STREET CAR CONDUCTOR MAY DIE FROM BEATING

Found lying unconscious in a gutter on Thomas st. between West-lake and Ninth aves., early Thursday morning, I. W. Culver, 28, a street car conductor, living at 1021 Taylor ave., is in the city hospital, suffering from what the doctors think is concussion of the brain, caused, it is believed, by an attack by robbers. All money had been taken from his pockets. It is believed he was set upon while going home from work, and struck over the head. He appeared to have lain in the gutter, which was partially filled with water, all night. His clothing was soaked. He was found by E. Davis, a street department employee, at 8:15 a. m. Culver left home Wednesday night to "break in" on the West Queen Anne car line. He was to have returned home at a late hour. Detectives are working on the case. Culver's wife is at his bedside in the hospital.

ARRAS RUINED BY BIG GUNS

PARIS, Sept. 16.—The suburbs of Arras, already partly in ruins, were bombarded heavily again last night, the official statement said today. The French answered spiritedly, however, and succeeded in silencing the German batteries. French hurled hundreds of shells at the German munitions depots around Roye, blowing up a number of them. Resultant fires spread a weird glow over the landscape for miles. The communique reported an artillery battle through Woivre, Champagne and Voages regions, but with no decisive results.

CONNAUGHT IS IN VANCOUVER

VANCOUVER, B. C., Sept. 16.—H. R. R. duke of Connaught, arrived in Vancouver this morning and will review troops now en-trained at Hastings Park. The trip west was without incident. The duke is accompanied by a strong guard. He will review additional troops at Victoria tomorrow.

LIVERPOOL, Sept. 16.—Lying at the docks, the Johnson liner Quernmore, 7,302 tons, today was mysteriously set afire. No details of the origin of the blaze have been announced.

FROM CHURCH TO STAGE FOR JEAN

Miss Jean King, the prepossessing young soprano of the mixed quartet at the Empress this week, left the Presbyterian church choir in St. Louis, where she was soloist for five years, at the behest of the late Henry Savage, going into vaudeville one week after she had resigned her position with the church. She has since followed the foot-lights, playing, among other things, the part of Beauty, in "Everywoman." Later she organized the present quartet, coached them and presented them for the consideration of the booking agents of Chicago, where a representative of Mr. Con-sidine was quick to see the value of the offering and booked them for a tour of the circuit.

WAR LOAN HIT BY SEN. LEWIS

CHICAGO, Sept. 16.—Opposition to the proposed billion-dollar loan to the allies was voiced today by Senator J. Hamilton Lewis, in a letter to the public. He contended that the loan would "invite a repetition of the 1873 and 1893 panics." He had already objected to Secretary of the Treasury McAdoo, the letter said.

The loan would take "half of the available cash from America," the senator warned. The 1873 and 1893 panics were caused chiefly by the fact that America loaned her money "to bolster the falling fortunes of Europe," the letter said, and much of it was not recovered by failures which made the foreign collateral worthless. "Our business men and farmers need all available money," said the letter, "to initiate and sustain home enterprises, to employ labor and to increase commerce. If we don't need the money at home, I suggest that we lend it to South America. There is a chance to build up trade and get collateral resting on empires of valuable land."

CHOCOLATE MAN WILL GIVE TALK

Hershey chocolate fiends will have a chance to see how it is made when G. C. Phillips, of the Hershey Co., gives a movie show for the benefit of the boys' department of the Y. M. C. A., at 1 o'clock Saturday.

Here's the Man Who Makes the Silhouettes.

Above is the picture of Prof. M. S. Bellamy, the famous silhouette artist, who is making the pictures of the prominent business and professional people of Seattle who will be represented in the big guessing contest to be run in The Star Friday.

WOMAN ASKS GOVERNOR NOT TO PARDON MAN

Richard Meinhart has appealed to Gov. Lister for a pardon from the sentence of six months in the county stockade given him by Justice Reah Whitehead for failing to support his wife and child. His chief reason is that his wife has been convicted as an immoral woman, and that she is not worthy of his support.

BLAME CITY FOR BRIDGE DELAY

An urgent request that the city hasten the construction of bridges at Ballard and Fremont, and particularly the Latona bridge, in order not to further delay completion and opening of the Lake Washington canal, is contained in the report of a special investigating committee of the Commercial Club.

SPRECKELS WEDS SEATTLE WOMAN'S SISTER AT 'FRISCO

SAN FRANCISCO, Sept. 16.—John D. Spreckels, Jr., millionaire, divorced recently, wedded today Miss Sidl Wirt, a beautiful blonde, who claims to be of Egyptian descent.

NAMES COMMITTEES

George E. Wright, president of the Municipal league, which snoops around and keeps city and county officials toiling the mark, has appointed for the coming year members of the 20 standing committees who will conduct the snoop and prod ceremonies.

DECISIVE BATTLE FOR TWO RUSSIANCENTERS NOW ON

LONDON, Sept. 16.—Russian and German forces are bitterly battling for control of Dvinsk. Dispatches indicate the Russians are gaining strength, while the Teutons are finding it more difficult to progress. The struggle now raging, it is believed, will have a decisive effect on the fate of Riga and Petrograd. Dispatches to Petrograd yesterday reported the Germans had suffered a check in this region, and indications point to an apparent slackening of the once dynamic Teuton advance.

Operations on the West front center about a new attempt to take Hartmannswellerkopf, the scene of such see-saw, bloody fighting in the past year.

WE HAD AWFUL TIME FOR SPELL

"Bellevue, across Lake Washington, is in flames," remarked a little guy who dropped in at The Star office Thursday morning. "Ya-a-a-i-i!" Call up the Anderson Steamboat Co., quick! Whazzamatter y'sleep there, Red?" spake the city editor, mopevly.

PINSK HAS FALLEN

BERLIN, Sept. 16.—Pinsk, a city of 28,000, it is reported today, has fallen into the hands of the Germans. Pinsk is 146 miles southwest of Minsk and about 100 miles east of Brest-Litovsk. It stands at the junction of the Pripiet and Pina rivers and is the seat of government of Minsk province. Its population was 28,000 at last figures. Pinsk's capture was effected by the forces under Gen. Mackenzen. The capture is important as marking progress toward the Vlnk-Rovno line, toward which the whole German line is moving. The city is only 30 miles distant from this front.

WOMEN WAIT ON PRESIDENT

WASHINGTON, Sept. 16.—President Wilson's formal stand on the woman suffrage question is expected to be registered Sept. 28, when his home state, New Jersey, votes on the momentous question of whether woman shall have the ballot.

THE DENTAL LAW Is a Good Thing for the Protection of the People

The Dental Law of this state, which provides that a dentist, in order to practice, must have passed the examination of the state dental board and have a certificate from them, is, in our opinion, a mighty good thing for the protection of the people.

DR. L. R. CLARK

If a man is going to practice dentistry, why shouldn't he know his business, and if he knows his business, why shouldn't he be willing to prove it?

We believe that the examination of the state dental board does not require a man to have more knowledge than he ought to have, or answer any questions that he ought not to be able to answer if he is going to practice dentistry and take money from the people for dental service.

For our part, we haven't an operator in our office, nor would we hire any, who has not passed the examination of the state dental board. The people are entitled to that much protection. Were there no such requirements, what would there be to prevent any one—carpenters, lawyers, plumbers, laborers or any one else—from hanging out their shingles and proclaiming themselves dentists? Nothing whatever. And while these men might be experts in their own particular lines, still you most certainly wouldn't want them to work on your teeth, even though they charged nothing at all for it, would you?

And when you need dental work done, you will find it well worth while and distinctly to your advantage to demand to see your dentist's certificate from the state dental board. This is your evidence that he knows his business and knows how your work ought to be done.

Every operator in this office is a graduate and registered man, who has graduated from the best dental colleges and has passed the examination of the state dental board. Every operator in this office has his certificate from the state dental board hanging right on the wall in front of his dental chair.

We use only the very best of materials here, and the most up-to-date and scientific of painless methods, which enable us to perform the most difficult dental operations without hurting the patient a bit.

Our prices are the lowest, as it is our invariable rule that we will not be underbid in price.

Furthermore, we give you a written guarantee with your work, signed, not only by the operator who did your work, but also by L. R. Clark, D. D. S., owner and manager of this office, who is thoroughly responsible.

TEETH PULLED FREE

Each morning from 8:30 to 10, to demonstrate our painless methods.

REGAL DENTAL OFFICES

Dr. L. R. Clark, Manager
1405 Third Ave., N. W. Corner Third and Union.

Those looking for an inexpensive Heater—and we have many of them—will find some unusually good values among a lot of rebuilt Heaters now on sale in our Exchange Department.

Most every wanted size can be bought. All are in good condition.

LEGISLATOR HANDS HOT ONE TO 'U' DRILL OPPONENTS

TACOMA, Sept. 16.—"If these young hotheads don't like the way this state is being run for them they can go somewhere else," was the answer of James H. Davis, chairman of the house appropriations committee, to the agitation begun by University of Washington students against compulsory military drill.

"Right now," he said, "when the great national problem is how to increase, rather than lessen, the number of men who have a ground for military service in time of need, it certainly is not time for any backward step. I think it very likely the legislature will pass an act that will leave no room for argument about military drill hereafter. If this agitation goes much further."

SAYS 'FEES' OF U. OF W. IS BLOW TO SCHOOL SYSTEM

"This law is the first blow to our free educational system, our liberties, and our freedom (what little we have left), and we intend to fight it thru to a finish, to the end that no further efforts will be made, by a rotten and vicious legislature to keep us, who are economically unfortunate, from securing an education tending to equip us in the fight against the forces of nature and the human vultures of society."

The agitation begun Monday by students against compulsory military training at the University of Washington has been taken up of by the Seattle Central Labor Council, which last night instructed its public affairs committee to urge the council's protest against drill, with the regrets. The mass meeting of the anti-drill students, scheduled for Washington, has been postponed.

Safe Home Remedy for Skin-Troubles

Eczema, ringworm and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need never hesitate to use, even on a baby's tender skin—Resinol, that is the real treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful that thousands of other physicians have prescribed it constantly for over twenty years.

Union Dye Works (Inc.)

EVERYTHING IN CLEANING AND DYEING Plant and Office 10TH AVE. AND E. UNION

Resinol stops itching instantly, and almost always heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any drugstore. Write for free samples, Dept. 3-R, Resinol, Baltimore, Md.

PEACH PRIZE GOES TO THIRD PARTY

The committee of the Chamber of Commerce having in charge the awarding of a prize for the sale of the greatest number of cases of peaches the last day of Peach week has decided to award it to neither of the highest contestants, the Lucky Strike Fruit Co. and Mr. Cinnamon. The latter claimed the honor because he had the only signed list of purchasers. The committee reported that the addresses of his customers "had been tampered with, and that some of the cases sold on the 3rd were included in the sales of the 4th," so the committee gave the prize to the West-lake market.

Resinol stops itching instantly, and almost always heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any drugstore. Write for free samples, Dept. 3-R, Resinol, Baltimore, Md.

SHERLOCK STUFF

Seattle's thieves, it now appears, are going into the detective business. One of them climbed over the transom into the office of Dr. M. M. Parks, Wednesday night, and stole a \$50 microscope.

THE CHILD

who receives an early training will acquire a habit that will make it natural and easy to save larger amounts in later years. The clerk who saves 50c a week will soon have a fund that will start him in a business of his own.
