Stone, appeared today in the supreme court for bail for his client. He gave as the main reason why Thaw wanted his freedom under bond the necessity for his presence in Pittsburgh in connection with pending litigation.

TOLLS VOTE IS NEAR

WASHINGTON, June 8.—Senator Simmons of North Carolina predicted today a vote on the resolution providing for the repeal of the exemption clause in the Panama canal act will be reached in the senate tonight. Others thought it impossible for a vote to be reached before tomorrow.

GET AWAY WITH \$1425

SAN FRANCISCO, June 8.—The police are looking for the burglars who bored a hole Sunday through a safe owned by Henry Rosenthal, proprietor of the meat stalls in Spreckels market, and fished out four sacks containing \$1,425 in gold coin.

The burglars wheeled the safe from Rosenthal's office to the rear of the market, and under the glare of a bright light, evidently worked several hours.

DAD'S BAND WILL LEAD

Seattle will be the assembling point for the Ad clubs of most of the Pacific coast cities for their trip to Vancouver, B. C., Thursday. The annual convention of the Pacific Coast Advertising Men's association will be held at the Canadian city Thursday, Friday and Saturday. There will be a big delegation from Seattle, headed by Wagner's band.

AMATEURS AT THE MET.

Fifty young folks of Queen Anne hill, organized into a dramatic society to study and produce Shakespeare, will offer their first play, "As You Like It," at the Metropolitan Saturday night.

"TAKE MEXICO," HIS CRY

TACOMA, June 8.—In announcing his candidacy for congress, Geo. Hazard, an old-time democrat of this city, commits himself to a three-fold purpose. He advocates the election of George Turner to the senate, "the permanent occupation and annexation" of Mexico, and the carrying of "our boundary to the canal."

WILL PAY INDEMNITY

EL PASO, June 8.—Rebel representatives here agree to pay \$15,000 gold indemnity to the heirs of Gustave Bauch, a German-American who disappeared some time ago at Juarez, and is believed to have been executed, though this was never formally admitted.

Gen. Villa says the Mexican property left by the late William Benton to his widow will be protected.

OPPOSES AMENDMENT

WASHINGTON, June 8.—Declaration that he considered the Norris amendment to the resolution providing for the repeal of the exemption clause of the canal tolls bill unnecessary was voiced today by President Wilson.

The president declined to indicate whether he would approve the bill if so amended. Senate leaders said there is not doubt the president will sign the measure, but predicted if the Norris amendment is adopted, he will file a memorandum outlining his views.

BUSINESS LOOKING UP

An optimistic note is sounded in the sixth semi-annual report of the Seattle National bank on trade and crop conditions throughout the Northwest.

An estimate is made that the total wheat yield for the Northwest this year will be 111,000,000 bushels, in comparison with 102,890,000 bushels for 1913.

The lumber business is noted as unsatisfactory, but constantly increasing in production.

FLOODED WITH TROUBLE

Troubles have piled up for Mrs. Walter Harvey, of 2143 N. 61st st., in whose back yard deputies dug up several hundred dollars' worth of jewelry, believed to have been stolen by her 19-year-old boy, Arthur Waters, who is in jail at Portland. The mother collapsed after the discovery of the jewelry. She gave birth to a baby girl Friday. The infant died. Her three little girls were taken to the Volunteers of America home, to be cared for until the woman recovers.

10,000 SEE PAGEANT

The Broadway high school historical pageant, in song and dance pantomime, staged by Broadway girls, assisted by boys, Saturday, at Volunteer park, proved an enjoyable spectacle for some 10,000 people. The rain did not prevent them from completing the program.

OPENS SCHOOL FOR BOYS

With the intention of developing boys into healthy, happy, law-abiding citizens, Frank G. Moran, boys' secretary of the Seattle Y. M. C. A., has announced the incorporation of a school for boys at Mantou park, on Bainbridge Island. D. C. Wilson, M. A., of Princeton university, will be principal, and Mr. Moran will be head master.

FIGURES ON CONVENTION

Chairman Hugh C. Todd is undecided whether to call a state convention. County Chairman Trenholm favors it, and is ready to issue a call for a county convention in July. Todd is taking the matter up with the state committee.

WHAT'S A BROKEN ARM?

With his broken arm in a sling and City Health Commissioner J. S. McBride at his side to watch after his physical needs, Mayor Gill will accompany members of the Tillikums, Elks and other booster organizations to the Portland Rose carnival Tuesday night.

LOS ANGELES, June 8.—Accompanied by police detectives, Mrs. Georgia Simmons-Burke, who confessed to sending poisoned candy to Mrs. Wm. Dagg of San Diego, left Los Angeles today for San Diego. She denied intention of killing any member of the Dagg family.
