The 1915-16 Dancing Season Is Here at Last—These Are the Times That Try Men's Soles

LO, THE ICEMAN
For the first time in its history, Seattle folk will really begin to cut ice Friday night. The artificial ice rink opens then.

WE SHOULD WORRY
There is a rumor afloat in Seattle that Yell Chief Jimmy Eads, of the U. of W., has a sore throat and won't be able to talk Saturday.

DOBIE EXPECTS CALIFORNIA TO DO BETTER NEXT SATURDAY

NAME THREE S. A. C. BOYS TO GO SOUTH

Definite assurance that the Los Angeles Athletic club will pay the expenses of three boxers from the Seattle Athletic club, having been given by Cliff Reunan, a representative of the Southern organization, Chet McIntyre, Blue Diamond boxing instructor, wired names of four boxers, from whom three will be selected. Earl Baird, 125 pounds, who won the 115-pound N. A. title a year ago and was runner-up in the National meet; Archie Wyard, 135-pound and 145-pound P. N. A. champion, runner-up in the national meet; Val Sontag, middle, light-heavyweight and heavyweight champion of P. N. A. and Pac Western middleweight titleholder, and Lloyd Madden, 135-pound corner, were the names submitted by wire. Henry Gleason, national 125-pound champion, will not be able to make the trip so his name was not sent. Chet McIntyre believes that he can clean up in Los Angeles with any three of the four boxers named. He telegraphed the San Francisco people that if they wanted any of his boxers they would have to do business with the S. A. C. instead of the P. N. A., which is dominated by Portland influences.

COACH FEARS QUAYS WILL UPSET DOPE

At Broadway the regular athletic assembly was held on Wednesday to stir up spirit for the coming game with Queen Anne. Broad general opinion among the students is that Broadway will have a cinch. They are basing their judgment on comparative scores. Franklin and Queen Anne played a scoreless tie earlier in the season at Duquand's rink. Broadway's victory over Franklin is the "talk of the town." They say that if Broadway can defeat Franklin by a score of 65 to 0, while Queen Anne is held to a tie, there is no doubt that Broadway will be the winner. A few seasons ago Broadway defeated the Franklin squad by the score of 6 to 0. A week or so afterwards Franklin defeated the same team by the score of 53 to 0. Broadway and Franklin played their annual game the following Saturday. On that occasion Broadway won by the score of 40 to 0. A few days later Broadway defeated the same squad by the same score. When Broadway and Queen Anne met, if anyone was to go by the comparative score, he would expect the game to be close, but Queen Anne defeated Broadway with ease, the final score being something like 40 to 0. Coach Henderson of the Pine st. institution is afraid that Queen Anne may spring the unexpected. A larger crowd than the one that witnessed the Broadway and Lincoln game is expected to come from the Pine st. school.

PINKMAN TO BOX CLEVER OREGON BOY

Ed Pinkham, popular light-weight and Seattle fashion plate, has practically been matched for a six-round bout with Ralph Grunan, the best 135-pounder ever produced, to be fought before the Rose City A. C. in Portland next month. Portland critics think Grunan is a future champion. Pinkman says Grunan won a decision from Johnny O'Leary in San Francisco a little over a year ago, when Frank Purcell was managing O'Leary.

Blake, Quay Tackle, Shows a Rare Talent in Punting

Some form, eh? Blake, the big Queen Anne tackle, has wonderful form in punting. In this picture, note that his foot is as big as his head. This boot spiraled for 50 yards.

Washington will again defeat California on Denny field Saturday, but not by so large a score as at Berkeley a week ago, in the opinion of Coach Dobie, Graduate Manager J. Arthur Younger, students, and Californians. "Those fellows learned a lot of football while they were being beaten," Dobie declared, with a positiveness that left no opening for doubt. "The material on that squad is splendid. I wish I had some of the speed burners. In a year or the very least they will turn out a team that would be a credit to any institution. By that time they will be used to the American football game, free from rugby tendencies, and, with the kind of material I saw at Berkeley, they will be tough."

"Don't figure on the cold-blooded base of the score. The score is not one-tenth of football. The fact that it is California, the fact that we are meeting the biggest team in the West that counts. Why do you suppose the entire student body turned out to welcome us home? Because it was California that we had beaten. That's why. And the spirit demonstrated then will grow and elevate this university."

MIDGET TEAMS WILL CLASH FRIDAY SURE

It seems to be a habit for the different coaches to change football dates. The latest game that has been shifted is the midget championship game between Broadway and Queen Anne. The game was to have been played the day before the big teams clashed. According to latest reports, the championship squabble will be played on the Lincoln Park playfield grounds Friday. The teams are evenly matched and the game would be worthy of the time of any one that likes to see a game that is full of trick plays and forward passes and includes the old style of line bucks.

STRAIGHT TUFF BY FRANK GIBB

Coach Jimmy Schaefer will end his seven-year directorship of athletics at the University of California after the scheduled Thanksgiving day game at Los Angeles, between his eleven and the University of Southern California. Schaefer offered his resignation to the Associated Students of the university yesterday, and it was at once accepted, though his contract still had two years to run. Schaefer's withdrawal was prompted by general criticism among students and alumni of his work, and the terrific defeat administered to his team last Saturday by the University of Washington huskies.

During the seven years that he has coached California teams, Schaefer has turned out three winning football teams, and three losers. Another team tied Stanford. He has lost but one baseball series to Stanford.

Bill Speas, Portland outfielder, with the Colts in the Northwestern league a couple of years ago, has the prize baseball story. Here it is: "It happened in 1906 in the Pennsylvania and Ohio league. Our opponents had been beaten, about 40 to 0, when one of them hit a ball and slammed it down the right field foul line. The umpire threw in another ball, and he knocked it foul again. Then he hit one at me in left, and after breaking my neck to keep it from rolling into the next state, I got it and threw it in to the plate, only it hit the grandstand instead. "Well, in the meantime the fielders had recovered the foul ball, and the shortstop had one running a man down between second and third, and the second baseman had the other trying to catch a man between first and second. The catcher was chasing the ball I threw in. It looked like a fire in a Chinese laundry the way everybody was running around. I was almost sick from laughing out there in left field."

TOOTH TALKS ON PAINLESS EXTRACTING

Imitated by Many, Equaled by None
In 33 cases out of every 100 I can extract teeth without pain. The other case is one in which the patient will not permit me to operate because of their fear. A dentist may have the best local anesthetic, but if he does not know how to use it, he cannot extract teeth without pain. A dentist may have the best anesthetic and know how to use it, but if the patient prevents him from operating, he cannot do painless extracting. I have the best local anesthetic, and I have made a special study of painless extracting for 15 years; I can extract any normal tooth or number of teeth without pain.
