Mother Ryther Breaks Ground for New Home

BY BETTY BRAINERD
She always has given a bed to the footsore and weary woman and cheered her in her hour of trial and travail; the little waif she did not inquire the why and wherefore, but only obeyed the Master's bidding, "Suffer little children to come unto Me."

Who has not heard of Mother Ryther? For 37 years Mother Ryther has begged for her home, and today she rode at the head of a parade to break the ground which will enable her to do a more efficient work. She is on the verge of building a real home for the children she has collected, and a

place where they can be cared for and educated. Every one is helping her. At the head of the procession Wednesday rode Chief Wagon and Mayor Hanson. The officers composed of Mother Ryther, C. E. Bogardus and F. W. Keen followed the band, and then came the trustees, Mrs. Katherine Dowling, Mrs. J. L. Hall, Mrs. W. S. Matheson, S. M. Dodds, H. H. A. Hastings and W. W. Ladd. The Whitney Boys and the Brother Elks have done their share of boosting this cause, and they proudly displayed their banners.

THEATRES

PALACE HIP

"The Glad Hand," a comedy playlet, will be presented by Marietta Craig & Company in the new vaudeville program which opens Thursday at the Palace Hip. This little sketch is one of the season's best in its line and is said to be presented by an especially strong company.

One of the most varied trio acts of the past few months will be that of Tracy, Palmer & Tracy, in singing, dancing and piano eccentricities. In addition to singing and talking and piano stunts they will introduce all kinds of soft-shoe, acrobatic and eccentric dancing.

Sebastian Merrill & Company, America's pioneer cyclists, will enact an arabesque of military nonsense called "Tactics," presenting a conglomeration of mechanical and cycling effects.

Estelle Ramsey, "the gifted pianologist," will provide singing, piano playing and lively chatter.

The Zola Duo, a team of agile acrobatic artists, have a pantomime number called "Souze and Butler."

Bud McIntyre, in "Song Impersonations," formerly of eastern musical comedy, comes as a song and character impersonator.

Lindsey Talks on Industrial Unrest

Industrial unrest is caused to a great extent by lack of opportunity for advancement and display of initiative, and also by prejudices, according to Dr. E. H. Lindsey, president of the University of Idaho. Dr. Lindsey spoke at a luncheon given by the labor relations committee of the Chamber of Commerce, in the Army and Navy club Tuesday.

A wise man imagines that he is engaged in a game of flirtation until he wakes up and finds himself married.

Who Can Refuse?

"We'll Break the Ground" was the slogan of the Building Laborers' local, 242. "Going to Get a Line on the Building" was the carpenters' pledge, and down the line to the painters' sign of "When We're Thru You'll Be Proud of Us," the industrial unions all pledged their faith.

"Buy a Brick for Mother Ryther's Home" is the slogan in Seattle now. How can any one refuse? Surely not the father or mother of the boy or girl born to prosperity and propriety. Not the woman who has loved and lost flesh of her flesh.

Suffered and Sorrowed

Mother Ryther has suffered and sorrowed. She has worked day and night for the little children, who, but for her, would be motherless and forlorn. Help her, you people of Seattle. Give a shelter to the little lambs who have no folds to protect them from the storms of life, and, above all, show confidence in the woman who has stood with her back to the wall and her face to the cross, fighting for the lives of the babies and the souls of the mothers! The angel on the float showing Mother Ryther's Open Door to the Mother and Child typifies this woman's life.

Pope's universal hymn is as true today as it was when he wrote it, two centuries ago:

"Teach me to feel another's woe;
To hide the faults I see;
That mercy I to others show,
That mercy show to me."

It is a wonderful thing that today Mother Ryther can realize her dreams of life. Let no man or woman fail to help.

THREE CHURCHES MERGE INTO ONE

PITTSBURG, Pa., June 18.—What is said by church leaders to be the first real move toward church union in the United States, if not in the modern world, is being made here. Three church congregations of different denominations—Christian, Baptist and Presbyterian—each radically differing from the other in its doctrinal views, are planning to merge in one great congregation and build an interdenominational church. Every question in connection with the details of the merger has been agreed upon except baptism, and it is said that this would be amicably adjusted by making the method of baptism sprinkling or immersion optional with the individual or his sponsor.

Conner bought a Flemish heraldic tapestry for \$1,475, and a Flemish verdure tapestry for \$1,250.

Screamed the political catspaw when cornered like a rat in a trap and subjected to "third degree" methods.
How Blake conveniently "died" and reappeared in a totally different identity, realized how despicable had been his past career, and renounced all, forms the basis of this enthralling narrative.

CRIMSON IN CRITICAL VIEW OF FACULTY

BOSTON, Mass., June 18.—Admitting the charge that Harvard does not compare as an educational center with English universities, and also that the corporation is composed mainly of bankers, the Harvard Crimson declares that the hands of the men of wealth are tied by the faculty and overseers, and that the bankers serve only as "official rubber stamps." The backwardness of education is laid to an inefficient faculty lacking real scholars. And without money, the Crimson points out, the prestige of Harvard, even as it is, would not endure.

Gone Are the Days

Couriers on horse back were good enough in '61 but they gave place to dispatch bearers on motor cycles when Pershing flattened the St. Mihiel salient in forty-eight hours. Castor oil, salts, mineral waters, pills and such purgatives were good enough in their day. Today they are giving place to Nujol. Nujol is entirely different from drugs as it does not force or irritate the bowels. Nujol prevents stagnation by softening the food waste and encouraging the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning. It is absolutely harmless and pleasant. Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All druggists. Insist on Nujol. You may suffer from substitutes.
