Carl Morris is poorest fighter we've seen— This glaring headline in a San Francisco paper started us in the face this morning as we opened an envelope from Jack Kearns.

Elizabeth Tucker, only girl manager of a boxer, declares that Brother Frankie was entitled to a draw with Eddie Campi the other night in their Tacoma bout.

The phrase "he pulled a Merkle" may be dropped from baseball's classic parlance to make room for a brand new bit of slang by substituting the name of Zim for that of the former Giant first baseman.

Heine Zimmerman's name certainly deserves to go down in baseball history as the only man who ever approached Merkle's famous bonedome play.

One of the famous boners of baseball was similar to Zim's. Connie Schreckengost, a slow-footed athletic catcher, chased a base runner clear around the bases without attempting to throw the ball.

Merkle added to his fame as an ivory merchant in the world series of 1912 by failing to go after a high foul which would have won the series for the Giants.

Another famous bone was pulled by John Anderson, who tried to steal second with the bases full, Red Faber duplicated this in the

TACOMA, Nov. 10.—This city will be treated to one of the biggest football games scheduled in the country this afternoon, when the crack team of United States Marines, from the Mare Island training station, tangles with the team representing the 91st division, Camp Lewis.

Both teams have left nothing undone as regards training. The Marines have had the advantage of the tutelage of Hugo Benzke, Oregon coach, as well as their own regular staff of handlers. Coach Weir, of the 91st division, said he was satisfied with the showing the soldiers made following their workout yesterday at the camp.

HOCKEY DATES SET

Staff Correspondent

VANCOUVER, B. C., Nov. 10.—Vancouver will open the Pacific Coast Hockey league season on Dec. 7 in Seattle, while Portland will play the Spokane team on the same date in the Inland Empire metropolis, according to the schedule drawn up here yesterday at a meeting of the league's officers.

The second half of the season will open with the same teams at the same cities on January 22. The play ends on March 5, with Seattle at Portland and Vancouver at Spokane. Each city will see 12 games.

President E. J. Bryan of the Portland team, is looking for a manager to handle the reins this year. Ed Savage is in business in Seattle and has turned down a contract for the 1917-18 season.

Broadway Wins Mix

Broadway, with a crippled lineup, defeated Queen Anne in yesterday's football melee at Dugdale park, 6 to 0. This put a jolt in the Quays' hope for a chance at the high school league championship.

BLACK BARRETT

That's what Eastern critics are saying about the wonderful gridiron machine developed by ex-Capt. Cupid Black, of Yale, among his comrades at arms at the Newport naval station.

Four members of Walter Camp's All-American team, two former All-Western men and other stars of scintillating brilliance make up the team.

The All-Americans are Black himself, who will play left guard and captain the outfit; Schlaechter, of Syracuse, who will play right guard; Gerrieh, of Dartmouth, a halfback, and Charley Barrett, the greatest backfield man ever produced at Cornell, will play the other half.

Other stars on the team are: Elwood, of Notre Dame, left end; Paisley, Michigan, left tackle; Callahan, center; Egan, right tackle; Green, Dartmouth, right end; Hite, Kentucky university, quarterback; Gardner, Nebraska, fullback.

The team likely will be coached with Yale tactics, as Walter Camp will be head coach, and will be assisted by Black, who last year was regarded as one of the smartest players in football.

Black was educated in the football school of Jimmie Sheldon and Tad Jones, and what he learned of these two gridiron geniuses he learned right.

A number of the men on this navy team were captains of their college teams before they joined government service, and in addition to having speed, strength and courage, the team will be replete with football brains.

There have, perhaps, been stronger teams organized—probably some of the all-star aggregations built up in the Ohio professional league have contained more stars, but those Ohio teams had scarcely any practice and were compelled to rely on individual play to win.

This Navy team, however, will build up a system of team work that will be hard to rival.

For that reason, perhaps, it is not amiss to call it the "greatest football team ever put on the field."

Carpentier Will Box in U. S. to Help Increase War Funds

Staff Correspondent LOS ANGELES, Nov. 10.—Richard Klieg, who promoted the John-Son-Willard fight at Havana and who managed Jack Johnson in Europe, is in America, arranging to bestow a unique Christmas present upon the fight fans of this country.

He plans to bring Georges Carpentier, famous French boxer, from his place in the sky over the Boche battle line to the United States to box in all of the important cities here.

He says he will have the European champion across the sea by Christmas.

"On the 16th of last May," says the celebrated promoter, "I left London for Paris to arrange with the French government for Carpentier's tour. I suggested to M. Ribot, minister of war, that he release Carpentier from the aviation corps long enough for the famous fighter to tour America, giving exhibition matches, the money thus raised to serve as a fund with which to purchase aeroplanes for the war. The minister approved of the plan, saying he would grant the boxer-aviator the necessary furlough, providing enough of America's leading athletic clubs would agree to promote the exhibition.

"I am now making arrangements with the foremost American athletic clubs. The greatest problem has been to overcome the professionalism of the French heavyweight. He feared at first that American athletic clubs would be afraid of hurting their amateur standings by arranging bouts for a professional. This obstacle, however, has been overcome by mutual consent of all clubs."

Klieg hopes through Carpentier's tour to raise enough money to build a fleet of 1,000 aeroplanes. "A fleet of 1,000 aeroplanes," he declares, "would change the complexion of this war over Europe. Practically everybody familiar with conditions at the

Hard Tests Today for Football Men

By United Press Leased Wire NEW YORK, Nov. 10.—Out of games to be produced this afternoon on many fields should arise the real contenders for national football honors this week. Unbeaten teams will face what appears to be their hardest tests of the season. In one contest an unbeaten eleven will battle the machine confidently expected by Easterners to pull thru the season with fullest honors.

The big game, so far as the East is concerned, will be at Pittsburgh, where Sol Metzger's powerful Washington-Jefferson team will battle Pittsburgh. Pittsburgh, while offering an attack and defense that has been good enough to win at all
