LABOR COMMITTEE TELLS HOW TO DO AWAY WITH STRIFE

WASHINGTON, April 9.—Labor leaders and influential employers, acting as the labor committee of

the council of national defense, have issued a report proposing ways to eliminate industrial strife while the country is at war.

"No strikes or disputes during the war" is the keynote and aim of the plans.

Samuel Gompers, president of the American Federation of Labor, heads the committee.

The plan is designed to eliminate the dangerous clash between labor and employers which marked the beginning of the war in England.

A statement will be issued and communicated to employers and employees throughout the nation, warning them against taking advantage of the country's necessities by changing existing standards, until approved by the council of defense.

State officials will be urged to enforce all health and welfare laws to the letter, and permit no departure from present standards.

To Modify Laws
Certain modifications of labor laws, restricting hours of labor, will be urged, on condition that they only affect such measures during the period of the war.

Other members of the committee, in addition to Gompers, are: Secretary of Labor Wilson, Warren S. Stone, head of the Brotherhood of Locomotive Engineers; Secretary Morrison, of the American Federa-

tion of Labor; James Lord, president of the Federation of Labor's mining department; James O'Connell, president of the federation's metal trades department; V. Everett Macy, president of the National Civic Federation, New York; Eliza Lee, general manager of the Pennsylvania railroad; Dr. Lee K. Frankel, vice president of the Metropolitan Life Insurance company, New York; A. Parker Nevins, representative of the National Association of Manufacturers, and Louis B. Schram, of the National Civic Federation.

CUBA IS AT WAR, FOLLOWING U.S.

HAVANA, April 9.—Friendship for America, liberator of Cuba, was the chief factor behind the country's decision to declare war on Germany. The joint resolution passed both houses Saturday afternoon and was immediately signed by President Woodrow Wilson.

Excitement ran high in both houses, conservative and liberal members alike rising frequently to cheer speakers. And not one

speaker failed to mention the gratitude which Cuba felt toward the United States.

Every One Welcome

HEP! HEP!

Half of Seattle's 67 University of Pennsylvania alumni have enlisted for some form of war service.

Corporations must send lists of their stockholders to the government in a response to a call sent out by Secretary McAdoo, who is gathering statistics on available objects of war taxation.

Twenty-five regular non-commissioned officers from the Puget Sound forts left for San Francisco Monday to act as instructors at the California citizens' training camp.

Two companies of army engineers started work surveying the American lake prairie near Tacoma today for the new 70,000-acre military post.

The one battalion of Washington militia infantry remaining at Camp Maurice Thompson, American Lake, went to the range for target practice today.

San Francisco naval officials will utilize the co-operation of all merchant vessels in the hunt for submarines in the Pacific.

ANCHORAGE, Alaska, April 9.—One thousand men may join the colors from this port. A patriotic mass meeting was held yesterday afternoon, at which 300 volunteered their services.

Plymouth Congregational church, Sixth ave. and University st., will be offered to the government as a recruiting or Red Cross station. Rev. Hugh G. Ross announced to his congregation Sunday.

Nine officers and 180 bluejackets from Portland, members of the naval militia, passed thru Seattle Sunday afternoon on their way to the Puget Sound navy yard at Bremerton.

Wenatchee is recruiting a company of militia cavalry, and has started a campaign to gain 100 men for the navy.

Great Northern railway employees will get back their jobs, and retain their seniority and pension rights if they enlist for service, according to orders received by Local Agent George H. Adams.

Archie Cameron of Nome, Alaska, whose father, A. W. Cameron, took 609 Malamute dogs to France for war service, joined the navy here Sunday.

"America and the War" will be the subject of an address by Oliver H. Richardson, professor of history at the University of Washington, to be delivered at a municipal league meeting at the Washington Annex Tuesday noon.

Three captains and three sailors, taken from interned German ships at Astoria and Portland, have been brought to the U. S. detention station here. They are Captains Karl Krueger, W. A. Toennesen and Carl Brauch, and Seamen Carl Maumann, Otto Becher and George Denecke.

Pledges to support the war so "autocracies shall perish from the earth and peace and good will to all mankind shall reign supreme" were forwarded to the president in resolutions passed by the Central Council of Social Agencies Saturday.

Back from the front, suffering from wounds, Capt. W. H. Hayward, member of the first British Columbia regiment to sail for Europe and a member of the British Columbia parliament, will speak Monday night at the meeting of the British-American Relief association at the Press club theatre Monday night.

Every Seattle school opened Monday morning with a salute to the flag.

"Should the Negro Enlist in the Army?" This will be the subject of debate at the Methodist church for colored people on 14th ave. Thursday evening. E. R. Huggins will support the affirmative and Dr. Charles F. Maxwell, the negative.

"Bill" MacDonald, track captain at the university, now serving with the Second Infantry, slipped back to Seattle Saturday night long enough to marry Helen R. Bain, former classmate now teaching school at Decatur, Wash.

The general public will get a squirt at the Rainier club some time in May, when an entertainment will be staged there to raise funds for the National League for Women's Service.

Capt. C. A. Norton, veteran navigator of Anacortes, has wired Commandant R. E. Coontz, offering his services as a Coast defense reservist.

Six hundred men have been added to the Coast artillery militia contingents during the last two weeks. There are now 54 officers and 1,323 Coast artillery men in the state. When this branch reaches war strength, it will contain 1909 men.

Five Seattle shoe manufacturers, four canvas manufacturing companies and one complete clothing manufacturer have signified their readiness to accept war contracts.

Fred Snelzer, of the Second Infantry band, took a fife his uncle played in the civil war.

PORTLAND, April 9.—Oregon troops, wherever they go, will be followed by donations of Oregon apples, salmon, lo-

Can't Find Dandruff

Every bit of dandruff disappears after one or two applications of Danderrin rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderrin at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.

A Big Staff of Expert Dentists, Ready, Willing and ANXIOUS to Serve You

Dr. L. R. Clark

And every one of them is just as determined to please and satisfy as he would be if he owned this office himself.

Every member of this staff is an expert dentist—he had to be or he would not be affiliated with this organization. He has his own personal reputation to live up to as well as the reputation of this office. You may be sure that he will use his most expert skill to turn out the very finest piece of workmanship for you that he knows how.

Thus you can see just how thoroughly you are protected when you come to this office for your dental work.

We guarantee to do your work for you without hurting you a bit.

This is a pretty broad statement, we admit, but we can do it and we can prove that we can do it. We brought our system of painless dentistry to such a point of perfection that we are able to guarantee to perform the most difficult dental operations painlessly.

Your teeth are a matter of first importance to you. We feel absolutely certain that no person can enjoy their best health—that they cannot be anywhere near 100 per cent efficient if they have decayed teeth. Bad teeth cause many diseases with which in the past they were not charged. But modern science has found them out. It is now known that many cases of "rheumatism," stomach trouble, bad nerves, and even cases of spinal trouble are caused directly by decayed teeth and that the unpleasant symptoms disappear when the teeth are put into proper condition.

Are you going to allow such a condition to continue if you now have bad teeth?

It is the worst kind of bad business for yourself if you do. Remember, every operator in this office is a graduate, registered dentist, who has graduated from the best dental colleges and passed the examination of the state dental board. Every one of them has his certificate from the state dental board hanging right on the wall in front of his dental chair, in plain sight of all.

We offer you the services of these high grade men. We offer you the very best of materials. We offer you all these at the very lowest prices. Our low prices are made possible by the very large volume of business that we do. It stands to reason that we can afford to take a

smaller profit per patient than an office which does only one-half or one-third of the volume that we do can possibly afford to take.

We have one of the largest, finest and best equipped dental offices in the United States. We occupy the entire floor on which we are located. We have spared neither time nor expense to give the people of Seattle the very best. Sanitation is a hobby with us.

All operators and attendants are garbed in spotless white at all times. We also have the most complete and effective apparatus for sterilizing our instruments.

We guarantee all work that leaves this office with an ironclad guarantee, which is signed both by the operator who did the work and also by L. R. Clark, D. D. S., owner and manager of this office, who is thoroughly responsible.

We invite you to come in and let our experts give your teeth a thorough examination and also tell you just what it will cost to put them into perfect condition. This examination and estimate won't cost you a cent, nor put you under any obligation whatever.

If you have been figuring that it would cost you a lot of money to get your teeth fixed up and have been delaying it for that reason, you will have a pleasant surprise coming. Under our low price system it probably won't cost you anywhere near as much as you have thought it would. But we tell you one thing in all seriousness, no matter what it costs to have your teeth fixed up you certainly ought to have it done without delay. And this is the proper place to come to have it done.

Regal Dental Offices

DR. L. R. CLARK, Manager.

Diagonally across from the Postoffice. Be sure to get to the right place. In every respect Seattle's leading dentists.

ganberries, and strawberries, if a plane launched here today materializes.

Coast artillery recruiting officers signed up 30 men Sunday—the biggest day they've had.

"The parade and mass meeting was probably partly responsible for the stimulated interest," said Capt. Fred Hamilton. "But our stations ought to be packed from morning to night—we ought to get ten times more applications than we could handle."

Members of the Militia signal corps stepped out and got in touch with every radio operator in Seattle and enlisted 60 men over the week end. The result was that Company A has grown into a battalion. It was mustered in Sunday night.

Because the war department has announced a determination to accept no independently organized troops, the meeting of motorcyclists called at the Press Club hall for Thursday evening has been canceled.

There'll be no military training camp at American lake this summer.

Instead, a great training camp for the officers' reserve corps will be established in California.

Twenty members of the Physicians' Study club, after a banquet Saturday night, telegraphed a tender of their services to the council of national defense at Washington, D. C.

TRACY PROSECUTOR GETS RICE VOLLEY

If the strains of "Here Comes the Bride" had been admitted as evidence Monday morning, the case against Prosecutor Black would have been complete, and Judge Ronald's courtroom, where Thomas Tracy is on trial charged with the murder of Deputy Jefferson Beard, would have had all the salient features of a church where Hymen reigns supreme.

Black was married Friday. Monday the attorneys for both defense and prosecution purchased a bouquet of white carnations.

Black retired, when the presentation had been made, to the judge's chambers. When he returned, he found rice, pounds of it, scattered in his papers, between the leaves of the law tomes he is wont to consult, and even in his pockets.

Thereupon court took recess until, in the language of Judge Ronald, "the prosecutor could sufficiently recover to proceed with the case."

Levi Renick, an I. W. W., was the first witness on the stand. He added little or nothing new to the testimony already taken.

Ed Lovelley, who was aboard the launch Wanderer when she was met by Sheriff McRae and his men between Mukilteo and Everett some time in September, said that McRae had hit the men over the head with the barrel of his revolver because they did not move fast enough for him.

To Open Bids on 38 New Submarines

WASHINGTON, April 9.—Bids will be opened Wednesday for 38 submarines for the navy, it was officially announced today.

A GOOD WINTER HABIT

Many people dread winter because the sudden climatic changes bring colds, grippe, rheumatism, tonsillitis or bronchitis. But thousands of well-informed men and women today avoid much sickness for themselves and their children by taking a few bottles of Scott's Emulsion to make richer blood, fortify the membranes of the throat and chest and create body-heat to resist cold liver oil; it will also strengthen you.
