### Bullets and Vod'ville

YOU wouldn't think they go together, would you? But in the trenches in France, that's exactly what's happening. Soldiers put up vaudeville shows and sing to the accompaniment of German bullets. Correspondent Simms tells about it on page 7.

## PUTS BAN ON SOUL KISS FOR WOMEN IN COUNTY JAIL

County Jailer Halley put the official ban on the soul kiss in the women's section of the jail Wednesday. But a few months ago he gave notice that no more kissing would be allowed in the visitors' lobby of the men's section, following the discovery that "dope" in various forms was being transferred to prisoners by the lip-to-lip route. Also in Garters The same discovery was made, he says, in the women's ward. Another means of transferring "dope" was exposed when search of the cot assigned to Ella Cadwallader,

one of the inmates, disclosed Wednesday a dainty, baby-blue garter concealed in her pillow. Inside the garter was found a small paper of morphine crystals. A hatpin, said to have been used by the woman to pierce her arm in injecting the morphine, and a spoon, in which she is supposed to have melted the "dope," were also found and confiscated. "We have allowed the prisoners the liberty of standing at the jail gate to talk with visitors," said Supt. Halley. "In the future they will do their talking in the presence of the matron, and no kissing will be permitted."

## ROMEO'S ROMANCE IS NOW RUPTURED; WIFE TELLS WHY

Mrs. Iva Hagen, wife of Romeo Hagen, the pugilist, filed in superior court Wednesday an answer and cross-complaint to his divorce action started here a year ago. She is now living with her parents at Mayfield, Wash., where she fled, she says, on Aug. 7, 1914, less than three months after their marriage at Centralia. Alleging that he continually

scolded, bickered and quarreled, and that he frightened her by threatening bodily harm, Mrs. Hagen asks that his action be dismissed and that she be granted a divorce. Hagen alleged that altho he furnished her a neat apartment here and gave her everything "in keeping with his walk in life," she would not cook his meals and evinced little or no love and affection for him.

## CITY LAID IN RUINS BY QUAKE

LA LIBERTAD, Salvador, Sept. 8.—Heaps of ruins mark the city of Jutiapa, capital of Guatemala, as the result of an earthquake Monday night. The meager advices show no loss of life, the violence of the shock and the extent of property damage led to the belief that some casualties must have resulted. The quake was general over Salvador and Guatemala, taking a toll of lives or property or both in San Salvador, Santa Ana, Sonsonate and elsewhere.

## BIG EXPLOSION NEAR TREASURE

NEW YORK, Sept. 8.—An explosion in the new subway near the building where \$80,000,000 in gold was stored, threw 50 guards into a fever of excitement today. The guards were placed about the vast sum of gold to prevent any possible attempt at robbery, and, with the explosion, it was feared an effort was being made to reach the treasure. Later the gold was transferred to the vaults of J. P. Morgan & Co. The \$80,000,000 was moved thru the streets in trucks.

## HITS STOCK TRADE

CHICAGO, Sept. 8.—Federal Judge Landis ruled today that board of directors "call rule," whereby grain prices are fixed over night, is a violation of the Sherman anti-trust law.

## CLUB WOMEN TO GET INTO FIGHT FOR PENSIONS

With the legislative department of the North End Progressive club lining up the federated women's clubs of the city in support of state aid for deserted mothers, the hearing on the case which G. Wright Arnold, attorney, is bringing up to test the validity of the bill passed by the last legislature, knocking out the pension for these deserted mothers, comes on in Judge Dyke's court, Friday at 1:30 p. m. A large delegation of club women will be present. Arnold announces that if he is defeated in the superior court, he

## SET TRIAL DATE

SAN JOSE, Cal., Sept. 8.—The preliminary hearing of Tony Di-Franco and Joe Vetrano, members of the Sicily club, who were arrested for attempting to extort money by writing threatening letters to prominent Italians of Central California, was set today for Sept. 13.

## TO DANCE OR NOT TO DANCE IN SCHOOL

School Board Is Petitioned on Both Sides of Question. HEARING SEPT. 20TH Public Meeting to Be Held by Board—Even Folk Dances Scored.

Aesthetic and other dancing permitted in Seattle public schools is threatening to rip asunder the peaceful relations that have existed to date between various parent-teachers' organizations, independent mothers, the school board and the various high and grade school classes.

With the several factions already sizzling heatedly over the question of whether dancing should or should not be stood for, in any form, the matter has become entirely too hot for the school board to handle, and a public hearing is to be held for discussion, Sept. 20, at the school board offices in the Central building.

Against Folk Dances, Too The board is laden down with petitions, signed mostly by women, for and against allowing dances in the public schools.

Not only are protests made against the rag, the hesitation, the one-step and kindred dances, but disapproval has been registered against the so-called folk games played on public school playgrounds. "The opposition contends that folk dances lead up to the other kind," said Assistant Secretary Middleton. "At present the school board allows each high school class to hold one dance a year in the high school. The board took the position heretofore that it was better to hold these affairs in the school buildings than at some public dance hall, where supervision would be almost impossible.

Many petitions have also been submitted by women and women's organizations, asking that the schools be opened for neighborhood social events, and that adults be allowed use of the buildings for dancing purposes.

## FOUR BOYS HELD AS AUTO THIEVES

How four youths spirited away an auto, which was secured with a padlock on the spark and gas throttle, was revealed Tuesday night with the arrest of Ben Christensen, 1618 19th ave.; Ray Hensgen, 2309 East Madison; Bill Boalt, 614 20th ave. N., and Sam Lynch, 1802 19th ave. N., who were caught in the machine at 10th ave. N. and John st. and they slipped the lock off and turned the magneto over with a screw driver. The auto belongs to C. E. Fureman, insurance man, 919 Boylston ave. N.

## TAKE R. R. JUNCTION

BERLIN, Via London, Sept. 8.—German forces have captured Volhovysk, an important railway junction 48 miles south of Grodno, it was officially announced today.

## Bankers Having Great Time Here

## Wilson Statement Is "Absurd and Puerile," Lawyer Tells Bankers

Henry D. Estabrook, New York lawyer, principal speaker before the American Bankers' association Wednesday, characterized President Wilson's admission to new citizens that "there is such a thing as being too proud to fight," as being "absurd and puerile." The attorney was speaking on the subject of "Self-Defense." He declared the European war no concern of America, except as some of the belligerents have trampled on American rights. Since this country is the best hope of humanity, he said, if we fail to safeguard it money for defense, and lots of it. Every dollar in the national treasury should stand pledged to its defense, he declared, and continued: "No nation threatens us in so many words, but who is oblivious to hints and intimations that speak louder than words? We boast our strength to repel attack when we know we are weaker than dishwater. While every other nation has been preparing for aggression we have not made ready even for defense. Is this state of imbecility to endure? "To say that we are too big or

subservient is not conquest, but self-defense.

Wants Big Navy "It means obviously a big navy—as big as any navy in the world—with every flying, diving amphibious auxiliary that can add to its effectiveness, and with all the munitions and means to boot—munitions for a year's campaign at least always in cold storage. It means as many naval officers and men as may be necessary easily to operate the machinery furnished by the government. Insurance will cost money, but it is worth the price." Mr. Estabrook also discussed a merchant marine as an auxiliary to the navy and said the La Follette act prevented the acquirement of a merchant marine.

## Honor Men They Killed in Raid

PARIS, Sept. 8.—German taubes crossed the French lines near Nancy today and dropped wreaths, with messages of condolence for the family of Capt. Reguier de Latouche, noted French aviator, killed by three German airmen in Monday's raid on Saarbrücken. French aviators rose to meet the message bearers and pursued them, but they escaped to their own headquarters. One hundred French aviators paid their last tribute today to Latouche, the first certified military pilot to drive a French machine.

## ATTACKS MADE BY AIRSHIPS OF BOTH CAMPS; 43 HURT

LONDON, Sept. 8.—Ten persons were killed in last night's Zeppelin raid on the English coast, it was officially announced today. Three other persons are missing and believed to be buried in debris.

Following out the recent policy concerning raid announcements, the location was withheld.

The admiral said 43 were injured. The Amsterdam messages indicated that perhaps four raiders were in the party; the official statement said that only three participated. "Last night three Zeppelins bombarded the eastern counties," said the official statement. "Two men, three women and five children were killed; four men, 11 women and five children were seriously injured. A man and two women are missing." The remainder of the 43 wounded apparently were not seriously hurt.

Dutch Fire at 'Em AMSTERDAM, Sept. 8.—Four Zeppelins are believed to have participated in last night's German raid against the English east coast. Outlying Dutch garrisons fired on a Zeppelin heading in a southwestern direction, fearing that it was about to violate Dutch neutrality. Three others were sighted over Dordrecht, giving rise to the opinion that the four were destined for the English east coast.

## EXPECT NEW DELAYS NOW IN LANG CASE

Keen dissatisfaction was clearly apparent in the city Wednesday over the unlooked-for postponement of the councilman's probe of charges of misconduct lodged against Police Chief Lang. The investigation has been deferred until next Monday at 3 p. m., and it became known Wednesday that Councilmen Bolton, Lundy and Fitzgerald will be out of the city all next week. Councilman Lundy, who carried the charges into the council, made the motion to continue the hearing for a week. "I did it," he said, "because I thought it was poor taste for the city to be washing its soiled linen before the American Bankers' convention."

Councilman Hesketh was warm under the collar Wednesday because of the delay. So were Fitzgerald, Haas and Bolton. Councilman Dale supported Lundy and seconded his motion. Fitzgerald objected on the ground that Lundy, at the time he presented the matter, wanted the investigation held at once. He urged that the charges be disposed of as soon as possible. Next week, it is understood, Hunkin will be in California, and both Bolton and Fitzgerald will be on their vacations. Hesketh expressed some doubt Wednesday as to whether a quorum, necessary to hear the charges against Lang, could be had when the investigation starts.

## DALE ORDINANCE IS LAID ON TABLE

The public utilities committee Wednesday recommended for indefinite postponement the ordinance of Change-His-Mind Dale to repeal the old ordinance providing utility bonds with which to carry Fourth ave. with the Lake Burien line. Dale declares that if the plan were carried thru it would be a burden on the taxpayers. He voted in favor of the ordinance when it came before the council. The committee, in tabling Dale's ordinance, said the taxpayers and utility bonds have no kinship, whatever.

## DUKE NICK BOUNCED

PETROGRAD, Sept. 8.—Grand Duke Nicholas, superseded in command of the Slav forces by the czar, has been appointed viceroy of the Caucasus, it was announced today.

## THE GILLS ARE BACK

Mayor Gill has a grin six inches long today. What? Oh, Mrs. Gill and the Messrs. Gill, jr., returned Wednesday morning from a two weeks' trip to the San Francisco fair.

## MAY DECLARE MARTIAL LAW

BROWNSVILLE, Tex., Sept. 8.—Martial law along the Rio Grande, thruout this section, will soon be declared if Gen. Funston carries out his present plans. He expects to throw his lines along the entire border in this region as a result of the recent serious raids by Mexicans. That a concentrated show of force will have as much persuasive force as American bullets is the belief of military men. Size to Impress 'Em Following the capture of size impresses a Mexican, Funston intends to mass all available troops, while he leaves the interior situation to be cared for by state and local forces.

Organized Raids? Authorities continue to find increasing evidence of widespread acceptance of the plan of San Diego, whereby Mexicans were to seize a considerable strip of American territory along the Texas border. This evidence, in many cases, is documentary. Certain it is that the movements across the Rio Grande have not been unorganized raids.
