

# Rent Keeps More People Broke Than Booze

JUST ONE OF TWO HUNDRED HOMES AT SUQUAMISH

You often hear people kick about taxes and street assessments, etc. Possibly the taxes are high. We know that the street improvements were hurried by an imaginative engineer far ahead of their necessity in many instances, but did you ever stop to think that the LAND OWNER had SOMETHING to show for his years of work; that the little home owner OWNED HIS HOME AND HAD HIS HOME TO SHOW FOR HIS WORK.

## How About the Renter?

He had left just a sheaf of nicely engraved rent receipts. You can own your home at Suquamish and cut out the rent and there are no

Wood for the cutting. Water system already installed. Water rent, 50 cents monthly. About 500 people already live at Suquamish. It has a fine school, with 45 pupils, constantly growing; churches, stores, etc. A local builder named W. A. Lewis has fifteen houses under construction now. Why so much building at Suquamish? Why do so many people live there? Why are they satisfied and happy?

Because Suquamish is beautiful; because the cost of living is less; because no one pays rent; because there is a spirit among the people like unto the spirit we had here twelve years ago, when we all boosted and no one had a grouch. Come over and see Suquamish.

### "Groceteria Prices" The Slogan of Economy

"Groceteria Prices" has become the slogan of Economy when referring to groceries. They mean a saving of 15 to 25 per cent. Groceries always of highest quality—satisfaction guaranteed—or your money cheerfully refunded.

Groceteria's idea is the generation's greatest step forward in merchandising. Reduces the Cost of Living because it has revolutionized the Cost of Selling. You are saved the salaries of an army of clerks, because you help yourself the cafeteria style! You're saved the cost of an expensive delivery system! Selling for cash only, you're saved paying for someone else's grocery bill! Paying in large quantities for spot cash for our seven stores, you're saved all discounts! You are saved all leakage, and waste, and all unnecessary expenses!

Great loads of fresh stocks are brought to the Groceterias every day. Everything put up in clean, sanitary packages. Every package marked in plain figures. No special sales. No "specials" to deceive you. No strings. Groceteria Prices mean the greatest economy in quality groceries every day, at all Groceteria Stores.

# PROVIDE 6 MILLION FOR ALASKA ROAD

WASHINGTON, May 19.—Carrying a total appropriation of \$127,237,221, the sundry civil bill was reported to the house today. The government railroad now building in Alaska costs \$6,247,000. It authorizes the expenditure of \$4,535,000 for the Panama canal, as follows: Seacoast batteries, \$400,000; 12 inch mortars, \$120,000; ammunition, \$160,000; installation of seacoast cannon, \$68,000; submarine mines, \$240,000, and barracks and other buildings, \$2,000,000. For armories and arsenals a total of \$4,000,000 is appropriated. Half a million dollars is allowed for increased facilities at the Rock Island arsenal and the war department is authorized to contract for an additional outlay of three quarters of a million dollars for the manufacture of field artillery there. For construction of barracks in Hawaii \$1,127,000 is allowed.

# WILSON TO EXTEND THE OLIVE BRANCH

President Wilson is expected to extend the olive branch to Germany, according to a speech he is expected to make at a meeting of the "League to Enforce Peace." The president will not offer to mediate, neither will he make any attempt to force negotiation which might be considered inopportune to either group of belligerents. A feeling has spread thru the world's capitals that Germany is most anxious for peace. The allies countries regard this anxiety as based on necessity. This is likely to make the allies go to the limit in the hope of crushing Germany, making their terms so harsh that they cannot be accepted. The best information here is that Germany does not face the necessity for an immediate peace. The president is said to believe there is no hope for peace until after the allies launch their expected major offensive.

# CIDER TOO HARD; POLICE GET BUSY

Chief Beckingham turned his police investigators loose Friday to hunt down places where alcoholic cider is sold. Samples of "10-cent cider" were gathered which city chemists found to contain 8 per cent alcohol. During the last few weeks, dozens of "drunks" in police court have testified that two or three glasses of the special "10-cent" cider intoxicated them. Detectives seized two barrels and eight cases of whisky at the Grand Trunk dock Friday. It was consigned to the Fremont pharmacy. No such firm could be found. The Fremont Drug Co. denied ownership of the booze. The permits on the liquor were forged, the police say. Chief Beckingham ordered the booze consigned to the gutter.

PACIFIC COAST states contain about 40 per cent of the estimated available water power of the United States.
