

THOSE PHILLIES CAN NEVER BE ACCUSED OF MISUSE OF THE MAILS

Hints to All Zealous Missionaries---Why Not Put a Bible in Every Ford Car?

Even at this early date it is safe to say that carrying the message for Dumba will never rank in popularity with "carrying the message to Garcia." Chicago Herald.

STRAIGHT STUFF By the Sporting Editor

With their one chance of prolonging the National league pennant chase before them, Johnny Evers and his band of Boston Braves will have to come out on the long end of the score with the Philadelphia Nationals today or say farewell forever to the 1915 National league pennant. If the Phillies win they will clinch the flag.

The Tigers having been defeated by Washington yesterday, the Red Sox now need only one more game to make it impossible for them to lose the pennant.

Some players have slipped out of the spotlight in a hurry but none have gone much farther than old Chief Bender. A world series pitcher last year, he'll have to stand in line for a ticket this fall.

Just when big league fans were looking forward to seeing Ping Bodie's smiling face with the Yanks next year, Bill Donovan announces he didn't draft the fat boy. Some one's always taking the joy out of life.

Since taking hold of the Yanks Ruppert and Houston have spent \$50,000 for new players.

The Ritchie-Shugrue bout may never come off. Shugrue is troubled with defective eyesight and a boxing match may seriously injure him. Ritchie is the kind of a fellow who never would consent to enter the ring with a man who had the handicap with which Joe is afflicted—he is too clean.

Oscar Battling Nelson, former lightweight champion, is in San Francisco looking for ring work. Nelson would probably go to St. Louis on August 1, looking for ice skating.

The San Francisco club is going to have a "NARY CHANGE" in its coaching staff.

Rip Van Winkle dropped into the village barber's shop after his 20-year sleep.

"How's everything in the big leagues these days?" he asked the village barber.

"Same as ever."

"Cobb still leading the American league?"

"Wagner still playing?"

"Mathewson still pitching?"

"How about still being suspended?"

"Evers still scrapping?"

"Emalle still umpiring?"

"Johnson still bluffing?"

"Ebbetts still having holidays?"

"Yanks won the pennant?"

"Nope."

"Oh, well, guess I'll go back to sleep."—N. Y. World.

One of Boston's Stars

DUFFY LEWIS

Duffy Lewis, who has been in the Red Sox outfield for six seasons, playing with Speaker and Hooper, came from the Coast league. He is one of the best all around outfielders in the majors. As his defensive work in the world's series of 1912 was wonderful, he is expected to shine again in the bouts with the Phillies.

Gonzaga loses wonderful end. Football prospects received a severe setback at Gonzaga when Louis Barrett, a 180-pound end, was killed in an automobile accident.

It looks as though the George Stallings will have to hand over that Miracle Man crown to Pat Moran. Pat's worked a few miracles that are not in George's book.

MAILS MAKES MAJOR DEBUT

BROOKLYN, Sept. 29.—Manager Wilbert Robinson was elated after yesterday's defeat at the hands of the Phillies. He saw Walter Mails, Seattle product, pitch two beautiful innings against the prospective champions and exhibit so much talent he now counts on the young man as a regular.

Mails' curve ball had the Phillies backing away from the plate. He struck out one, walked one and was touched for two hits, one in the eighth and one in the ninth. He had one hard fielding chance and handled it in workmanlike manner.

The game was lost before Mails took the mound.

How They Stand in the Leagues

HERE THEY ARE--LUCKY PLAYERS

Here is the list of eligibles of probable world's series contenders: Red Sox—Pitchers: Wood, Leonard, Collins, Shors, Ruth, Mays, Foster and Gregg. Catchers: Carrigan, Gady and Thomas. Infielders: Hoblitzel, Gainer, Barry, Scott, Janvrin, Wagner and Gardner. Outfielders: Speaker, Hooper, Lewis and Hendricks.

Phillies—Catchers: Killifer, Burns and Adams. Pitchers: Alexander, Demaree, Mayer, McQuillan, Chalmers, Tincup, Rixey, and Baumgardner. Infielders: Loderus, Nichoff, Bancroft, Bryne, Stock, Dugy and Weiser. Outfielders: Cravath, Becker, Whitted and Paskert.

The game was lost before Mails took the mound.

COMES BACK WITH .300 AVERAGE

HINCHMAN

Once in a while they do come back. Bill Hinchman has proved it. Bill returned to the big leagues this year as a Pirate after serving many seasons in the minors. When he was drafted, many thought he'd return to Columbus before the season started and again manage that American association team. But Bill earned a regular job with Pittsburgh and has been swatting around .300 all season.

ALEC MAY FIND SPEAKER TOUGH

One of the big features of the world's series is going to be the test between Speaker, the second best hitter in the American league, and Alexander, the greatest pitcher in the National league. Alexander is not a slow ball pitcher, being more on the order of Walter Johnson. Speaker has averaged .294 against Johnson this year. He should do even better than that against Alexander, because the Red Sox have had experience in a world's series, whereas, the Phillies have not. This experience of three years ago, when they beat New York for the world's championship, will cut considerable figure.

BEZ FINDS NEW MEN FOR TEAM AT OREGON "U"

Early this fall Coach Bezdek, of Oregon, was the most pleased football man in the country because he thought every man of his 1914 squad would be back at training table. His first blow was when Penn State enticed his 200-pound tackle, Dave Philbin, to go East. Then Ray Bryant, fullback, decided he would not enter school, and Sam Cook, a 200-pound lineman, who backs up the line on defense, likewise is among the missing. These three are all big fellows, and no matter how many recruits appear to take their places, Bezdek will miss this trio.

Enslay, of the 1913 squad, who weighs 230 pounds, will fill one of the line gaps, and Hoskins, of Echo, Ore., a 200-pounder, seems to have impressed Coach Bezdek as good timber for a fullback. One year's subbing would do a man like Hoskins a world of good, and it is unfortunate for the lemon-green that Bryant is not in school. Hoskins, it is understood, left home intending to enter the Oregon Agricultural college. He wrote Dr. E. J. Stewart, coach of the Aggies, the day before he said good-by to the home folk, telling him he would join the Aggie beach camp on such and such a day. Evidently Hoskins got his railroad tickets mixed, because he pulled up at Oregon a couple of days later.

BRAVES MAY PLAY TIGERS

The Braves and Detroit Tigers may play a post-season series on Braves' field and at Detroit, provided neither club gets into the world's series. The Detroiters would play at Boston on the days the Red Sox were busy in Philadelphia.

BIG GOLF MEET FOR VANCOUVER

VANCOUVER, B. C., Sept. 29.—Victoria will not have a team in the punch bowl tournament which will be staged on October 3, over the Shaughnessy Heights course. Seven teams are now expected to start in the competition. The list includes three from Vancouver, viz., Shaughnessy, Jericho and Vancouver. Seattle, Portland, Spokane and Tacoma are also expected to be represented.

The fight for permanent possession of the trophy lies between the Vancouver and Seattle clubs. Each team has won the bowl twice, the Burnaby golfers having been returned winners in the last two tournaments.

REAL BIRD DOG... Water—Didn't you tell me the dog won't do anything.

FIRST GAME WILL SETTLE YOUNG CASE

While Coach Doble demurred it was a little early to announce the first game Saturday, on Deemy's part it is intimated, the variety show will be at its maximum strength when the whistle blows.

Doble always has followed the custom and his success in the past has been so marked that he is not steeped in football wisdom to change it. The idea is to pile up on many points as possible the first 20 minutes of the afternoon to expel the remainder with green players and varied combinations.

The backfield probably will be made up of Hap Miller at left half, Walter Schiel at fullback, Gardner and McKechnie at right half and Young at quarterback.

Miller, the giant who has been prepared for right half, put his nose in the way of some irremediable error Tuesday and will not be in the game for several days. McKechnie, Miller's understudy of last season, who is bigger and heavier than a year ago, or Gardner, probably choice for No. 4 on the variety crew, strong bidder for regular right half, will start.

Doble is anxious to see Bud Young in a real game. Bud looks slow in scrimmage, and his punts and place kicks lack the tremendous drive of three years ago. Not until Young is handled roughly in a battle for the field will Doble be able to determine Young's probable value to the eleven this season.

For the reason Young will be kept in the game Saturday. By no other method can the tail tutor make an appraisal. If Young is not his old self, the sooner Doble finds it out the sooner he will be able to get down to putting the finishing touches on his lineup.

Wood, Seattle boy, who attended Phillips & Marshall, Philadelphia, two years ago, is understudy to Young, whom he resembles in appearance. Similarly between the two steps there, unless Wood has improved to a marked degree with the past few days. He ought to be better as the season advances, and may in time develop into a worthy successor to Young.

The line will be changed so often this week to speculate as to the men who will win it.

COLUMBIA CREW BEGINS SEASON

An 11th coach at Columbia, will call his crews this week. He has but only two men from his 1914 crew and No. 4, and has his first year crew and junior eight boat.

THE MOLLIE

THIS IS WHAT WOMEN ARE TALKING ABOUT. (Copyright, 1915, by the Newspaper Enterprise Association.)

I don't wonder that Mollie is all at sea about her beaux. I don't think I have ever known three men from whom it would be so hard to choose.

Yesterday she stopped here with Chadwick Hatton, who, as soon as his wife died, hurried back to Mollie.

"Isn't it strange, Margie," she said to me as we slipped out in the dining room to make some tea, "that I have to begin all over again with Chadwick when only a year ago I was so crazy about him?"

"No, dear—that is the wonderful thing about youth. It is quite as easy to fall out of love as to fall in. The very hardest thing to do is to stay in love."

There is one thing, Margie, you have taught me and that is the foolishness of thinking that the light that was never on land or sea, would be with lovers forever."

"Oh, my dear, I wish I could feel for Chadwick again what I felt for him that day—it was the most glorious and the most tragic I have ever known. And here is the queer thing about it. Chadwick seems to be just as much in love with me as ever, and after what I told him he must think it very strange that I do not respond to his love-making with much enthusiasm. Margie, sometimes I think men are much more sentimental than women."

"I think they are, my dear. You see marriage is woman's business and we go about entering into it in a more or less unconscious business-like way. Love is woman's vocation, it's another way of saying, 'Love is of man's life a thing apart.' It's woman's whole existence."

DISCUS CHAMP STAR HALFBACK

Doc Stewart may develop Cole, the conference champion with the discus, into a star halfback for the Oregon Aggies.

"Kink" won the first game of the season with a 42-yard boot from placement, the only score of the game with the alumni team.

Cole is no tenderfoot, as he made a 50-yard placement kick while playing on the Normal high school team at Emporia, Kan. Cole has been used at tackle, but because of his ability to do the hurdled in 11 seconds and his 200 pounds of bone and sinew likely will be shifted to the backfield.

STATE COLLEGE FINALLY AWAKE

A revival in football interest is being felt at Washington State. Out to Braves field yesterday, a sub for another team, in addition to 20 prep school candidates, glad to do the hurdled in 11 seconds and his 200 pounds of bone and sinew likely will be shifted to the backfield.

It looks as though the George Stallings will have to hand over that Miracle Man crown to Pat Moran. Pat's worked a few miracles that are not in George's book.

INSIDE STUFF

BOSTON, Sept. 29.—Manager Carrigan was enthusiastic today over the happy thought which led him to take his crew of Red Sox of the score with the Philadelphia off day, for practice. The lights and shadows of the park are said to be unusually trying. The prospect to be American league champion gained a good knowledge of playing conditions at the scene of some of the coming world's series games.

Coast league experts figure Bill Piery, 29-year-old left-hander of the Vernon's, will be sensation in the majors. Piery signed a New York American contract proffered by Bill Lange, old Chicago and Seattle star, to he had previously stated he would join the Yanks under any circumstances.

Football prospects received a severe setback at Gonzaga when Louis Barrett, a 180-pound end, was killed in an automobile accident.

Percy Cove, the well-known boxer, who enlisted with the Canadian volunteers some months ago, left Vernon, B. C. for Eastern Canada Sept. 26, with Battalion A, which will be transported to Europe with the departure. Cove beat Jack Roberts in a five-round bout, Roughhouse Burns refereeing the tit.

VINDICATED BY THE COURT

Medical Board Ordered to Restore License to Dr. J. Eugene Jordan After Evidence of Remarkable Cures Was Produced in Court

On January 7th, of this year, Doctor J. Eugene Jordan was arraigned before the State Medical Board and his license to practice medicine, revoked, the contention of the board being that the advertisement reproduced in the local newspapers, was untrue, that Doctor Jordan could not cure the diseases mentioned therein.

Doctor Jordan appealed to the courts in the matter and the trial of the case which followed, in the Superior Court, produced evidence of a character that caused Judge Walter M. French to award a decision to Doctor Jordan, restoring to him his license.

Judge French stated in his decision: The court cannot find in this case that any credulous or ignorant persons have been deceived. On the other hand, the witnesses who have been produced on behalf of Doctor Jordan are among the best people in the city. Professional people, people of standing in the community, people who are known to the Court personally and people who are known to the citizens of this city generally as being among the best people in the city. And I don't think that it can be contended that they were either credulous or ignorant except as the laity generally is somewhat ignorant of medical matters.

There is no contention here that any medicine has been given which is at all harmful. In fact, all of the testimony in this case seems to show, as far as is concerned, that any medicine that ever has been administered by Doctor Jordan has tended to benefit the patient.

There is no contention on the part of the State, and it so stated by counsel for the State, that there was anything in this advertisement that was injurious to public morals.

So that it gets down to whether or not this advertisement is so grossly untrue as to involve moral turpitude on the part of Doctor Jordan.

Under all the testimony in this case, I cannot find that the advertisement is so grossly untrue as to involve moral turpitude on the part of Doctor Jordan.

There is no contention on the part of the State, and it so stated by counsel for the State, that there was anything in this advertisement that was injurious to public morals.

Cured of Tuberculosis by Dr. Jordan's Remedies

Doomed to a Crippled Condition for Life by Other Physicians, Absolutely Cured by Glandular Remedies

READ HIS TESTIMONIAL. Seattle, Nov. 1, 1914. Twelve years ago I had tuberculosis of my neck and under my arms, and the doctors here offered to cut them out for \$500, but admitted that it might result in crippling my arm for life.

I have been giving practical demonstrations of the merits of my system right here in Seattle for the past thirty years, and hundreds of signed testimonials on file in my office, written by grateful patients whom I have cured, will attest to its wonders.

Cures of Asthma, Anemia, Blindness, Chronic Inflammation of the Bladder, Deafness from Paralysis of the Auditory Nerve, Diabetes, Protruded Uterus, Dropsy, Chronic Dyspepsia, Epilepsy, Chronic Erysipelas, Chronic Gastritis, Hard Lumps in the Breast, Heart Disease (including Heart Leakage), Hip Disease, Infantile Paralysis, Locomotor Ataxia, Scatica, Senile Gangrene, Jaundice, Rheumatism, Neuritis, Neuralgia, Paralysis of the Spinal Curvature, Goiter, Strabismus, St. Vitus' Dance and most of the other so-called incurable diseases.

There being a number of Doctors Jordan in Seattle, it is well to bear in mind the full name and address of Doctor J. Eugene Jordan, 619 1/2 First Avenue, Seattle. Office hours, 9 a. m. to 8 p. m.; Sundays from 2 p. m. to 6 p. m. Consultation free. Correspondence solicited. Watch each Saturday Star for remarkable cures.

To involve moral turpitude on the part of Doctor Jordan and judgment will, therefore, be for Doctor Jordan.

THE MEDICAL BOARD CLAIMED THAT THESE DISEASES WERE INCURABLE, MEANING, OF COURSE, THAT THEY COULD NOT CURE THEM. Doctor Jordan not only claimed to cure them, but produced in court scores of actually cured patients as witnesses for his case. The stories of their remarkable cures have been stated under oath.
