

TACOMA TIGERS WIN SIXTEEN-INNING BATTLE WITH MAILS

MAILS DROPS RECORD GAME TO M'GINNITY

It took the Tacoma Tigers three hours to subdue Tealy Raymond and his Giants here Tuesday. A pass to a left-handed hitter in the sixth, Kippert's triple to left and an error in judgment—giving Stevens a first base instead of walking him for McGinnity—which Stevens hit for two bases—allowed Tacoma to tie the score, and four rousing line smashes on the back of the ball in the sixteenth round gave them three runs and the victory, 6 to 3. Mails simply lost everything he had in the final inning.

As Spokane lost to the Beavers, the Giants lost a chance to cut down the lead. The chances are both Seattle and Spokane will win today, for that is just the way luck has been breaking lately for Tealy's men. Every defeat like that one Tuesday makes pennant hopes grow dimmer.

Jack Smith may be the fastest man in the league, but he quits cold as a force out. Twice yesterday Smith failed to second when Raymond hit to an infield point, instead of racing pell mell for the bag to bother the fielder as much as possible. Smith makes it easy for the other fellows the way he is playing ball these days. The first time he does that with Miller Huggins looking on, fireworks will fly and Smith will come trekking back to the minors for a long stay. If there is anything that disgusts a man watching a game it is to see a good man quit.

Tealy figures he did well to use up two Tacoma pitchers while he was trying only one.

HOW WILLIAMS, THE TENNIS CHAMP, DRIVES BACK HAND

THIRD OF A SERIES OF PHOTOS, POSED ESPECIALLY BY R. NORRIS WILLIAMS, NATIONAL TENNIS CHAMPION, SHOWING HOW HE PLAYS TENNIS.

The photo shows Williams half-way around on his back-hand stroke. He says the grip is the most important part of the back-hand drive. The small photo shows the grip, with the thumb braced against the racket to put steam into the stroke.

BEAVERS DEFEAT SPOKANE AGAIN

VANCOUVER, B. C., Aug. 25.—The Indians tied the score in the seventh by making three runs, but a pass to Giddings, a sacrifice and Brinker's clean pelt to center scored the winning run. Bob Wicker was expelled from the park and fined \$1 by George Howitt. Score: Vancouver..... 4 5 0 Spokane..... 3 6 5 Batteries—Arlott and Brottem; Noyes and Brenegan.

INDIANS CRIPPLED

Dutch Altman's hand is still sore. Wuffli is crippled and Coltrin has not recovered from his broken ankle, which slows up the Spokane infield 15 per cent, according to competent critics.

SOMERS BROKE

The sale of Jackson to Chicago for \$15,000 cash and three players not yet selected, will relieve Owner Somers' financial stringency. Somers' affairs are in the hands of a committee of three Cleveland bankers. Both his Naps and Mud Hens of the A. A. are heavy losers, in games and money.

DOBIE OOSE BURLY LINEMAN

Andy McPherson, left guard on the University of Washington championship team last season has announced to close friends in Bellingham, his home, that he will enter the University of Chicago in September. Andy is a big fellow, who strips about 180, intelligent, aggressive and a handy man to have on a football squad. He plans to become a doctor, and, if he could continue his studies at the U. of W. for another year along pre-medical lines, he feels the sooner he goes East the better.

SAN FRANCISCO, Aug. 25.—Training for the mile run has been given the most scientific study by Norman S. Taber, world's record holder for that distance, and in explaining his methods he shatters many approved tenets still clung to by his less speedy competitors. He believes, for instance, that an athlete training for the mile may eat practically anything that agrees with him.

"To run a mile," he says, "a man must maintain his strength by eating solid food that will build up endurance. The old way of training on toast and light foods would not suit the athlete of today."
The miler of today is not so trained as a plodder, but rather a combination of plodder and sprinter, according to Taber's system.

Cross-country work, to begin with; a steady application to the process of developing endurance; then sprinting at intervals, and finally a daily combination of distance running and sprinting, is Taber's advice for men training for the mile.
A long siege of cross-country work is not desirable, he maintains. It should, however, be indulged in for a week or more to strengthen the legs and the wind. A three-mile slow run on the track is about the limit of the endurance training, he says.

DILLON CLAIMS HIS ANGELS WILL WIN

Pop Dillon, whose Angels are leading the Coast league, has announced in Portland that he will win the pennant this season. Frisco is pressing him close.

AMERICANS STEAL 200 MORE BASES THAN NATIONALS

Nearly 200 more bases have been swiped this season in the American league than in the National. A total of 982 bases have been pilfered in the younger league, 794 in the National.
The speed of the men in the two leagues is about the same, so the difference lies in the ability of catchers to stop the runners and of pitchers to hold runners up at first base.
Three American clubs—Detroit, Chicago and New York—have stolen more than 150 bases each, while the best marks in the National is 132 by Pittsburgh.

ERE LONG WE'LL HAVE CHAMPION IN ALL CLASSES

BY GEORGE R. HOLMES
NEW YORK, Aug. 25.—The pugilistic world has been waiting, for these many years for the clouds to roll away from the middleweight tangle and reveal a champion. In a seemingly unending procession, Eddie McGoorty, Jimmy Clabby, Mike Gibbons, Jack Dillon, Al McCoy, George Chip, Young Ahearn and scores of dimmer lights have passed before the assembled multitude and then faded, bickering and quarreling into the background.

But by this time next month there should be a middleweight champion. According to the old reliable dope, the title lies between three men—Mike Gibbons, Packey McFarland and Les Darcey. Who is that guy? He's the guy that put the sleep-kiss on Eddie McGoorty's chin in Australia not long since, thereby winning for himself at least consideration.
There won't be much dispute about the winner of the McFarland-Gibbons quarrel being considered the classiest thing on the middleweight shelf. He must meet Darcey. Just how he's going to get away from a meeting with this Darcey person is hardly visible.

The field has practically narrowed down to these three. If Jack Dillon could still make 155 pounds and be strong, he'd have to be considered. Why not have the winner of the Packey-Mike affair meet this Darcey and settle it all? Then there'd be a real champ in every department for the first time in many years.

NEW YORK GIANTS AWARDED BENTON

NEW YORK, Aug. 25.—The National league decided yesterday Rube Benton, former Cincy player, was the property of the Giants. Herrmann gave McGraw a verbal 20-day option on Benton and two days before it expired sold him to Pittsburgh because Clarke made a better offer.

TY COBB DENIES FEDERAL STORY

TROIT, Aug. 25.—Ty Cobb today denied that he had any knowledge of an offer purported to have been made to him by the Federal. The story asserted that Cobb was offered \$100,000 for a three-year contract.

JACKSON WANTED BY FOUR CLUBS

Boston, Washington and New York were all after Joe Jackson, Cleveland star, now a member of the White Sox outfield. Washington wanted him to replace Shanks, converted into a third sacker. Boston had least use for the slugger, but Lannin was willing to spend the money to prevent Detroit or Chicago from grabbing him. Jackson signed an iron-clad contract for 1917, 1918 and 1919, when the Feds made overtures to him.

THE QUESTIONS OF MARY

JACK THREATENS MARY (Copyright, 1915, by the Newspaper Enterprise Association)

I found Mary in a very nervous condition. She was very pale and there were traces of tears on her drawn cheeks. She quickly inquired about Aunt Mary and her eyes again filled when I told her the sad news.

"I asked her about the shop, and for the first time she smiled. 'Margie,' she said, 'the one thing in all the world that gives me hope is this little shop. I know I have made a success of this and if anything happens to me I am afraid that the shop will suffer.'"

"But, my dear girl, there is nothing going to happen to you. You are not ill, are you?"
"No, I am feeling all right."
"Then, what is the matter? Your hands are as cold as ice, your voice is on edge and your eyes seem constantly on the lookout for some terrible sight."
Mary walked to her desk and, unlocking a secret drawer, silently picked a letter from the top of a bundle and handed it to me with the remark: "I received it this morning. It is the fourth I have received, saying about the same things, in the last two weeks."
The missive began without any formality and said: "I cannot understand why you don't at least answer my letters. It seems very strange to me that I could live with a woman for more than four years and not find out that she had the revengeful and unforgiving disposition that you have, Mary."
"I have come to feel that you only married me for a life of ease and comfort—that you literally sold yourself as any woman of the streets for what I might give you—that while you were not sure of this ease you still lured me with your Jezebel smile, but after that ridiculous will was read, putting you in virtual possession of my father's estate, you kicked me out doors. You have ruined my life, made me understand that woman is a fit consort for that serpent who was her first tempter in the garden of Eden. Mary, I cannot live this way. Today only 25 cents stands between me and starvation. My mind is in such a state that I cannot think of anything but my terrible wrongs at your hands."

Medical Board Ordered to Restore License to Dr. J. Eugene Jordan After Evidence of Remarkable Cures Was Produced in Court

On January 7th. of this year, Doctor J. Eugene Jordan was arraigned before the State Medical Board and his license to practice medicine revoked, the contention of the board being that the advertisement reproduced, which had been running in the local newspapers, was untrue, that Doctor Jordan could not cure the diseases mentioned therein.

Doctor Jordan appealed to the courts in the matter and the trial of the case which followed, in the Superior Court, produced evidence of a character that caused Judge Walter M. French to award a decision to Doctor Jordan, restoring to him his license.
The court cannot find in this case that any credulous or ignorant persons have been deceived. On the other hand, the witnesses who have been produced on behalf of Doctor Jordan are among the best people in the city. Professional people, people of standing in the community, people who are known to the courts personally and people who are known to the citizens of this city generally as being among the best people in the city. And I don't think that it can be contended that they were either credulous or ignorant, except as the fact generally is somewhat ignorant of medical matters.

SOLDIERS CHASE ARMED MEXICANS

BROWNSVILLE, TEX., Aug. 25.—Two bands of armed Mexicans crossed the Rio Grande river at Fort Ringgold, 80 miles from here, early today. They are being pursued by U. S. soldiers. Gen. Nafarrate issued a proclamation permitting Mexicans to return to their native soil and many are now flocking toward Mexico. Trenches are being built about Matamoros by Mexicans, according to reports here. A Mexican is held in jail for delivering a speech last night in which he urged his countrymen to arm against the U. S.

Cured of Tuberculosis by Dr. Jordan's Remedies

Twelve years ago I had tubercular abscesses on my neck and under my arms, and the doctors here offered to cut them out for \$50, but admitted that it might result in crippling my arm for life. Doctor J. Eugene Jordan cured me without an operation, and I have remained well ever since.

I have been giving practical demonstrations of the merits of my system right here in Seattle for the past thirty years, and hundreds of signed testimonials on file in my office, written by grateful patients whom I have cured, will attest to its wonders. Cures of Asthma, Anaemia, Blindness, Chronic Inflammation of the Bladder, Deafness from Paralysis of the Auditory Nerve, Diabetes, Protruded Uterus, Dropsy, Chronic Dyspepsia, Epilepsy, Bronchitis, Chronic Gastritis, Hard Lumps in the Breast, Heart Disease (including Heart Leakage), Hip Disease, Infantile Paralysis, Locomotor Ataxia, Scalding, Senile Gangrene, Jaundice, Rheumatism, Meningitis, Neuritis, Paralysis, Spinal Curvature, Gout, Strabismus, St. Vitus' Dance and most of the other so-called incurable diseases.

Greater Vindication Could Not Be Desired

The Medical Board desired that these diseases were incurable, meaning, of course, that they could not cure them. Doctor Jordan not only claimed to cure them, but produced in court scores of actually cured patients as witnesses for his case. The stories of their remarkable cures have been stated under oath.
Doctor Jordan has caused this statement to be published in order to acquaint the public and his many friends with the proven facts in the case.
