Auto Goes Into Sound; Babe Killed

One death, and four miraculous escapes, resulted Thursday night at 6:30 when an automobile plunged backward thru the railing on Railroad ave., between Bell and Battery sts., and disappeared in Elliott bay. Muriel Wanamaker, 3-year-old daughter of E. A. Wanamaker, vice president of the J. W. Godwin Co., commission merchants, is dead. Mrs. E. A. Wanamaker, his wife; Mrs. Jessie E. Cribley, the dead baby's grandmother; Miss S. C. Johns, a friend, and Miss Selma Westerland, a maid, who were rescued from the wreckage, escaped after heroic efforts on the part of sailors from near-by ships, are suffering from nervous shock. The automobile was driven by Mrs. Cribley. She was attempting to turn on a narrow roadway, when the machine got beyond her control.

Sailor Goes to Rescue
The women screamed as the car plunged to the water. Hans Larson, a sailor from the Burnside, was the first to the rescue. He dove after the women, without removing any clothing. He was followed in rapid succession by R. N. Fulton, a sailor from the U. S. revenue cutter Manning; W. H. Penrose, a seaman, and J. F. Dowling, 406 28th ave. S.

Meantime the police and fire departments had been notified, and rescue parties dispatched. Motorcycle Policeman M. S. Arbogast dove twice in an attempt to find the body of the little girl.

After remaining under water three minutes the last time, he came up with a report of failure.

Recover Girl's Body
A fire engine was called from the Madison st. station. D. E. Cross, agent for the port commission at the Bell st. wharf, dove with a rope, which he made fast to the auto. The fire engine then pulled the car upright.

Cross went down again, and this time found the girl's body. A pulmotor was applied for a half hour, but without success. The body was then rushed to the city hospital, where another vain fight was made for her life.

Mrs. Cribley, who is suffering the severest shock, went to the city hospital with Miss Johns. Mrs. Wanamaker and Miss Westerland were taken to the Seattle General hospital.

All but Mrs. Cribley, would, it was thought, be able to go home Friday.

CHERRY FAIR AT SALEM
SALEM, July 2.—With the city streets gay with flags and bunting and with the crowning of Queen Anne XIV., the annual cherry fair opened today for a two-day celebration.

Former Congressman Wooten will speak and Mme. Mary Louise Cleary will sing at the Democratic club's luncheon Saturday noon in Good Eats cafeteria.

To Protest Firing of U.S. Colors

BY JOHN EDWIN NEVIN
WASHINGTON, July 2.—Germany's reply to President Wilson's last note regarding the Lusitania and the submarine warfare, is now understood to be in the hands of the kaiser for approval. Indications are that it will reach Washington probably Tuesday. It is expected to be friendly, but not final.

The next step will then be a new American note to England, demanding modification of the order in council.

The administration will also insist that British vessels stop flying the American flag.

GUNS BATTER DOWN TURKISH FORTRESS

ATHENS, July 2.—A terrific assault against the Turkish positions before Kirthia began Wednesday and is now in progress.

Eight allied warships, headed by the superdreadnaught Queen Elizabeth, are pounding the fortifications in the most violent bombardment since the attack upon Klid Bahr several months ago.

Unconfirmed reports reaching here declare Kirthia has fallen before the attack. All Mytilene dispatches reaching here today reporting the new assault declare the losses of both the allies and Turks during the last week have been heavier than at any time since the fighting on the Gallipoli peninsula began.

The allied losses are declared to be at least 10,000 in killed, wounded and missing.

ZEPPELIN BLOWS UP

AMSTERDAM, July 2.—A Zeppelin, leaving its shed at Brussels Wednesday, exploded and was destroyed according to dispatches here. The cause of the explosion is not known, and whether there were any casualties is not known.

ITALIANS PROTEST

ROME, July 2.—Italy has formally protested to the triple entente against Montenegro's occupation of Scutari.

The allies are said to have assured the Italian foreign office that the question of the possession of Scutari will be definitely settled at the end of the war. Montenegro has long desired Scutari and captured the city after a long siege in the last Balkan war. Demand was made that the Montenegro evacuate the city at the close of the war and an international blockade was ordered to enforce the demand.

AVIATOR SINKS FOE'S SUBMARINE

ROME, July 2.—A French aviator bombed and sank the Austrian submarine V-11 in the Adriatic, it was officially announced today.

The submarine was one of the most recently built of the Austrian navy and was a vessel of 800 tons. The submarine is supposed to have carried a crew of 25.

REPORT ADRIATIC LINER IS MARKED

NEW YORK, July 2.—Reports that the liner Adriatic, which sailed Wednesday, has been marked for attack by a German submarine were ridiculed at the offices of the White Star line today. It was denied that the Adriatic carried contraband. Officials said there was no reason why the Germans should endeavor to sink her.

TURK FEARS BULGAR

SOFIA, July 2.—The government archives and all precious relics in the mosques of Adrianople have been removed, owing to the fear that Bulgaria will declare war upon Turkey in the near future, according to advices here today.

COUNTER ATTACKS MADE BY GERMANS

PARIS, July 2.—Violent counter attacks are being made against the allied lines by the Germans from Arras to Ypres. The British, in the region of Ypres, are being subjected to terrific bombardment, today's official communication stated. The artillery action is followed by massed attacks of enemy infantry attempting to storm the British positions.

OLD-TIMERS KICK ON AUCTION PLANS

ANCHORAGE, Alaska, July 2.—General dissatisfaction with the plan to auction the lots on Ship Creek townsite to the highest bidder found expression today in telegrams to Secretary of the Interior, Lane, Gov. Strong and Delegate Wickersham. The one to Lane read:

"Today 1,194 signed a petition asking your assistance in changing the system of selling lots to the highest bidder. Poor Alaskan residents practically shut out."

Tons of U.S. Supplies in Mexico City

GALVESTON, July 2.—An official telegram from Gen. Carranza's headquarters, stated today:

"Red Cross Agent O'Connor and Consul Gen. Shanklin have arrived safely in Mexico City with two tons of medical supplies. They passed both the Carranza and Zapata lines without interference. Gen. Gonzalez defeated the Zapatistas east of Mexico City and captured several cannon and a quantity of munitions, the message said."

VILLA DOESN'T WANT JOB

WASHINGTON, July 2.—Gen. Villa does not desire to be president of Mexico.

In fact, no man of the Villista faction wants the post. The revolution in Mexico is now a fight by Gen. Carranza to gain control of the government, while the Villistas are resisting in behalf of democratic principles, desiring only to turn the government over to some one lawfully entitled to the leadership.

This was the way Gen. Angeles, former chief lieutenant of Gen. Villa, summed up the Mexican situation in an interview with the United Press today.

"The revolution is being fought for the restoration of constitutional order," said Gen. Angeles. "The new government should be set up by lawful means, so as to have legal sanction."

HIGHWAY OVER MOUNTAINS IS THROWN OPEN

Sunset Highway, one of the most picturesque automobile roads on this continent, is today open to tourist travel.

Official dedication of the road, which connects the eastern with the western part of the state, took place Thursday at Snoqualmie pass.

Over the roar of water plunging down the gorges of the swift Snoqualmie, the voice of Gov. Lester arose, proclaiming the highway the "road of friendship" between the East and the West.

Mayor Gill also spoke, as did other notables gathered in the pass to solemnize the occasion. Several thousand people were there, having made the pilgrimage from Seattle, on the sunset side, and Ellensburg and other cities and towns on the other side of the Cascades.

The highway rises 3,100 feet in 52 miles, thru virgin forests, and at no place is the grade heavier than 5 per cent.

Bryan will not be in Wenatchee when Liberty bell is there, July 13, he wires to Wenatchee committee.

'LET 'EM FIGHT,' SAYS STAR'S SPECIAL INVESTIGATOR IN MEXICO IT'S THE ONLY WAY OUT FOR THE MASS OF THE PEOPLE; THEY AREN'T IN WAR YET, HE SAYS; CHIEFS LEAD SCATTERED BANDS

BY DAVID BRUCE
CHIHUAHUA, Mexico, July 2.—Why this shedding of blood in Mexico? Is it necessary? Is it the best—the only way out? For months now I have been watching the situation here. Have been living with the people—have been able to feel the pulse of the masses—and of the country. I have watched the effect of the victories and defeats of each chief-tain. And I have watched the effect of each cloud of intervention that has gathered to the north—over the border. Should this country be pacified—pacified against its will and at this time? Or is it worth the shedding of blood and the destruction of property that a people may be freed? Or should the people be pre-

The photograph of Gen. Huerta, above, was made while he was mowing his lawn at his U. S. A. home on Long Island. The artist has changed the grass to peons.

vented from rising and so perpetuate the system that has made Mexico a nation of slaves? **Mexico Awakening**
For the last four years, the 80 per cent in Mexico have been slowly awakening, slowly coming to realize what has been done to them in the past and what is being done to them in the present. They are almost ripe now, I think, to assert their rights—I am sure they will do so if whipped by hunger. Would you send them back to their holes with mendicant's loaves of bread? I do not want to see food sent here, and I do not want to see American soldiers sent here. **People Aren't Fighting NOT UNTIL MORE BLOOD HAS BEEN SPILLED HERE**

—SPILLED BY THE PEOPLE THEMSELVES—WILL THE PEOPLE BE PERMITTED TO GAIN THE UPPER HAND. And when they begin to spill blood I am afraid they will run to excess, to horror, perhaps. Not any one military chief can bring order out of the chaos here. For there have been few liberators in the history of the world. And those few, if you look back and consider a little, were liberators who headed an aroused people. **BUT IT IS NOT THE PEOPLE WHO ARE FIGHTING TO FREE THEMSELVES.** Massachusetts has six living ex-governors.
