ADMIRAL ADVISES BETTER PUGET SOUND PROTECTION

WASHINGTON, Feb. 25.—Transfer of reserve ships of the Atlantic fleet to the Pacific Coast was suggested by Rep. Stephens of California to the house naval committee today.

Admiral Winslow, Pacific fleet commander, said, however, that this is inadvisable at present, and he expressed the desire that the Atlantic fleet be kept intact.

He was in favor of inspecting navy yard facilities on the Pacific Coast, and he thought the Puget sound navy yard should be better prepared, but he regarded it as questionable whether the nation should spend money on the Mare island yard.

"Wouldn't you favor sending a board of officers to the Coast to locate a new yard, if one is established?" asked Stephens.

"Yes," answered the admiral.

Winslow said that 48 submarines for the Pacific Coast would not be excessive, and he counseled construction of larger types than now are used.

He did not believe the Mare island yard could be developed into a first-class yard, as when it was selected "there was no idea of the large ships we would build eventually."

GIRLS, POP QUESTION RIGHT NOW

One More Day Left to Get in On Star's Leap Year Wedding

STILL A GOOD CHANCE

Twenty-four hours, girls, are left for you to get that leap-year husband.

Propose to him tonight, and come a-running to The Star office before 3 p. m. Saturday.

It's a chance for some couple to have a peach of a wedding and everything, with The Star's help.

Lots will be drawn Saturday.

Then the lucky couple will have photographs made.

Manager A. Chesire Mitchell, of the Butler, will start planning the wedding breakfast.

Billy Smythe will put the stage of the Strand theatre, Second ave. near Seneca, in order for the wedding ceremony to be performed by the bride's favorite minister on the stage Tuesday at high noon.

Flowers will be gathered by the Hollywood garden people and be ribboned for the bride.

"Barnum" Titus, the great-big baked-potato superintendent of the Northern Pacific dining car service, will order the wedding cake.

Burnett Bros., 909 Second ave., have the Tiffany ring all ready.

The Hudson Super-Six auto will be ready to rush the bridal couple about.

And life passes for both of them to the Strand theatre have already been written out.

All these things are planned for the leap-year wedding that will mark February 29, 1916, for some couple that won't have another anniversary until the next February 29, which won't come again until 1920.

Pop the question Friday night! If he consents, bring him in to see the editor Saturday.

NOW THE JABOT CAPE

Light, soft in texture and velvety in appearance, this street costume has a short, straight coat with military cape—having the appearance of a jabot. Pockets are in again, and the hands will be in the pockets more than ever before.

The hat, which fits the head closely, is of fine mat straw, dark blue, mounted with a high Corday trimming of ruffles of net.

ACCUSED OF MURDER; CHARGES FRAME-UP

MARYSVILLE, Cal., Feb. 25.—"What are you trying to do—'job' me?" is the only response authorities have been able to get from "Swede" Jack Benson, now serving a six-month term for assault, whom they plan to arraign after his release on a charge of murdering Harry Kamegisa, a wealthy merchant here three years ago.

WHAT! HOUSES NEXT TO THE CITY HALL?

OAKLAND, Feb. 25.—Because it contends that disorderly houses not far from the city hall are running under the guise of massage parlors, the Public Welfare league is planning an ordinance that would prevent males from receiving scalp or facial treatment in a beauty parlor conducted by a woman.

MISS ANTIN ON COAST

SAN FRANCISCO, Feb. 25.—"More Intelligent Handling of Immigrant Children in the Schools" is the subject discussed by Mary Antin, famous immigration worker and author, who arrived here today.

Miss Antin came to America an immigrant. She fought her way to the top, and for years has been an advocate of immigration reforms.

ARMED SCOUTS PATROL HARBOR

Three patrol boats, with armed crews, are scouting the water front today to prevent a feared outbreak of organized arson against war shipments.

Police and private guards have been doubled.

All Thursday night the Harbor Patrol, the government revenue launch Scout and the was sent to Fire Marshal Hing-searchlights around and under the piers.

Increased vigilance was stimulated by messages from Tacoma which stated that "German dynamite and arson headquarters moved last week to Seattle from San Francisco, California. Warn all dock agents to beware along the water front." The warning was sent to Fire Marshal Hing-hurst.

It also stated that German agents had left Tacoma for the Smith cove terminals to destroy the \$5,000,000 rubber cargo aboard the Blue Funnel liner Tallyhust.

The message was signed, "Detectives for the Allies."

Valuable shipments of cotton awaiting at Pier 1, to be taken to Vladivostok, are being carefully watched.

The plank, a ferocious fish, is widely cultivated in Slam by people who prepare them for the "prize ring," or pond, where they battle.

CONSUMERS' LEAGUE TO HOLD MEETING

The Consumers' league will hold its first evening meeting of the season Friday night at 8 o'clock in the assembly hall of the Henry building. W. I. Crawford will deliver an illustrated lecture on "The Salmon Industry."

Mrs. F. B. Davis will give readings, and Louis Brentwood a piano solo. Refreshments will be served.

DR. L. R. CLARK

Why Delay Such an Important Matter as the Welfare of Your Teeth?

Putting things off is a mighty bad habit. Perhaps nothing interferes more with success than the habit of procrastination. You say to yourself, "I know that I ought to have my teeth fixed. Some of them are decayed. If I go right away they can be saved."

And then you put it off from day to day, and the first thing you know your teeth have gotten into such condition that even our modern methods cannot save them, and you have lost something that you would not take a lot of money for.

Besides that, every day that you neglect teeth that need attention it is bad business for the worst type to neglect your teeth. You don't need to put it off on account of fear that the work will be painful to you. Our modern and up-to-date methods of operating have rubbed the dental chair of its horrors. We can and do perform the most difficult dental work without hurting the patient bit. We have the signed testimonials of hundreds of the substantial citizens, both men and women, of Seattle and surrounding territory, stating that we have done work for them and haven't hurt them. Come in and read some of these testimonials before we start your work. They will convince you that the above statement is absolutely true.

Remember, you are sure of getting high-class service here, as every operator in this office is a graduated and registered man, and has his certificate from the state dental board hanging right on the wall in front of his dental chair, in plain sight. You don't have to take our word for it that they are good dentists. The "PROOF" is right before you.

In addition to that, we give with all work our friendly guarantee of satisfaction, signed both by the operator who did the work and by L. R. Clark, D. D. S., owner and manager of this office, who is thoroughly responsible.

"NOVO-CAL" is positively necessary for the proper performance of painless dentistry. Most offices have none of it. We have an ample supply.

Call Main 1215 now and make an appointment.

DISCOUNT ON ACME COAL

Star readers who will mention this advertisement when ordering will get a reduction of 25c per ton on the Nut and Furnace sizes of ACME Coal. This will give you Nut for \$3.00 and Furnace for \$3.25 per ton at bunkers. Lump \$4.00 as usual.

ACME Coal comes to us direct as it is mined, and when we have such an enormous demand for lump as we have had lately we are naturally overstocked on the smaller grades. This special price will hold good until stock is down to normal.

ACME Coal gives more heat per dollar and less ashes per ton. It is free from soot and never clinkers. It's a coal that will save you money and dirty work and give satisfaction.

BELT LINE TOO WIDE FOR CITY

The city franchise committee indicated to the port commission Friday that it would recommend a franchise for the port commission's belt line on Railroad ave., if the application was revised so that the right of way could be narrowed from 30 feet to 15 feet in the congested district between Union and Vine sts.

No final action was taken.

The commission was given four weeks in which to revise the application and submit it again.

YEGGMEN GET GEMS

SAN BERNARDINO, Feb. 25.—While 20 lodgers in a hotel overhead slept soundly, yeggmens early today dynamited the safe in the Wilson jewelry store on Third st., looted the Baillie Art shop next door, and escaped with gems worth \$1,000.
