

### GERMANS HIT IN WAVES ON WEST FRONT

WAR SITUATION TODAY

WEST FRONT.—French combat German attacks successfully in Chemin Des Dames sector; artillery duels violent. British make infantry gains north of Lens.

ITALIAN FRONT.—Austrians continue to report capture of Italian trenches near Jamiano.

MACEDONIAN FRONT.—French and British attacks repulsed, Bulgarians claim.

No activity of importance on other fronts.

PARIS, June 6.—Extremely heavy losses were inflicted on two German assaulting waves which vainly sought to reach French lines near Hurtebise, the official statement declared.

"There was action during the night in the Chemin des Dames sector, and also, west, between the Attette and the Laon roads," the statement said. "The artillery struggle reached its most violent stage, especially, east of Vauxaillon, north of the Laffaux region, and around Braye-en-Laonnois. Near Hurtebise two German assaulting waves, which attempted to reach our line northeast of Monument, were thrown back to their starting point, losing very heavily."

MAKE SLIGHT GAIN

LONDON, June 6.—Field Marshal Haig swung his columns forward in renewal of the offensive on the West front today.

"North of the Scarpe we further progressed on the western slopes of Greenland hill," he reported. "West of Loos we gained ground slightly."

Greenland hill lies five miles south of Lens and close to Gavrelle. Douai, toward which the British have been thrusting in the whole offensive movement, is a scant five miles to the west.

Loos is just north of Lens, and the slight gain to the west reported by the British commander indicates progress of the enveloping movement around the coal city.

RETAKE LOST GROUND

VIENNA, via London, June 6.—Capture of an important portion of Italian trenches south of Jamiano, with 171 officers and 6,500 men, was announced in today's official statement. The ground regained was recently won by the Italians in their offensive.

BULGARIANS STAND FAST

SOFIA, June 6.—French and British troops are continuing their attacks on the Macedonian front, but are being repulsed, the war office claims.

### Men in Jail Ready to Go When Called

With the same stoicism with which they have repeatedly faced the police judge in the city court, 19 prisoners in the jail and stockade were registered by Chief Jailer G. E. McKnight Tuesday. They took the matter as indifferently as if their names were being written down on the blotter in the booking office.

Only three claimed exemptions. One of these was blind in the right eye, and the second, a longshoreman, has a mother solely dependent on him for support. He caused to be written on his card, "I do not believe in war." The third claimed "heart trouble."

Many occupations were represented by the prisoners when they signed up. There was a laborer, a coal trimmer, a bugler, a coal passer, a teamster, a boiler maker, a shingle saw filer, a cannery employe, a salesman, a fisherman, a longshoreman, and one engaged in mercantile marine. The bugler had been seven years' service in the American navy.

Only one was an alien enemy, and he was in jail for bootlegging. He signed a different name to his registration card than he had given at the booking office, but he claimed no exemption. He says he tried to enlist in the United States army the day he was arrested and that they wouldn't let him. Two of the men were colored, both British subjects from Jamaica.

Several had seen service in the United States army.

### Downtown Returns Show City's Growth

From returns brought in Wednesday, it was evident that the registration in downtown precincts was much heavier than had been anticipated.

"The returns show that either thousands of downtown men have failed to vote in the past," said Executive W. M. Whitney, of the Sixth district, downtown, "or that Seattle's new industries, especially the waterfront area, have attracted many outside men who now live in the hotels."

### Frisco Registration More Than Expected

SAN FRANCISCO, June 6.—Registration of conscriptible youths on the Pacific coast exceeded all estimates, according to incomplete returns available early today.

Shortage of registration cards and an unexpected rush to the polling places nearly swamped registrars in many cities on the Coast.

An unexpected rush of loggers into Weed and McCloud, two small northern California towns, quickly exhausted the registration blanks, and registration was completed on loose scraps of paper.

Idaho, Washington, Oregon, California and Arizona together should register 771,207 men, according to census estimates.

### Drivers Don't Like It

Nearly every one of the city's garbage wagon drivers claimed exemption on the ground that they "didn't like the war." Most of them are foreign born.

### She Gives 'Em Eats

Eighty young men who registered at the home of J. T. Handsaker, Precinct 133, were served with sandwiches and coffee by Mrs. Handsaker.

### Registers His Son

Former Senator S. H. Piles, registrar in Precinct 226, registered his own son, Ross Bernard Piles. The young man did not claim exemption.

### He Does His Duty

A man who registered in Precinct 85 claimed exemption on the ground that he had to support his mother-in-law.

### He Ought to Be Glad

At Precinct 88, on Queen Anne hill, one man insisted on filing a claim for exemption on the ground that he was heavily in debt.

### He Gets Son's Card

John H. Sargent, chief registrar in Precinct 87, received the absentee registration card of his son, Noel G. Sargent, a student in the University of Chicago, thru the mail, and made out and signed the return certificate.

### 10,000 RIOTERS ARE QUELLED IN PETROGRAD

BY ARTHUR E. MANN

United Press Staff Correspondent. STOCKHOLM, June 6.—Ten thousand socialists and laborers rioted in the royal square Tuesday afternoon when the premier of the lower house of parliament refused the election of the socialist leader, Branting, to the upper house.

A number were wounded by sabres wielded by police and soldiers. A big force of guards was hastily summoned to the palace and parliament buildings when the mob began giving indications of violence.

The parade had started as a peaceable demonstration, but when the crowd found its progress barred to the approaches to the palace and the parliament buildings, their temper changed. Stones were thrown at the police and soldiers and there were several clashes.

The guards, however, were strong enough to repel all attempts of the mob to rush the parliament buildings.

### TORNADOES KILL 9 IN THE WEST

KANSAS CITY, Mo., June 6.—Tornadoes running wild over Kansas and part of Missouri last night, claimed a toll of at least nine lives, according to meager reports coming in from the stricken districts.

Near Richmond, Mo., two women and a baby are dead and three negroes are expected to die from injuries.

Three more are reported dead at Centralia, Mo. The twisters were at their worst in Kansas. These were not confined to any district. One tornado started near Eskridge, in North-eastern Kansas, and cut a 40-mile swath. One man was killed at Elmont, Kan., and two farmers, Sherman Archer and Alonzo Andrews, were killed five miles from Topeka.

### Would Fight in U. S.

Fortunato Kalaper, 3825 17th ave., born in Austria, and his cousin, whose name and address are the same, insisted that the registrar in Precinct 173 insert in their registration cards the stipulation, "Will fight for United States in defense of country on United States soil." They have brothers and uncles in the Austrian army and say they will not fight against them.

### PAIR CHARGED WITH FIGHTING REGISTRATION

Charges of seditious conspiracy were filed against Claf Berlid, 33, 714 Union st., and Ed Peterson, 67, of Alki Point, Portland voted down three charters which proposed to change the present commission government, passed the anti-picketing ordinance by a very close margin, voted grain elevator bonds, enacted one measure which required a bond from jitneys, and killed another which would have given them free use of the streets.

Present returns show that Oregon passed the \$6,000,000 road bond bill.

They were held in the city jail on an open charge Tuesday night, following an alleged seditious literature Tuesday.

"Resist Conscription" stickers and a petition against compulsory service were found in the possession of the two men when they were arrested by City Detectives Humphries and McLennan, Tuesday afternoon.

Berlid had obtained four signatures and was endeavoring to obtain more in the Greenland pool-room, Fourth ave. and Pike st., when the detectives apprehended him.

The petition demands that congress submit the conscription law to a vote of the adult men and women of this country, pointing out

### BAKER WINS OUT AS PORTLAND MAYOR

PORTLAND, June 6.—Practically complete returns from every precinct in the city early today gave George L. Baker a plurality of 1,568 over Will H. Daly for mayor. The vote was: Baker 24,931, Daly 23, 264. A. L. Barbour and John M. Mann are elected commissioners, according to these same returns.

Portland voted down three charters which proposed to change the present commission government, passed the anti-picketing ordinance by a very close margin, voted grain elevator bonds, enacted one measure which required a bond from jitneys, and killed another which would have given them free use of the streets.

Present returns show that Oregon passed the \$6,000,000 road bond bill.

that a similar measure, when placed to the referendum in Australia, was defeated by an overwhelming majority. It declares that congressmen exempted themselves at the outset, and that this nation should practice the democracy it preaches.

Berlid is a Norwegian author who has been in this country 13 years. He claims the petition was sent to him from socialist headquarters in Chicago, and that he did not know it was illegal to circulate it. Both Berlid and Peterson are ardent socialists.

### CONVICTS' RIOT TO COST THEM HONOR SYSTEM

JOLIET, Ill., June 6.—The honor system at Joliet state prison will be abolished, it was believed today, as a result of yesterday's rioting, which resulted in the death of one convict, injury of a score of others and serious injury of two guards.

A. L. Bowen, acting warden, declared today the mutiny was due to the prisoners' receiving too much liberty. When they overstepped their privileges, he said, and an attempt was made to curb them, they rebelled.

Bowen charges that women, posing as welfare workers, had been visiting the prison freely and writing improper letters to the inmates. An order prohibiting any visitors except relatives, precipitated the trouble. The destruction of property resulting from five fires set by the convicts was placed at \$20,000.

An order prohibiting any visitors except relatives, precipitated the trouble. The destruction of property resulting from five fires set by the convicts was placed at \$20,000.

### How You May Change Your Face Completely

Any woman not satisfied with her complexion can easily remove it and have a new one. The thin veil of stifling half-dead cuticle is an embarrassment and should be removed to give the fresh, vigorous, young skin underneath a chance to show itself and to breathe. There's a simple, old-fashioned remedy which will always do the work. Get an ounce of pure, sterilized wax from your druggist and apply it at night like cold cream, washing it off in the morning. The wax will gently absorb all the lifeless skin and leave a healthy and beautiful complexion, as fresh as a child's. Naturally it takes with it all such facial blemishes as freckles, moth patches, sallowness, liver spots, pimples. It is pleasant to use, and economical. The face so treated soon looks years younger. To keep the skin free from wrinkles and furrows there's nothing quite so good as the old reliable sassafras lotion. It is only necessary to dissolve an ounce of powdered sassafras in a half pint of witch hazel and bathe the face in this as required. The result is instantaneous and wonderful, and there is no harmful effect whatever. —Advertisement.
