3 STATES ROLL UP HEAVY VOTES AGAINST WOMEN

Pennsylvania, New York and Massachusetts Refuse Sex the Ballot

PLAN A NEW CAMPAIGN

NEW YORK, Nov. 3.—Suffrage has lost its first great battle in the East. Returns still rolling in today confirmed earlier reports that Massachusetts registers a majority of 124,000 for women by a majority of 124,000. Pennsylvania by upwards of 125,000, and New York by 200,000. These figures mean that two out of every five men in the three great states favored giving their wives, sisters and sweethearts the ballot.

Andor is Undampened Estimated totals of the three states were: For suffrage, 1,000,000 against 1,500,000. The defeat did not dampen the spirit of the determined women who for weeks fought their battle almost alone. Instead they are set to work to start a new campaign. This movement will open with a big suffrage rally in Carnegie hall tomorrow night. New York city gave a majority against suffrage of 98,000. Buffalo 70,000, and Rochester 5,000. Win in Many Counties Philadelphia rolled up an \$0,000 majority against the cause. Half of Pennsylvania's counties, however, favored the ballot for women. Suffrage received more votes in the Keystone state than in President Wilson did in the last presidential election; more in Massachusetts and New York than Taft or Roosevelt did in 1912.

DEFEAT TRACTION PLAN DETROIT, Nov. 3.—Complete regular gave a defeat for the street railway commission's plan to acquire the Detroit United Street Railways property in the one-fare zone.

FEARS FELT FOR SERBIAN ARMY

Paris Hopes Gallipoli Allies Will Yet Defeat German Drive

SERBIA IS SURROUNDED

PARIS, Nov. 3.—With Austro-Germans and Bulgarians closing in on Nish on three sides, grave fears were felt here today lest the main Serbian army be surrounded and crushed by the invaders. The Bulgarian front curved conversely before Nish to Pirot, east of Nish, and thence around to Knjazevac, northeast of Nish. The Austro-German line ran thru the country about Cacak and elsewhere south of Kragujavatz (northwest of Nish), to the upper Morava river valley. Austrian forces harassed by Montenegrins, are on the offensive and struggling to drive eastward. While the French sought, by landing troops at Kavala, to head off the threatened drive across Bulgaria to the aid of Turkey, the Teutons planned to open up supplies of needed copper and grain from the fruitful stores of Bulgaria. The hint from Premier Aquin in the British commons that the Gallipoli allies will soon be in the Serbian struggle aroused fresh hopes that despite her overwhelming successes in Serbia, Germany is destined for a defeat that will alter appreciably the trend of the whole war.

HAUL UP BIG GUNS

AMSTERDAM, Nov. 3.—Austrian howitzers, such as leveled the great Przemysl fortress in Galicia, are reported to have arrived at Pirot in preparation for the bombardment of Nish. Meantime French forces are landing at Kavala, the Greek port nearest the Gallipoli peninsula.

DENY PEACE PROPOSALS

LONDON, Nov. 3.—The German embassy at Madrid, according to dispatches today, denied that Prince Von Buelow is endeavoring to make peace overtures, as reported from Swiss sources.

KING STILL IN PAIN

LONDON, Nov. 3.—The generally improved, King George passed a less comfortable night. He still has considerable pain as a result of his accident in falling from his horse on the Franco-Flanders front last week.

JUSSERAND SEES WILSON

WASHINGTON, Nov. 3.—Causing a revival of peace rumors, French Ambassador Jusserand today asked for and was granted a conference with President Wilson at 2 o'clock this afternoon. The ambassador said that he desired personally to thank the president for interceding in behalf of two French women whom the Germans had sentenced to death.

GET NEW KIDNEYS!

Many Children Suffer From Kidney Trouble

Three years ago my little girl, Angela, was taken sick with scarlet fever and later dropsy set in; her face and limbs swelled and her eyes puffed. A leading physician here at the time, treated her without the slightest success. A sample of your Swamp-Root having been left at the house at the time, I resolved to try it, and as it agreed with her stomach, I continued using it with gratifying results. The inflammation began to subside after she had taken the first fifty-cent bottle, and after she took two large bottles she was pronounced cured by the doctor and has been in good health ever since. The doctor came to see her every day and examined her every second day until he pronounced her kidneys in perfect condition. Now then the doctor was under the impression that I was giving my girl his medicine, but as his medicine had failed to do a bit of good, and desiring not to offend him, I did not tell him I was giving her Swamp-Root and he did not know the difference. I did not use one drop of his medicine after I started my girl on Swamp-Root, and have always felt that Dr. Kilmer's Swamp-Root saved my girl's life, for which I am grateful. I cannot praise it too highly. Very truly, MRS. MARY BYRNE, New Brunswick, N. J. County of Middlesex, Pa.

WHO WANTS TO WED THIS INDIAN LADY?

Mayor Gill and his secretary, Jimmy Crehan, are all excited over a letter from a San Francisco woman, who declares she is a descendant of Pocahontas (all name Mrs. Galt), and who asks the mayor to find a "gentleman companion" for her. The letter follows: "I am a Southern lady, of a fine family, and capable of caring for any home. I am asking you as a gentleman please don't publish my name and address, but any one desiring same can get it from you, as the public is very curious, and I really would not like to be bothered with flirts." Secretary Crehan says he has one man in mind, and is to hold a conference with him Wednesday afternoon, but that this need not bar other candidates from laying their credentials at the feet of his honor.

NEGROES WILL SING A negro quartet, the Buckner's Southern Jubilee Singers, will be the next Star Lyceum course number at the Y. M. C. A. REPUBLICANS BELIEVE PARTY HAS COME BACK

Progressives Make Dismal Showing; Lose Standing in One State

ROOT IS REPUDIATED

NEW YORK, Nov. 3.—The G. O. P. has staged a "comeback." Republican gains in a majority of states in yesterday's elections are confirmed by more complete figures today.

There was no landslide. Yet, excepting this state, the voting revealed an unmistakable trend toward the republicans. The bull moose vote almost disappeared.

"By their low vote in Massachusetts, the progressives lost their legal status as a party." Chairman Hill of the republican national committee hailed

OHIO WILL STAY WET

CLEVELAND, O., Nov. 3.—Ohio can continue to slake its thirst. Nearly complete prohibition had been defeated by from 50,000 to 60,000. Prohibition was defeated last year by 84,000. The increase this year in the dry vote was accounted chiefly to a gain in the rural counties. The proposal to emasculate the initiative and referendum bill to 30,000, and the one to substitute local for state control of liquor lost by 70,000.

the overthrow of Gov. Walsh in Massachusetts, with victories elsewhere, as showing a lack of confidence toward President Wilson, and indicating a republican victory in 1916.

Deny Anti-Wilson Vote

Chairman McCombs of the democratic national committee, denied Hill's claims. "I am not surprised," he said. "The democrats were fighting internally in Massachusetts, while the republicans and progressives united on McCall."

McCall's plurality was from 3,000 to 6,000. Emerson Harrington, democrat, won by 6,000 plurality in a fight for the governorship of Maryland against O. E. Weller, republican.

Democrat Wins in Kentucky

Former Congressman A. C. Stanley, a democrat, was chosen governor of Kentucky. The republican grip on the New Jersey legislature was maintained, and some gains were made.

Thomas Smith, republican, badly defeated the reform candidate, George D. Porter, for the majority in Philadelphia.

Tammany swept Greater New York and elected enough assemblymen to give the democrats a gain of two in the state house at election.

EVERETT ELECTS CLAY

EVERETT, Nov. 3.—W. H. Clay was elected mayor and commissioner of finance, and T. J. Kelly, Dennis D. Merrill and J. M. Salter, a socialist, were nominated commissioners in yesterday's primary election.

Constitution Rejected

Theodore G. Bilbo was elected governor of Mississippi. New York state rejected the proposed new constitution by 350,000. Friends of Senator Root, who drafted it, said this will have no effect on his candidacy for the presidency.

George Fuchta, republican, was elected mayor in Cincinnati. In Cleveland, Harry Davis, republican majority candidate, had a plurality of 3,000 over Peter Witt, democrat.

The socialist plan to buy the local street railways for \$34,000,000, was defeated.

On Pyorrhea Pocket-Book Treatment

By EDWIN J. BROWN, D. D. S., Seattle's Leading Dentist. 705 to 715 First Ave., Union and Washington Blocks. The Largest Dental Office in the World. Imitated by Many, Equalled by None. The treatment of pyorrhea has just undergone a great boom, and some claim to be able to cure it, but within a short time after the money is paid for such treatment it is found that it was the patient's pocketbook that was treated, because when the pyorrhea treatment stops, the pyorrhea returns, while the patient's money has gone to stay. It never returns. True, deep-seated, chronic pyorrhea has never been cured, and never will be. The teeth can be cleaned and the pyorrhea combated. It may appear to check it for a short time, but it returns with vigor, until finally the alveolar ridge is destroyed and the teeth are lost. Dentists who claim to cure this ailment are either deceiving themselves or robbing their patient. People come to me every day for extractions after they have given their good money for simply having their pocketbooks treated.

EDWIN J. BROWN, D. D. S., 705 to 715 First Ave., Union and Washington Blocks. Open evenings until 8 and Sundays until 4 for people who work. Phone Main 2640. My Bellingham office is at Elk and Holly sts.

LABOR GRILLS 2 CANDIDATES

Dr. Lillian Irwin and O. H. McGill Talk Before Label League

PREACHER IS GENIAL

"You needn't think we're behind you because you may have handsome teeth, Mr. McGill. We want you to tell us now why we should vote for you instead of for a woman. We women are inclined to line up behind a woman, you know, instead of a man."

When this question was fired at Rev. Oscar H. McGill, candidate for the school board, after he had addressed members of the Women's Card and Label league, at the Labor temple, Tuesday afternoon, he was silent for a moment.

Then he grinned. "And then he said they should support him because he is labor's candidate."

Both Rev. McGill and Dr. Lillian Irwin, his opponent, addressed the league, and answered a score of ticklish questions.

Dr. Irwin spoke first. She reminded her listeners that to women falls largely the task of educating the children, and said that women first introduced the arts, physical culture and temperance instruction into the schools.

"And now women are asking that they may also have some part in the administrative work," and cited several states and cities where women are helping manage the schools.

She said she would advocate equal pay for equal work, social centers in the schools, vocational training and development of trade schools, school credits for home activities, and (in reply to questions) possibly a teachers' union, liberalized in answering questions on socialism and other doctrines by pupils, supervised study period, and possibly a "social engineer."

Rev. McGill said he was in favor of school board members being paid for their work, so a member of the laboring class might be elected a member without personal sacrifice.

He would favor making the schools more democratic and allow citizens to meet in them and discuss any question they want to without it being anybody else's business. He would have a kindergarten in every school building. Asked if he would favor dancing in the schools, he said the schools belong to the people, and added, "But I'm a Methodist minister—and I don't dance."

KILLED BY WIRE

Nels Erickson, foreman for the Erickson Construction Co., was instantly killed Tuesday afternoon by coming in contact with a high tension wire while at work on the new bridge at 15th ave. N. W. He was alone when killed. Workmen found his body lying in a trench below where he had been working, 10 minutes after they last saw him alive.

SAN FRANCISCO, Nov. 5.—Three hundred and thirty thousand persons surged into the Panama-Pacific exposition grounds yesterday in celebration of San Francisco day.

GIRL LONG DEAD TALKS TO WORLD

Mrs. Hutchings calls out the letters as the pointer jumps to them, and Mrs. Pollard takes down the message. This is it: "Dot, then, desire the plucking of another goose?"

The physician smiled. "Right there with the grease, isn't she?" he remarked. The pointer spelled this reply: "Enough to baste the last upon the spit!"

The doctor wanted the board turned over so he could see what was under it. This was done. Then Patience spelled: "These bump thy nose to look within the hopper!"

That's Patience Worth's manner of speech. Dictates Drama; Kids Her Audience

The other day she called William Marion Reedy "thou fat-awide!" When she has "kidded" those present a little while she generally indicates that they have had enough amusement, and will now have to do a little work for her.

"Think ye I be a doer of wares without a price?" the pointer said. "Yes, and do ye work for the tale of me, I do ye to fetch out sweets!"

Then came a few chapters of a story which the Currans have named "Panda."

When poetry is coming from the outboard the house is in absolute silence, save for occasional expressions of wonder from the listeners.

Much of the poetry is fragmentary, but all of it has a primeval beauty, which has led the enthusiastic host to say that it rivals Shakespeare!

Yost is even collecting some of the verses into a book, which he is to publish soon under the title, "The Mystery of Patience Worth!"

Patience Worth's answers to questions make it appear that she was "alive" in the year 1649, altho she died in the date of her birth she does not state.

She May Answer Mysteries of Ages

"Across the sea" is the only answer she has given as to her home on earth. From some of her nature references, the Currans believe she was born in England and came to the American colonies.

Patience expressed disapproval one evening when Curran and Hutchings had gone together to a musical comedy in a St. Louis theatre. "Mayhap thou sendest thy men for barleycorn," the pointer spelled. "Would then surprise thee should the asses eat it!"

"What is she driving at?" Mrs. Hutchings wondered. "The sign at the theatre," suggested Mrs. Pollard. "Patience, what are they seeing there?" Mrs. Hutchings asked. The answer came: "Ne'er a timid weech, I vum. My pettiest-keed ye may borrow for the breeze!"

Reedy has started asking questions along religious and historical lines. He hopes, by persistent questioning, to obtain a clue as to the state of the hereafter. Whether YOU have faith in these revelations or not, don't you agree that it is a most remarkable narrative?
