### EUROPE AWAITS WAR IN SPRING

France Is Expecting Vast Bolshevik Conflict

EDITOR'S NOTE: Edwin W. Hullinger of the United Press Paris staff has just returned to the United States after many months spent in close touch with the French foreign office, which is keeping vigilant watch on the war preparations of Russia. In the following article, Hullinger tells what is going on today in Europe, where many officials believe a new war is brewing.

BY EDWIN W. HULLINGER  
NEW YORK, Jan. 25.—France expects a new war this spring.

Armies totaling between 2,500,000 and 3,000,000 men will be thrown against each other in a war between bolshevik Russia on the one hand and Rumania, Poland and other outpost states on the other, according to French military experts.

Despite denials of Rumanian diplomats, persons close to the Quai d'Orsay told me before I left Paris that Rumania was taking every military precaution.

GEN. PILSUDSKI EXPECTED IN PARIS

Gen. Pilsudski is expected in Paris as soon as his health permits, to consult members of the French general staff.

Poland promised France important economic concessions, notably oil in exchange for aid against Russia last year. France will keep Poland in a position to make good these pledges. France will help Poland, not with men, but with war material and brains. Poland's general staff is lacking in brains, but her main power is placed at 1,000,000. Rumania's effective total 600,000 and its army is far superior to that of Poland in equipment and training.

TROTSKY'S PLANS ANXIOUSLY AWAITED

Trotsky's new bolshevik war machine is a subject of considerable speculation throughout Europe. Here in America, where there is no thought of war, it is difficult to appreciate the anxiety with which foreign leaders are watching Russia. Trotsky, in the belief of the French, could put 1,000,000 men in the field without difficulty.

The political objective of the expected bolshevik push is to regain Russia's lost provinces from the Baltic to the Caucasus, including Bessarabia, Georgia, Lithuania, Lettonia, Estonia and parts of Poland.

### Toothache Demons Working Overtime

Why Let 'em Do It When Instant Relief Is at Hand.

"E-Z Tooth Filler" seems magical in its quick, certain stopping of the pain. You wouldn't believe that torture could give place to comfort so quickly, but you have to believe it when you're shown.

No matter how the pain bores and jumps and stabs and burns, a little of "E-Z Tooth Filler" in the cavity absolutely ERADS the toothache at once. It works so quickly that there is rarely any pain left by the time you get through putting "E-Z Tooth Filler" in the cavity.

"E-Z Tooth Filler" must not be confused with toothache drops, gum or wax, which bring only temporary relief. The most remarkable feature about "E-Z" is that it forms a filling, lasting often for weeks or months. Saves pain, time and dentists' bills.

"E-Z Tooth Filler" is for sale at your druggists at 30c a bottle, or sent direct upon receipt of price by the Chas. A. Bertram Drug Co., 347 1/2 Elston Ave., Chicago.

### GASOLINE PRICE DROPS 2 CENTS

CHICAGO, Jan. 25.—Gasoline hogganed for the first time since the war today, following the announcement of the Standard Oil company of Indiana, with offices here, of retail price reduction of two cents a gallon for gasoline and a three cent drop for kerosene.

The decline is due to reduction of crude oil from \$3.50 to \$3 a barrel.

# No Price "Adjusting"

WITH SO MUCH OF THE "PRICE REVISION" IN vogue, it is apparent that "revision" was needed and demanded by the public, and that to compel it, the public had refused to buy these price-inflated garments.

Our relations with the public were different. We had a very pleasing experience. During the times when these changes were demanded we enjoyed a greater volume of business than ever.

Tricolette Dresses, all sizes, \$16.

Duvetyn dresses, all sizes, \$16.

Silk Dresses, all sizes, \$16.

Serge Suits, braid trimmed, all sizes, \$16.

While our economy price of America's most popular garments remained at **\$16** we applied a constantly increasing style and quality improvement to them.

### Ours Was Progressive, Not Retrogressive Merchandising

In return for this we are today enjoying the greatest volume of business in our history—and at a profit, too. Though the profit on every individual sale is small, it is the volume that counts.
