

IT BEGINS TO LOOK AS IF THE U. OF W. DOES NOT LIKE CONFERENCE

Colorado Game May Be Dobie's Last and We Know Several Who Aren't Complaining

WHY NOT?
Maybe it would not be etiquet, but since Dobie is dickering for a new job, why doesn't U. of W. begin dickering for a new coach?

NOT OVERCROWDED
There is no truth in the report that the U. of W. had to build extra stands to accommodate the crowds this season at Denny field.

FRESHMEN WILL BE BARRED

The University of Washington has finally passed a rule barring freshmen from competition in intercollegiate athletics. This step was predicted in these columns some weeks ago. Opinion as to the advisability of the move and the change it will make in Washington's relations to the other five conference colleges is divided. Some believe that Oregon, O. A. C. and Washington State will follow the U. of W.'s lead, while others say it will make Washington an outcast. If this is true, the rule had better not have been passed. Both Graduate Manager Younger and President Russell Callow of the A. S. U. W. think the other conference colleges will follow suit, with the possible exception of Idaho and Whitman. They further predict that a new Coast conference will be formed at Portland, in December, with Washington, California, Oregon, O. A. C. and possibly Washington State and Stanford as members.

STATE COLLEGE BIDS FOR MEET

PULLMAN, Nov. 25.—Washington State college's representatives at the annual meeting of the Northwest collegiate conference, at Portland, Ore., December 2 and 3, will put in a bid for the 1916 conference track meet. Athletic fans will remember the successful conference meet staged on Rogers field in 1914, when for the first time in the history of the conference the receipts exceeded the expenditures, and each of the six institutions, instead of being forced to help pay off a deficit, was \$25 better off as a result of the meet.

Under the policy of the conference the meet will be staged on the East Side this year, and the record made by W. S. C. two years ago, together with the unusual advantages offered by the big seven-acre athletic field, should prove a strong factor in bringing the meet here again.

9 DEATHS FROM FOOTBALL DURING SEASON WHICH WILL END TODAY

BY BROWN HOLMES
Nine young lives were snuffed out on the gridiron this season. Nine American youths, ranging in age from 11 to 21 years, were either killed outright while at play or suffered injuries that resulted in death. Many others were hurt so they

will be marked or crippled for life. Last year the death roll in football was 15. The difference may be the result of changes in the rules, but that is doubtful, since most deaths occur in games where minute details of rules are liable to be overlooked. None of the deaths this season

GOLF CHAMP IN A ROMANCE

Robert Gardner of Chicago, who won the national amateur golf championship during the summer, and Miss Katherine Keep, Chicago society girl, are to be married, according to an announcement. Gardner and Miss Keep met at a golf club where he was playing in a tournament, and their romance followed. While at Yale, Gardner set a world's record for the polle vault. A woman author said of him: "He has the features of a Greek god!"

W. S. C. IS AGAINST CHANGE

Athletic Director J. F. Bohler, secretary of the conference, has sent notices to all the colleges included that the meeting of the conference delegates will be held at Portland, Ore., December 2 and 3. The dates originally set for the meeting were December 2 and 4, but these were changed to make it possible for the delegates to attend the Syracuse-O. A. C. football game December 4, when they will be guests of the O. A. C. management. Secretary Bohler opines that the question of a readjustment of the conference will be the all-important question to be considered. In regard to the policy of Washington State's representatives in this matter he said today:

OPPOSE ALL-COAST CONFERENCE
"While the athletic council has signified its opposition to the formation of an all-coast conference, primarily because of the almost prohibitive expense of trips to and from California points, the delegates are given permission to vote their best judgment in the matter, and if the preliminary discussion proves that the formation of such a conference would work to the best interests of the entire conference we will be in line with the advocates of the plan. If, on the other hand, it appears that the readjustment would work a hardship on some of the institutions, we will vote against it."

UNBEATEN ELEVENS PLAY

TURKEY FOOTBALL
Penn vs. Cornell, at Philadelphia.
Penn State vs. Penn, at Pittsburg.
Brown vs. Carlisle, at Providence.
W. & J. vs. Lehigh, at Washington.
U. of W. vs. Colorado, at Seattle.
Syracuse vs. Montana, at Missoula.
Denver vs. Aggies, at Fort Collins.

BY GEORGE R. HOLMES
NEW YORK, Nov. 25.—The slow dying custom of playing big football games on Thanksgiving is reflected in today's schedule. Only two games of more than local interest are scheduled for Eastern teams. In the West, one inter-sectional combat—the Syracuse-Montana game—alone is of more than passing interest. At Philadelphia and Pittsburg this afternoon the two undefeated teams of the East swing into action, and on the results hinges to a large extent whether Cornell will have an edge on Pittsburg or vice versa in the final accounting. Cornell should have a comparatively easy time with Pennsylvania, which is completing a disastrous year replete with coaching troubles. Pitt, however, has a tough proposition in Penn State, which already has licked Pennsylvania and came near beating Harvard.

WRECK N. H. A. BY BIG RAID

According to dispatches from the East, Toronto may be without professional hockey this season. Since the raid of the Coast leaguers on the Toronto club, the Queen City owners have been unable to fill up their ranks, and are also unable to make satisfactory arrangements for the use of the arena. E. J. Livingstone, owner of the Toronto and Shamrock franchises, states that he will endeavor to place clubs in American cities, but failing in this, he will drop out of the N. H. A., which will be compelled to reduce to four clubs. This will leave Wanderers, Ottawa, Canadiens and Quebec in the running. The Patriots have practically wrecked the Eastern hockey circuit since the declaration of war three weeks ago. Several of the N. H. A. directors have long been in favor of taking in some good hockey city in the States, and it is thought likely that the circuit will be thus extended.

STRAIGHT TUFF

While Gilmour Dobie is dickering with the University of Wisconsin, despite the fact he is still under contract to the U. of W. for another year at \$3,100 per, it is not treason to look over the field for his successor should he decide to desert his post. Elmer Henderson, Broadway high school coach, who has turned out two wonderful elevens in the past two seasons, should come in for consideration. Those who know football point out that Henderson is one of the brainiest, most up-to-date exponents of the great fall sport who has ever hit the Northwest. His teams are drilled in fundamentals to such a degree of efficiency that they outclass any rival. He knows the game himself, and because he studies it, is continually pulling something new. Henderson learned football at Oberlin, under Harvey Snyder, for the past two seasons assistant coach to Percy Houghton at Harvard, and he went back East last summer to get some inside stuff from his former coach. Those new formations Broadway tried are some of Houghton's pet plays, with variations made by the wide-awake Broadway man.

Johnny Maulbetsch, star halfback of the Michigan eleven, who was chosen on the All-American team by Walter Camp last season, thru wonderful work in the Harvard game, has been elected captain of the Wolverines for 1916. Johnny will not be found on the All-Star eleven this season. Four games will bring the football season to a close in the Northwest this afternoon. They are: Washington and Colorado, at Seattle; Multnomah Club and Oregon, at
