VILLISTAS AGAIN ATTACK MEXICANS

EL PASO, Oct. 4.—The arrival early today in Juarez of two wounded officers from the Casas Grandes garrison lent color to the reports that the Carranzista garrison at the latter town and a small body of Villista bandits had clashed near there. Casas Grandes is located on the communication lines of Pershing's expedition.

SLAVS SUFFER LOSS

BERLIN, Oct. 4.—The Russians suffered enormous losses in a renewal of their attacks west of the fortress of Lutsk yesterday. It was officially announced today. Thousands of dead Russians lay before the German trenches at nightfall. Every attack was repulsed without the loss of any ground.

WAR LOOMS AS NEW MAN GETS OKUMA'S JOB

TOKIO, Oct. 4.—Field Marshal Teruchi has been appointed prime minister, succeeding Marquis Okuma, who resigned yesterday. Count Teruchi, the new Japanese premier, holds the highest rank in the Japanese army, and until his appointment to the premiership today, was governor general of Korea. Teruchi, a fighting man strongly supported by Japanese leaders favoring a strong military policy, is understood to have been a candidate of the upper house of the Japanese parliament. He has been described by writers as the champion of an aggressive expansionist policy, particularly with reference to China. One Japanese paper declared recently that if Teruchi ever succeeded Okuma as prime minister it would not be long before a Japanese army was on the road to Peking.

DENT LINE ON 25-MILE FRONT

BY HENRY WOOD United Press Staff Correspondent WITH THE FRENCH ARMY OF THE SOMME, Oct. 4.—The allies have now widened their breach in the German lines on the Somme front over a 25-mile front to a maximum depth of 5 1/2 miles. A heavy rain that hindered operations for two days ceased falling yesterday noon, and artillery began turning up, particularly south of the river. North of the Somme the French last night completed the conquest of a German trench between Morval and St. Pierre Vaast wood, taking 200 prisoners.

CROWD SEES MAN FALL TO STREET

PORTLAND, Oct. 4.—Clutching frantically at crevices in the stone work, Alex Kovalchuk, 26, a window washer, swayed on a narrow window ledge three stories above ground today while a crowd watched. Finally he toppled and crashed to the sidewalk. The man was taken to a hospital evidently terribly hurt. He fell from the third floor of a department store building in a downtown thoroughfare at noon.

DEMS SEEK FUNDS

The democratic national finance committee for Seattle was organized at the Lyon building headquarters, as follows: Robert C. Saunders, chairman; John Schram, Frank L. Meares, Paul Land, Geo. A. Custer, Alfred Gfeller and Geo. Murphy. Campaign contributions will be received at 221 Lyon building.

PORT IS ENJOINED

Superior Judge Dykeman issued a temporary restraining order Wednesday to prevent the Seattle port commission from spending any more money for advertising in connection with the referendum measure dealing with port interests, and cited the commissioners to appear in court October 6 to show cause why the order should not be made permanent. The suit was filed by C. O. Qualheim against the Port of Seattle and Commissioners Bridges, Remberg and Ewald.

How Can You Read This Testimonial and Still Be Unconvinced

Gentlemen: Five years ago I had a tooth extracted in San Francisco, California, and I suffered severe pain during the operation; also two years ago a dentist in Seattle said it would hurt a little to have another tooth pulled, so I decided not to let him pull it for ten years. I suffer as before. I have read many of your testimonials, and thought I would give the Regal Dentists a trial, which has proved very satisfactory to me. After waiting two years you extracted this tooth absolutely without pain. I take great pleasure in highly recommending the Regal Dentists to any one in need of painless dentistry. EDMUND S. HARMON, N. 47th and Franklin Ave., R. F. D. 2, Box 39A. This is just another convincing evidence of the fact that we can do perform all kinds of dental work without hurting our patients a bit. We have the "WACO-CAIN" which is admitted by the best authorities to be absolutely the best anesthetic so far discovered for the performance of painless dentistry. Most dentists have none of this precious substance. They can't get it, either, because it is an imported article, and the European war has completely stopped its importation. We have the best of appliances—we have the "graduate" registers—dentists to use them. We give the lowest prices, as our immense volume of business permits us to take a smaller profit than the office which does only one-half or one-third of our volume. We give with all work our iron-clad guarantee of satisfaction secured both by the operator who did the work and by L. R. Clark, D. D. S., owner and manager of this office, who is thoroughly responsible.

SOCIALIST HEAD TO SPEAK HERE

Allen L. Benson, socialist candidate for president, will be in Seattle Sunday and will speak at the Hippodrome pavilion Sunday evening. Benson is a newspaper man and a gifted speaker. In his speeches on his trip West, he has dealt impartially with both Gov. Hughes and President Wilson, roasting them both.

MANY TO TALK ON LOGGED-OFF LANDS

Several hundred guests are expected to attend the second logged-off land conference, October 10 and 11, at the state university, which is to be held in connection with the Land Products exposition. More than 250 persons were in attendance last May, when plans for this conference were laid. One of the features of the meeting will be an attempt to obtain blasting powder on the county unit plan. Discussions of land clearing and reforestation and other subjects will be discussed.

Bohemian Violinist to Play at Coliseum

Herr Franz Adelman, the eminent Bohemian violinist, was signed Monday by Manager C. S. Jensen for an indefinite season as the conductor of the Coliseum's concert orchestra of 12 men, with Leon I. Strashun as the first violin. Adelman is a big favorite in Seattle, and his going to the Coliseum will put the music at the big, beautiful show shop on the highest possible plane. Adelman will give his first Coliseum concert Wednesday at 8:15.

IN FIVE MINUTES NOSICKSTOMACH, INDIGESTION, GAS

"Pape's Diapepsin" Is the Quickest and Surest Stomach Relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

NAVY YARD STUDIED BY SEN. POINDEXTER

BREMERTON, Oct. 4.—As a member of the naval affairs committee of the U. S. senate, Senator Miles Poindexter is today visiting the navy yard here to study over detailed needs. He was met at Seattle by Capt. Coontz and Bremerton officials. A navy yard tug took the party to the yard. In the afternoon, Senator Poindexter met citizens of Bremerton at the Commercial Club.

LAND SHOW TO OPEN ON TIME AT THE ARENA

Amid exhibits from the states of the Northwest and Alaska, and the music of Ferullo's famous Italian band, Seattle's first Land Products exposition will be formally opened by speakers under the auspices of the Chamber of Commerce, at the Arena and tent annex, Wednesday, at 8 p. m. Gov. Lister and Mayor Gill will speak. Judge Thomas Burke will preside.

The land products, made up of displays of grasses, grains, fruits and vegetables, will represent nearly every county in Washington, Oregon, Montana and Idaho. It will be the most extensive display since the A-Y-P. exposition here.

Lectures, music and The Star's Baby Pageant, a week from Friday afternoon, at 3:30, are features of the show. Dorothy Morgan and Edna Small, the two movie queens from Los Angeles, who are selling newspapers across the continent to win a bet, will appear at the Arena Wednesday night.

The show will last 11 days—to October 14, and there will be many lectures and contests. Faculty representatives from the State college at Pullman will take an active part in the judging contests and the lecture program. The doors will be open mornings, afternoons and evenings.

THE DRY LAW DEMOCRATIC NOMINEE FOR PROSECUTING ATTORNEY

If elected, it will not be necessary for private citizens to force me to enforce the law.

Will I enforce the Dry Law? I wish to answer this question once and for all times. Yes, I will, but not with stool pigeons, and the battle-ax or sledge hammer will not be needed by our city officials if I am elected.

I believe in temperance and equal law enforcement among all citizens. While the present law remains, I will enforce it without fear or favor, but the law can be enforced by lawful means. Two wrongs do not make a right.

When an investigator is permitted and allowed to send out stool pigeons with instructions to get this one, but let that one alone, there is something rotten in Denmark. I will be the chief investigator, and my men will receive their instructions from me direct, because in dealing with the political dishonesty of today, one must not allow the right hand to know what the left hand is doing.

Our Initiative Measure No. 3, relating to intoxicating liquors, provides that articles of value other than intoxicating liquors shall be sold and the proceeds turned into the school fund. Let us read it in part: Section 12, page 9, Laws of Washington, 1915:

"Provided, however, That if, in the opinion of the justice of the peace or judge, any of such forfeited articles other than intoxicating liquor are of value and adapted to any lawful use, such judge or justice of the peace shall, as a part of the order and judgment, direct that said articles, other than intoxicating liquor, shall be sold as upon execution by the officer having them in custody, and the proceeds of such sale, after payment of all costs in this proceeding, shall be paid into the common school fund of the school district in which the same were seized. Action under this section and the forfeiture, destruction or sale of any articles thereunder shall not be a bar to any prosecution under any other provision or provisions of this act."

Thousands of dollars' worth of goods, cash registers, mirrors and furniture (the proceeds of which ought to have gone to the fund for our school children) have been destroyed with the sledge hammer and ax. I honestly believe that such action is bound to bring discredit upon the law and our city that we all love.

The Sheriff and the Mayor I can work with any man as sheriff or mayor in the honest, sincere enforcement of the Dry Law, but remember, there will be no special privilege or gentleman's agreement in King County under me, nor will anyone be framed or jobbed.

The People Have Rights You cannot legislate sobriety and morality into people any more than you can legislate that all people shall be six feet in height, but you can change and create environment by legislative act (by law). The fox is cunning and crafty because the law of heredity failed to give it strength to battle and defend itself. Its environment, therefore, developed the cunning to overcome the physical power of other animals.

Our present so-called Dry Law is not a temperance law, nor is it a prohibition law. It has created an environment under which alcohol has raised from \$3.00 to \$4.50 per gallon. The very cheapest, rotten whisky sells for far more than the best grades used to sell for. There are bootleggers and blind-pigs everywhere; law violation has become a profession, and the enforcement of our present Dry Law is a difficult problem.

The Purchase of Liquor Many of our citizens use beer and liquor, and our present Dry Law does not stop one from getting all he wants. It only obstructs, hinders, harasses and makes it expensive to those people of small means who desire to use it.

I know a gentleman from Europe who has lived here and worked hard for thirty years. He comes home evenings tired, worn and hungry. It has been his life custom to have a glass of beer after his day's work is over, for all these years. He never has been drunk, and he seldom misses going to his church. Our state has simply put him and his family to the inconvenience, extra trouble and expense of buying it outside of this state.

Methods now employed have not accomplished results, and many thousands of dollars of the tax payers' money has been wasted in a foolish, feeble pretense by our Prosecuting Attorney of enforcing the law.

If all well-meaning, right-seeing citizens will come to my aid the Dry Law will be enforced, and graft in this city and county will cease.

EDWIN J. BROWN, Democratic Nominee for Prosecuting Attorney.
