MAGEE MAY RIVAL COBB FRANK GUIGNI HOLDOUT

AT THE FRONT WITH EDWARD HILL

MAKING everything into account, we are inclined to the belief that Lee Magee, the former Seattle ball tosser, was the best all-around player in the Federal league.

A letter at hand from Fleider Jones says that several American league managers are picking Lee to be Ty Cobb's closest rival this season.

"I think," says Jones, "Lee Magee is one of the few smart players in the game."

Ty Cobb and Magee are alike in some things, at any rate. Both of these swatmen are high strung, impetuous and ambitious.

Jones says that Magee came into full development while with the Feds and that he gave the noisy Bennie Kauff a great run for the batting honors of the late lamented circuit.

The former Northwestern league proxy also states that had not Lee been burdened with managerial worries, he would have outth Kauff. As it was, Magee soused the sphere for .330 in 121 games.

SEATTLE PUCK MEN MAY JOIN TORONTO

Frank Foyston and Harry Holmes, captain and goal tender of the Seattle hockey squad, will finish the season with Toronto, in the N. H. A., according to reports from the Canadian city.

JOHNSON MOVES ON

LONDON, March 3.-Jack Johnson, the negro heavy, and his wife have left for Spain. They were ordered from England some time ago. Johnson said that he intended making his home in South America.

Some time ago it was explained that photography would prove a great aid in teaching golf. The latest suggestion is that the camera should be supplemented by use of the phonograph so that the novice might compare his trial attempts at language with the efforts of the masters.

Altho they are not doing business at present it is worthy of mention that there are now seven golf courses in Winnipeg, Canada. Winnipeg's population is 275,000.

Louis Teller, the French professional, has been engaged for the coming season by the Country club, Brookline, Mass. After severing his connection with the Canoe Brook C. C. last fall, Teller went to the Audubon club at New Orleans. He has completed in three national open champion tournaments here and has been in the money every time.

James Milligan, Robert McWatt and Frank Lewis, professional golfers, formerly located in this country, have returned to the other side and gone to the front. They were all good players.

Amherst College has gone in for indoor golf. It has been installed in the gymnasium, and so far as is known, Amherst is the first college in the country to take up this branch of the game.

Baseball

Our idea of the present-day George Washington: Friends and fans, I haven't the nerve to hand you any bunk about this rookie. He ain't no Eddie Collins and don't ever expect to be.

Miller Huggins has become an instructor of amateur managers in Cincinnati.

If Circus Solly Hoffman, the former Cub and Pirate, can come to terms with Joe Tinker, part owner of the Peoria Three-l league team, he will act as manager of that team the coming season. Tinker has offered the job to his old team-mate, but here seems to be some hitch on the subject of salary.

O. B. Puts Ban on Ex-Fed Managers Why Are These Men Idle While Others Are Welcomed to the Fold

BY HAROLD JOHNSON "Don't Bite the Hand That Feeds You." This is the title of a song with a moral. Had it been sung in 1913 several prominent national pastimers might still be working in organized ball. Instead, six gents-five possessing managerial berths last season in the defunct Federal

league, are now considering the advisability of returning to the soil. Organized ball denies the existence of a blacklist. The players, now on the outside looking in, say O. B. is "spoofing."

Phillies to manage the Baltimore Terrapins. Hal Chase quit the White Sox for the Buffalo Feds. He later induced Harry Lord, former White Sox, to enroll. Lord subsequently managed the Buffeds. John Gansel left the Rochester Internationals to pilot Brooklyn's Feds vice Lee Magee, while Ennis T. (Rebel) Oakes blossomed out as skipper of the Pittsburg Feds.

SAN FRANCISCO, March 3.-Cliff Blankenship, manager of the Salt Lake Coast league club, will reach San Francisco today to spend a fortnight putting the finishing touches to the arrangements of the training season of the Bees.

PORTLAND VICTOR

PORTLAND, March 3.-Portland walloped the All-Star ice hockey septet here last night, 5 to 4, in a hotly contested melee. Foyston, Carpenter and Morris, of Seattle, Lehman, Cook and Mackay, of Vancouver, and Kerr, of Victoria, lined up as the All-Stars.

\$125,000 SPENT FOR 10 PLAYERS

It is estimated National and American league clubs paid in about \$125,000 for ten players secured from Federal clubs. The names of the players, teams by which they were bought and the estimated prices follow: Kauff, Giants \$35,000. Rariden, Giants 10,000. Anderson, Giants 10,000. Rousch, Giants 6,500. J. Johnston, Brooklyn 5,500. Magee, Yanks 25,000. Cullop, Yanks 12,500. Gedeon, Yanks 5,000. Erickson, Detroit 5,000. Seaton, Cubs 7,500.

"Red" Smith has signed with the Braves. His contract contains the 16-day clause. Smith recently visited Manager George Stallings at the Meadows, Haddock, Ga. The sorrel-top and the miracle man had a heart-to-heart talk, with the result that Smith was persuaded to get in line.

Picking the American league pennant winner is as simple and as easy as naming the final peace terms in Europe. Fully.

Seattle Mitt Slinger Goes to Mat With the Referee

PORTLAND, Mar. 3.-Three Seattle men, one from Spokane, one from Oregon Agricultural college and nine from the Multnomah club last night won the right to participate in the finals of the Pacific Northwest Association championships tonight.

When Referee Olma Dranga disqualified F. Detamore, of the Seattle Athletic club for hitting in clinches after being warned by the referee to break, in his bout with Louis Goldy, Detamore went to the mat with the referee. A near riot resulted.

In the 145-pound wrestling preliminary, Clarence Ewing of Spokane beat Fritz Frellinger of Multnomah.

In the 115-pound boxing event, I. Gleason of Seattle knocked out H. Christensen, unattached, in one round.

At 108 pounds, Jack Harper of Seattle won a decision over Frank Phale, Multnomah.

At 118 pounds, Val Sontag of Seattle won a decision over Geo.

Farmer Bests Bill Murray in Tussle at Tacoma

ACOMA, March 3.-Boxing bugs were a bit nervous today in saying the four-round fight between Frank Farmer and "Billy" Murray last night was the best bout staged here in years.

Friends of Farmer were surprised at the dash he showed. He stood toe to toe with the Californian and made him break around. Murray had trained for three weeks and was in fine condition. He put up a defensive battle all the way, and left the ring with a badly battered countenance.

Earl Connors showed so much class that his bout with Al Lupo was in the nature of a slaughter. Davis, unattached.

Paul Amort, Oregon Aggie, threw Arthur Boboskey, Multnomah, in a 145-pound wrestling event.

The rest of the matches were captured by Multnomah men.

VELVET THE SMOOTHEST SMOKING TOBACCO. A CHEMIST could tell you the difference between Nature-matured VELVET and process-matured tobacco. But you' old pipe can make you understand that difference.

Test It For Yourself! VETERAN smokers and tobacco men say that Kentucky Burley is naturally the logical pipe tobacco, because of its body and fragrance, combined with an extraordinary mildness. But even Burley tobacco may have a "bite" that must be removed-either through natural mellowing by age or by some time-saving "process." Which obtains the best results? Nature's methods or artificial processes? VELVET'S two years' ageing in hogsheads brings out all of Burley tobacco's natural superiorities. VELVET is the truly age-mellowed smoking tobacco. Test VELVET yourself. Let your pipe be the "crucible"-or use a cigarette paper as a "test tube."
