QUICK RELIEF FROM CONSTIPATION
Get Dr. Edwards' Olive Tablets
 That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and a calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—acid headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them, 3c and 25c per box. All druggists.

Miss Golden knows every angle of the motion picture business. She was born and reared in an atmosphere of theatricals. Her father, the late George Fuller Golden, was one of the greatest monologists this country has known. Both the stage and screen know Miss Golden as a player. For several years she was Harry Carey's leading woman, but she gave up her promising career as an actress to look after the star's business affairs.
