CAESAR did his country a great service when he corrected the calendar. The name of the great Caesar will go down through history forever as a great general and benefactor. As the days and weeks pass on with unceasing regularity, a glance at the score card of time reminds us it is time to buy a can of

CAESAR Extra Virgin OLIVE OIL

Caesar, the name applied to this excellent Olive Oil, stands for the triumph of Quality.

"Extra Virgin," yes, but not to be construed as being better than "Virgin," that would be an absurdity. To try to make you believe this would be an insult to your intelligence.

Vittucci Virgin Olive Oil

Stands preeminently at the top as the highest quality of Olive Oil producible and does not accept the supremacy of any other. Caesar Extra Virgin Olive Oil is designed to meet a demand for a cheaper and necessarily a heavier grade of Pure Olive Oil.

14 BANDS TO MARCH SATURDAY

Fourteen bands, made up of more than 450 musicians will play patriotic airs for nearly 40,000 marchers in the preparedness demonstration Saturday.

They will be distributed among the regiments of organization and industrial marchers.

Committeemen in charge of the details are trying Wednesday to get final figures on the number of out-of-town marchers who will not join affiliated delegations in Seattle.

They have asked that word be sent to headquarters in the Stewart building, telling them just when, and where, the outside marchers will arrive in Seattle Saturday.

This, they say, is necessary in order to make definite assignments in the line of march.

All women's contingents are being handled by Mrs. Winfield Smith, who will be the marshal in charge of them.

The number of marchers was swelled when the Ballard Boosters sent word they would be in line 1,000 strong.

The mayor of Bothell and his city council, have also entered the list.

Other new representatives are from the Union Oil Co., United Warehouse Co., National Grocery Co., Stinson Mill Co., Seattle Grocery Co., Swabacher Grocery Co., Richmond Paper Co., University employes and U. of W. cadets.

The Commercial Club estimated their forces at 254.

Visiting Woodmen of the World, as well as local members of the order, will be expected to meet in Woodmen's hall, Fourth ave. and Marion st., Saturday at 1:30 p. m.

Holiday at Renton Saturday will be a holiday in Renton in order to let everybody come to Seattle for the preparedness parade.

The town council met Tuesday night and voted funds to employ two bands to head the delegation. Fifty miners, in uniform, will lead the Renton marchers.

Capt. Arthur P. S. Hyde, chief marshal, sent invitations to the Seattle clergy Wednesday, inviting them to march and offering them a position at the head of the professional men's division.

Arrange Assignments The division assignments are being arranged at parade headquarters. Numerous changes were made Wednesday. The completed arrangements of positions will be printed in The Star before Saturday.

Members of the Retail Clothing Merchants' associations have decided to march in groups between 2 p. m. and 5 p. m. Saturday, so their employes can march. Official banners, to be used at the head of each delegation, will be of a standard size and design. A model is on exhibit at parade headquarters in the Stewart building.

Harry Carroll, in charge of the ex-service division, has issued a call to all former national guardsmen, no matter from what state, to attend a meeting in the Arcade building Thursday at 8 p. m. where arrangements for marching Saturday will be perfected.

Bruce Short, who will captain the six-footers' division in the parade, visited the courthouse and city hall Wednesday, and enlisted Sheriff Hodge, five superior court judges, Councilman Hanna, City Treasurer Terry, and several others for his marchers.

2 CONVENTIONS FORMALLY OPEN

Correspondent Tells of Wild Scenes in Chicago Meetings

BEGIN UPON BUSINESS

By PERRY ARNOLD (United Press Staff Correspondent) CHICAGO, June 7.—Jostling crowds on Michigan boulevard; the glare of bandwagons; the wringing lines of densely packed humanity in hotel lobbies, be-ribboned and be-bagged visitors, and the buzz, buzz of talk—this was opening day of the republican progressive national conventions.

At least, these were the outward manifestations of the chosen few of two national parties meeting in solemn conclave to name a presidential ticket.

The business scheduled in both national gatherings is to be more or less perfunctory today. Calling to order, prayer, introductory speeches by the national chairman, and the setting to work of the convention committees is about all either the republican or the progressive leaders expect to accomplish in the day's public sessions.

Fireworks Begin Thursday The real fireworks are expected to begin tomorrow with the keynote speeches of the temporary chairmen.

Tonight the resolutions committees are expected to begin their long grind of hearings and closed sessions, leading up to the formulation of platforms.

It was National Chairman Charles D. Hilles whose gavel banged to order the republican conclave, at noon precisely. Hours before that minute the great galleries of the Coliseum had been packed to their utmost capacity.

A band, tucked far up above in a gallery, tooted cheerfully away at the popular airs of the day and kept the waiting thousands in good humor.

Standards on Floor On the floor, where standards bearing the names of the states marked off the space reserved for the actual participants in this quadrennial festivity, the delegates were slower to arrive.

The delegates, all alive to their own importance and wearing vivid badges proclaiming their right to have a voice in selecting the republican standard bearers, strode in in groups and squads and companies.

Why Cactus Juice Works With Success

Some Interesting Facts Concerning Cactus Juice.

A few years ago the cactus plant was not considered to be of much value to either man or beast. It was the cactus of the spineless cactus of the Bur- bage, this plant has surpassed nearly all others for medicinal and medicinal purposes.

It is now fed to cattle and hogs and is a better fat and milk producer than either corn or alfalfa. But the cactus plant has been found to be of even greater value to humanity. Experiments, both in America and Europe, have proven that for medicinal purposes the juice of the spineless cactus has few discoveries of the century along this line. A great chemist has now combined the juice from the cactus with other plants, roots, herbs and leaves, making California Cactus Juice Compound, the new herbal preparation that is giving so much relief to people suffering from blood, stomach, liver and kidney trouble. Founded as it is on the principle to be of assistance to nature, this remedy may be used with the utmost confidence by the young as well as the old, for the purifying of the blood and cleansing of the system. Run-down, debilitated people, especially, should give this "Master Medicine" a fair trial, as its medicinal properties are of a strengthening and revivifying nature.

Cactus Juice is for sale by all Bartell Drug Stores, and a representative of the company is at store No. 3, 1st and Pike. He will be glad to have a talk with you at any time and explain more fully the merits of this great preparation.

ARREST CLERK
Hughes Then and Now History undoubtedly repeats itself. On June 10, 1912, a few days before the republican national convention, Justice Charles E. Hughes, on learning that his name was being agitated as a possible "compromise" candidate in the fight between Taft and Roosevelt, sent the following message to a political leader in New York, by a friend: "Any movement booming Justice Hughes for the nomination is strictly without his authority. It is against his express wish." During the last year Justice Hughes has made almost identical disclaimers.

T. R.'S FAVORITE IN THE BETTING

CHICAGO, June 7.—Theodore Roosevelt was made the favorite for the presidential nomination by Chicago bookmakers today.

They quoted Teddy's chances at even money.

Jim O'Leary, Chicago's premier layer, is strong for the colonel as a betting proposition.

"Looks like T. R. all the way," he said.

One freak bet was recorded. A Western cattle man put up \$750 against \$3,000 that Roosevelt would be the nominee of both the progressive and republicans, and elected over Wilson.

Supreme Court Justice Hughes was made second choice at odds of 6 to 5, Ellhu Root 5 to 1, Senator Burton of Ohio 6 to 1, Senators Cummings of Iowa and Weeks of Massachusetts 7 to 1.
