

I Am Fighting to See That the People Get a Square Deal in Dental Work!

DR. L. R. CLARK

And like everyone else who does something out of the ordinary, I have to stand a lot of abuse and vilification from jealous and disgruntled competitors. But I will not be swerved from the path that I know is right, no matter how much mud-slinging I must stand for.

I will continue to give the very best services of high-class, graduate and registered dentists, who have graduated from the best Dental Colleges and have passed the State Dental Board examination, and have their certificates hanging right on the wall in front of their dental chairs. I will continue to give this kind of service, at the very lowest prices, and trust to my satisfied patients to build up this business in spite of all knocking by jealous competitors.

HERE IS WHAT REGAL DENTAL SERVICE MEANS TO YOU:

- 1—The services of high-class, graduate registered dentists, who know how to do your work as it ought to be done. Their certificates hang right on the wall in front of their dental chairs, in plain sight.
- 2—The very best materials that money can buy with which to do your work.
- 3—Absolutely painless methods. We have every modern facility that human ingenuity has devised to do the best dental work without hurting the patient.
- 4—A guarantee that is a guarantee—not a mere slip of paper with no signature on it. Our guarantee is signed not only by the operator who does your work, but also by Dr. L. R. Clark, manager, and owner of this office. You positively cannot get unsatisfactory dental work done HERE.
- 5—The lowest prices given by any reputable dentist or dental concern in this part of the country. It is a fundamental principle of ours that we positively will not be underbid on price!

This is the kind of service we offer, and on this we rest our case. If this disgruntled competitor who is continually delving back into ancient history and doing a lot of barking about us, can offer service anywhere near as good as ours, let him step forward and show it like a little man—if not, we suggest that he throw away his hammer, buy a horn and spend more of his time on studying up on dentistry.

When you can get service such as we have told of above at no greater cost, and in most cases less, why take chances experimenting with the other kind? Don't delay having your teeth fixed. They are a vital part of your general health. We will give you a thorough examination and estimate free of charge, and you'll be surprised to find how little it will cost to have your teeth put in first-class condition.

Special Invitation to Visitors From Out of Town: You are invited to call and see one of the best equipped, most up-to-date and sanitary dental offices in the Northwest, and at the same time meet Dr. Clark, the man who is leading in the fight to give the people the kind of dental service they are entitled to.

If you need dental work done while in the city, we have facilities to get it out quickly for you, and our painless methods will not interfere in the least with your enjoyment of your holiday.

TEETH PULLED FREE each morning from 8:30 to 10 to demonstrate our painless methods.

They were playing poker, and after one of the fellows had been cleaned out, one suggested they use street car tickets on a show down. All agreed, but when tickets were pulled out, the third chap found he had none.

"Here, I'll lend you one," said the big winner.

"That's not fair," said the second winner.

"Sure, it's fair," said the loser. They played.

TODAY'S BEAUTY HELPS

COMPLEXION BEAUTIFIER—Nothing is more repulsive than to see a woman with her face all daubed with face powder to her desire to hide marks of age. Instead of using powder, which clogs and enlarges the pores, it is far better to use a good face lotion that will improve and permanently benefit the skin.

By dissolving four ounces of spruce in one-half pint hot water, you can make an inexpensive lotion that will do wonders as a skin whitener and complexion beautifier. It removes all shininess, sallowness and roughness, and gives the skin a smooth, velvety tone, while it does not rub off easily like powder, nor does it show on the skin.

MAKES HAIR FLUFFY—By washing the hair with a teaspoonful of canthox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water, one finds that it dries quickly and evenly, is unstreaked, bright, soft and very fluffy, so fluffy, in fact, that it looks more abundant than it is and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt, and leaves a clean, wholesome feeling. All scalp irritation will disappear, and the hair will be brighter and glossier than ever before.—Advertisement.

BY BETTY BROWN

Since we have had so much rain this summer, we have been forced to devise some way of beating the weather man at his own game.

As a result, the Waterproof Lid has come into being, and now we simply don't care how hard it rains.

Miss Sophie Schauls is one of the exponents of this new anti-wet headgear.

Miss Schauls is famous as the girl whom the Fashion Art league picked as the prettiest manikin in America.

According to Mme. Marguerite, the creator of the fashion idea which is calculated to make the weather man ashamed of himself, the washable sailor is made of the new glazed chintz and linen.

The brim is faced with linen, which is carried out over the top of the brim, making a binding of about two inches. A white cord drawn loosely around the crown completes the hat.

No matter how wet it gets, this little lid looks as chic and smart as ever.

There simply is never any telling at all where the little Miss Fashion is going for her ideas.

Now she has traveled half way round the world and has landed right in Tokyo, where the little Geisha girls have shown her one of the ways by which they make themselves picturesquely beautiful.

Miss Schauls was wearing one of the Geishas the other day and found it very fetching indeed.

"The Geisha hat is made of natural colored linen," Mme. Marguerite, whose idea it is, told me, "and it has a rose pink facing made of sippers."

Two roses are laid on the top of the Geisha, which match the facing and give this Oriental piece of head-gear the needed touch of color to make it suit our rosy-cheeked American Misses of 1915.

The "Waterproof Lid" is the hat at the top of the photograph; the "Geisha hat" is below.

PLANS CELEBRATION

JUNEAU, July 8.—The Juneau Commercial Club yesterday endorsed Juneau's participation in the 1917 celebration, marking the semi-centennial of Alaska's purchase by the United States.

Keep the floor of the storeroom free from bundles—use boxes to store the articles and set them up bookcase fashion so it is not necessary to lift one from the other when you want something in the bottom box. A board nailed across the front and only half way up will keep all the contents intact and easy of access.

NO DOUBT THAT RESINOL DOES HEAL SICK SKIN

When you know physicians have prescribed Resinol for 20 years in the treatment of eczema and other itching, burning, unsightly skin eruptions, and have written thousands of reports, saying: "It is my regular prescription for itching," "Resinol has produced brilliant results," "The result it gave was marvelous in one of the worst cases of eczema," etc., etc., doesn't it make you feel that "this is the treatment I can rely on for MY skin-trouble?"

The moment Resinol Ointment touches itching skins, the itching stops and healing begins. With the aid of Resinol Soap, it almost always clears away every trace of eczema, ringworm, pimples, or other distressing eruption quickly, leaving the skin clear and healthy. Sold by all druggists. For trial free, write to Dept. 23-R, Resinol, Baltimore, Md. Great for sunburn.
