### FEED FIVE ON \$50 A MONTH

**U. S. Expert Tells How It Can Be Done**

**BY CAROLYN VANCE BELL.**  
WASHINGTON, D. C., April 1.—It takes a minimum of \$50 a month to provide a family of two adults and three children with sufficient nourishment, according to present prices, declared Miss Aubyn Chinn, food expert of the department of agriculture.

Intelligent buying, Miss Chinn declared, is the only salvation of the American housekeeper. "Since 1913," she said, "the cost of living has increased 58 per cent. The American people could well cut down their portion of meat, she said. It would be better if milk and cheese were partially substituted. European peasantry have very much better food habits than the American people, she declared. Witness their superior physique.

"How many American women," she asked, "could have taken men's places in the fields as French women did during the war?" Here is a plan for purchase of the necessary articles of diet for a week to feed five, as prepared by Miss Chinn, based on prevailing Washington prices:

Bread, 14 1/2 pounds..... \$ 1.16  
Butter, 2 pounds..... .30  
Milk, 21 quarts..... .378  
Eggs, 1 1/2 dozen..... .68  
Cereal, 4 pounds..... .48  
Tea-Coffee, 1 1/2 pounds..... .42  
Sugar, 4 1/2 pounds..... .48  
Meat, 4 pounds..... 1.76  
Potatoes, 16 pounds..... .65  
Vegetables, 15 pounds..... .45  
Fruits, 11 pounds..... .50

### BEAR MAKES HIMSELF AT HOME IN KITCHEN

**MOOSE LAKE, Minn., April 1.**—A cub bear, about 19 months old, caused much excitement when it walked into town and scratched at the back door of a restaurant. The cook thought it was the owner's dog. Her discovery that it was not began a series of activities in the kitchen which could have been equaled only by the bursting of a high explosive shell.

"I love to bake my own bread and cakes. Home-baked breads are so appetizing and fresh. My husband likes to eat what he knows I have made."

"Baking is a real pleasure when I use Rogers'. I have found it so dependable and economical."

Rogers' is the ideal leavener—the kind declared best by food authorities—a pure phosphate leavener, wholesome, efficient and economical—selling for 35 cents a full pound.

### Eggs Advance as Demand in Seattle Keeps Increasing

The California outdoor greens season seems to be well started now with shipments from the Southern state continuing regularly. A steamer, arriving Tuesday morning, brought the usual amount of radishes, lettuce, celery, and cauliflower. The first local hot house cucumbers of the season showed their faces on the street Tuesday morning and were snapped up readily at \$2.50 to \$3.50 a dozen. Several more days of pleasant weather will result in an increased amount of local greenstuffs on the street.

**A Wartime Recipe for Gray Hair**  
Gray, streaked or faded hair can be immediately made black, brown or light brown, whichever shade you desire, by the use of the following remedy that you can make at home. Merely get a box of Orlex powder at any drug store. It costs very little and no extras to buy. Dissolve it in 4 oz. of distilled or rain water and comb it through the hair. Directions for mixing and use come in each box. You need not hesitate to use Orlex, as a \$100.00 gold bond comes in each box guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal-tar products or their derivatives. It does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray haired person look twenty years younger.

### PACKERS FREED FROM CONTROL

**Wilson Nullifies Food Administration License System**

WASHINGTON, April 1.—All packers were released from federal control of the food administration license system by proclamation of President Wilson, effective today. The president signed the proclamation in Paris, the food administration announced here today. The proclamation provides "that all persons, firms, corporations, or associations, engaged in importing, manufacturing, including packing, storage or distributing fresh, canned or cured beef, pork, mutton or lard," have been released from license by the food administration. The president's proclamation removes all restrictions on margins of profits, which have been maintained during the war by the food administration. These restrictions were framed to allow only a 10 per cent profit to the packers on their turnover, and a 9 per cent profit on their total business. By means of the license system by which the packers' business in foodstuffs could be discontinued if the food administration, it was possible to prevent huge war profits. Complete co-operation, however, between the packers and the food administration continued throughout the war, officials said, and it was never necessary to use extraordinary powers of the license system in connection with many of the large concerns. Congressional authority for the license system was given in the Lever act. Besides restricting the margin of profits, this act provided that the license system the packers could be controlled in the following respect: Hoarding, unfair practices, extortionate charges, refusal to receive shipments except for good cause and wasteful practices. Food administration officials today stated that the president's proclamation, in their opinion, will have little effect on the food market, and will not bring increased prices.

# A Letter to Every Woman in Seattle

We want you to become a member of the Seattle Women's Committee for the Victory Liberty Loan.

Regardless of obstacles; regardless of our social plans and duties; regardless of the objections of our family; regardless of everything—it is our duty to do all that we can to make the Victory Liberty Loan a success. Every man, woman and child must get behind this Loan and make it the greatest feat America has yet accomplished.

We women are determined that, as far as we are concerned, and as far as Seattle is concerned, we are going to give every ounce of human effort that we possess to the work. Start now to talk about the Victory Liberty Loan, particularly about the need of its success. It is your duty to discourage those who say it cannot be done. It can be done, and we mean to do it. Talk about this letter among your friends. List them to work on our committee. If you can work outside of your home, offer us your service for work during this campaign. Every woman who can spare even the smallest part of her time for outside work must sign the enlistment blank at the bottom of the page and mail it to us at once.

As real Americans, let us show the world, particularly our boys just home from France, that, regardless of everything, the women of Seattle will go "over the top" for them and for our country.

The Treasury Department will present every "Liberty Loan Worker" with a medal made from captured German cannon.
